Time Out Miami and the Florida Keys Editors of Time Out,2013-07-23 The sixth edition of Time Out Miami and the Florida Keys is your VIP pass to this A list city Time Out s intrepid team of insiders has combed its beaches bars restaurants and secret spots to create the definitive guide to the fabulous surreal life of Miami All rumors of

this city being heaven's waiting room will be dispelled as Miami's vibrant youthful culture is exposed and explored We will shed light and not just a neon one on the evolution of what was once a sleepy beach town into one of the world's most glamorous spots New York Magazine, 1990-05-21 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Contemporary North American Film Directors* Yoram Allon, Del Cullen, Hannah Patterson, 2002 Encompassing the careers of up to 600 directors over 60 new to this edition working in the US and Canada today this volume is an invaluable reference for students researchers and enthusiasts of film and popular culture Each entry provides biographical information as well as insightful textual and thematic analysis of the director's work In comprehensively covering a wide range of film makers from more established mainstream luminaries such as Steven Spielberg Martin Scorsese Ridley Scott and Kathryn Bigelow through independent mavericks like Hal Hartley Atom Egoyan Jim Jarmusch and the Coen brothers to innovative emerging talents including Marc Forster *Monster's Ball* Todd Field *In the Bedroom* and David Gordon Green George Washington the shifting landscape of contemporary film making is brought into sharp focus Sur la 4e de couv High Concept Justin Wyatt, 2010-07-22 Steven Spielberg once said I like ideas especially movie ideas that you can hold in your hand If a person can tell me the idea in twenty five words or less it's going to make a pretty good movie Spielberg's comment embodies the essence of the high concept film which can be condensed into one simple sentence that inspires marketing campaigns lures audiences and separates success from failure at the box office This pioneering study explores the development and dominance of the high concept movie within commercial Hollywood filmmaking since the late 1970s Justin Wyatt describes how box office success always important in Hollywood became paramount in the era in which major film studios passed into the hands of media conglomerates concerned more with the economics of filmmaking than aesthetics In particular he shows how high concept films became fully integrated with their marketing so that a single phrase Just when you thought it was safe to go back in the water could sell the movie to studio executives and provide copy for massive advertising campaigns a single image or a theme song could instantly remind potential audience members of the movie and tie in merchandise could generate millions of dollars in additional income

The Last Butterflies Nick Haddad, 2021-04-13 A remarkable look at the rarest butterflies how global changes threaten their existence and how we can bring them back from near extinction Most of us have heard of such popular butterflies as the Monarch or Painted Lady But what about the Fender's Blue Or the St Francis Satyr Because of their extreme rarity these butterflies are not well known yet they are remarkable species with important lessons to teach us *The Last Butterflies* spotlights the rarest of these creatures some numbering no more than what can be held in one hand Drawing from his own

first hand experiences Nick Haddad explores the challenges of tracking these vanishing butterflies why they are disappearing and why they are worth saving He also provides startling insights into the effects of human activity and environmental change on the planet s biodiversity Weaving a vivid and personal narrative with ideas from ecology and conservation Haddad illustrates the race against time to reverse the decline of six butterfly species Many scientists mistakenly assume we fully understand butterflies natural histories Yet as with the Large Blue in England we too often know too little and the conservation consequences are dire Haddad argues that a hands off approach is not effective and that in many instances like for the Fender s Blue and Bay Checkerspot active and aggressive management is necessary With deliberate conservation rare butterflies can coexist with people inhabit urban fringes and in the case of the St Francis Satyr even reside on bomb ranges and military land Haddad shows that through the efforts to protect and restore butterflies we might learn how to successfully confront conservation issues for all animals and plants A moving account of extinction recovery and hope The Last Butterflies demonstrates the great value of these beautiful insects to science conservation and people

Understanding Imperiled Earth Todd J. Braje, 2024-03-05 A unique introduction to how understanding archaeology can support modern day sustainability efforts from restoring forested land to developing fire management strategies An essential and hopeful book for climate conscious readers The world faces an uncertain future with the rise of climate change biodiversity loss deforestation overfishing and other threats Understanding Imperiled Earth meets this uncertainty head on presenting archaeology and history as critical guides to addressing the modern environmental crisis Anthropologist Todd J Braje draws connections between deep history and today s hot button environmental news stories to reveal how the study of the ancient past can help build a more sustainable future The book covers a diverse array of interconnected issues including how modern humans have altered the natural world conservation work of Indigenous communities extinction of megafauna like dire wolves and woolly rhinoceros the risk of deforestation highlighted by Notre Dame s destruction the extinction crisis reflected by endangered bird species in Hawai i fish scarcity driving demand and price like the single blue fin tuna fish that sold for three million dollars importance of action archaeology Braje examines how historical roots offer a necessary baseline for a healthier Earth because understanding how the planet used to be is fundamental to creating effective restoration efforts moving forward through urban forests sustainable food webs and more Understanding Imperiled Earth offers an illuminating hopeful and actionable approach to some of the world s most urgent problems *Black Hibiscus* John Wharton
