S'Thembiso Msomi, 2016-07-01 Mr Maimane good evening to you and with the greatest of respect who are you This is how journalist Jeremy Maggs began his television interview with Mmusi Maimane in 2011 when he was unveiled as the Democratic Alliance's mayoral candidate for Johannesburg Since then the charismatic Maimane's rise from obscurity to leader of the DA in 2015 has been nothing short of meteoric His anointment as leader of the DA made history marking the completion of this political party's transformation from a white political party to one whose new leader shared similar experiences to those of the majority of voters Yet there are those even within the party who denounce Maimane as nothing more than a puppet dancing to the tune of former leader Helen Zille and Eastern Cape leader Athol Trollip So who is the real Maimane Experienced political reporter S'thembiso Msomi goes behind the scenes to examine how and why Maimane rose to head up the opposition party He delves into Maimane's formative years his time at the pulpit in the church and his family to bring substance to the man Msomi also examines Maimane's first year as head of the DA in the run up to the local government elections assessing how this young man has negotiated the often treacherous waters of political power Finally the author attempts to answer these burning questions is Maimane his own man and can he deliver the electorate that the DA so fervently desires **Harry Alan Towers** Dave Mann, 2014-11-03 Harry Alan Towers reputation rests upon a corpus of 95 low budget productions shot post haste in every corner of the globe He took an integral part however in the development of the protocols that now underpin much transnational film production and he must be regarded as a pioneer Towers slash and burn strategy focused on parasitic back to back productions funded by rights bundles that were pre sold globally This strategy was substantially derived from his early days in broadcasting wherein he acted as a go between in the American and the British Commonwealth markets Though he became adept at procuring funds from pariah regimes and black market economies primarily he continued to act as a broker bringing together American equity investment and European finance

under the auspices of EC co production agreements He was also quick to exploit the burgeoning niche markets becoming available in the wake of technological developments and government initiatives *Booker T.
