H. Gailey (Jr.), Nahum, Habakkuk, Haim Gilad, Haggai, Zechariah ben Solomon-Rofe, Malachi, 1967 **Haggai and Zechariah Research** Mark Boda, 2019-05-21 A review of the past century of research on the biblical books of the prophets Haggai and Zechariah with detailed analysis of the past two decades of key scholarly research and a classified bibliography of over 1200 studies The bibliography is helpfully arranged according to topic under more than 100 rubrics There is a full listing of available resources for study Altogether an extremely useful tool for all students and scholars of the Old Testament *The Literary Coherence of the Book of Micah* Kenneth H. Cuffey, 2015-02-26 The Literary Coherence of the Book of Micah puts forth a framework to understand the nature of literary coherence This enables an analysis of the sources and dimensions of the coherence found in the book of Micah by the primary scholarly proposals for understanding the structure and connectedness of the whole book Each of these proposals ultimately fails to account for all the features found in the text The author then explains a new reading of the final form of the text of Micah based on the placement of the references concerning the remnant A brief exposition of the text as a canonical whole indicates the flow and development in the final form of the book The framework formulated earlier provides a basis to evaluate the coherence that this understanding of the book of Micah uncovers and to show that this means of reading the canonical book best accounts for the greatest number of features in the text

Temple: An Examination of the Jewish Writings Dating from 586 BCE to 70 CE Eric W. Baker, 2015-06 This research aims to investigate the role or roles of the physical Jerusalem temple within the second temple Jewish writings in terms of whether the physical temple has any role to play in relation to the pivot point in eschatology The pivot point or fulcrum in time refers to the end of the exile and perhaps the beginning of the eschaton The exile may be theological but many second temple Jewish texts address the physical gathering of the children of Israel to the land of Israel i e from physical exile even if the text also addresses a theological exile thus making the return a complete ingathering of the children of Israel The passages of these ancient texts have been analysed before but never with this lens Looking to see if there is any role the Jerusalem Temple performs in expected eschatological events will at least allow an answer to be given which is better than never asking the question in the first place which has been the case until now This study produces results as the Jerusalem Temple has always been a place of great expectations
