[The English-American, His Travail by Sea and Land: or, A New Survey of the West-India's](#) Thomas Gage, 2019-12-18 In *The English American: His Travail by Sea and Land, or A New Survey of the West India's*, Thomas Gage presents a rich tapestry of travel literature that deftly blends personal narrative with detailed observations of the Caribbean and Central America during the early 17th century. Gage's vivid descriptions and engaging prose offer both scholarly insight and lively anecdotes, providing readers with an immersive experience of the diverse cultures, landscapes, and peoples encountered on his journey. Written amidst the context of burgeoning colonial interest in the Americas, the work captures the spirit of exploration and adventure typical of its time, while also highlighting the complexities of the colonial enterprise. Thomas Gage, an English Jesuit and traveler, spent a considerable part of his life in the Americas, profoundly impacting his worldview and informing his writings. His experiences not only made him a keen observer of the natural environment and social structures of the regions he visited but also instilled in him a deep respect for indigenous cultures that often went unheard in contemporary discourses. Gage's dual identity as both a religious figure and a traveler contributes a unique perspective to his observations, allowing him to critique the motivations behind colonial expansion. *The English American* is a must-read for anyone interested in early colonial narratives, travel literature, or the cultural dynamics of the 17th century. Gage's work serves as both a historical document and a

reflective analysis on the impact of European colonization making it essential for scholars and casual readers alike seeking to understand the complexities of the New World

**Ark of God** David Hatcher Childress, 2015-10-27 David Childress popular author and star of the History Channel's show *Ancient Aliens* takes us on an incredible journey in search of the truth about and science behind the fantastic Biblical artifact known as the Ark of the Covenant. This object made by Moses at Mount Sinai part wooden metal box and part golden statue had the power to create lightning to kill people and also to fly and lead people through the wilderness. Featured in such popular movies as *Raiders of the Lost Ark* by Lucas and Spielberg the Ark of the Covenant is probably the most mysterious object in the Old Testament. What was it? Was it an ancient electrical device? The Ark of the Covenant suddenly disappears from the Bible record and what happened to it is not mentioned. Was it hidden in the underground passages of King Solomon's temple and later discovered by the Knights Templar? Was it taken through Egypt to Ethiopia as many Coptic Christians believe? Childress looks into hidden history, astonishing ancient technology and a 3 000 year old mystery that continues to fascinate millions of people today.

*A Land As God Made It* James Horn, 2008-07-31 The definitive history of the Jamestown colony the crucible of American history. Although it was the first permanent English settlement in North America Jamestown is too often overlooked in the writing of American history. Founded thirteen years before the Mayflower sailed Jamestown's courageous settlers have been overshadowed ever since by the pilgrims of Plymouth. But as historian James Horn demonstrates in this vivid and meticulously researched account Jamestown not Plymouth was the true crucible of American history. Jamestown introduced slavery into English speaking North America it became the first of England's colonies to adopt a representative government and it was the site of the first white Indian clashes over territorial expansion. *A Land As God Made It* offers the definitive account of the colony that gave rise to America.

*Land of the Fallen Star Gods* J. S. Gordon, 2013-08-11 A radical reinterpretation of Egypt's ancient origins and its esoteric philosophy. Explains how the spontaneous appearance of Egyptian civilization 5 000 years ago represents the remnants of an ancient worldwide advanced culture. Explores astrophysical geophysical and anthropological evidence of forgotten civilizations beneath the Mediterranean and along the coast of northwestern Africa. Examines the mystical traditions and initiatory rituals of the ancient Egyptians and their sophisticated understanding of precession, human evolution and divine purpose. Radically reinterpreting the time line of prehistory J S Gordon shows that Egyptian civilization is 50 000 years older than acknowledged by Egyptology. He explores astrophysical cosmological geophysical linguistic and anthropological evidence to reveal forgotten civilizations hidden beneath the Mediterranean and along the coast of northwestern Africa. He explains how the spontaneous full fledged appearance of Egyptian and Sumerian civilizations 5 000 years ago represents not the birth of civilization but the remnants of an immensely ancient and sophisticated worldwide culture ranging from Tibet and China to Atlantis and the vastly larger continent of which it once was part. Examining the mystical traditions and initiatory rituals of the ancient Egyptians Gordon shows that they were not a culture obsessed with death and tombs but one

structured around cosmic knowledge with an astronomical competence that modern science has yet to attain He reveals their sophisticated understanding of the precession of the equinoxes and its inextricable connection to human evolution and divine purpose an understanding that could only have arisen from many millennia of high level observation Illustrating in detail the sacred geometry of the Great Pyramid and the Giza site Gordon explains how the coherence of Egyptian mystico scientific concepts and their art architecture and engineering reveals a mission to achieve a reflection of Heaven on Earth through the careful location orientation and stellar alignment of their temples He shows the Egyptian Mystery School and its scientific knowledge and universal spiritual philosophy to be a legacy left to the ancient Egyptians by the fallen star gods divine celestial beings who came to Earth long ago and founded the original now forgotten culture and who will return again with the turning of the Great Year     *Playing in the Mind of God* Jeffrey M.
