Nevertheless there is equally strong evidence to the contrary At what epoch in the history of the world these cities were erected it would at present be idle to speculate The recent discovery of a buried city in the Panhandle region of Texas may throw some light upon this question and indeed upon the dark places of American arch ology as a whole In the case of the buried cities of Uxmal and Palenq e great antiquity is generally agreed upon Indeed one writer on the subject goes so far as to place their foundation at the beginning of the second Glacial Epoch
