Moore,2017-02-21 Pentecostalism is a movement that in a little over a century has encircled the globe and either directly or indirectly has impacted and influenced every quarter of Christendom At its heart the movement bears witness to a contemporary experience of divine human encounter in line with the prophetic claims of the Old Testament and the Pentecost testimony of the New indeed an encounter with the power the presence the Spirit of God that is radically transformative enough at both personal and corporate levels to evoke a new way of seeing the world and with it a new way of reading the Word In the post modern situation that has forced all of us to a greater awareness of the contextual particularities of how we see and read things with all of the limitation and the illumination that this can entail it is time for offering a survey of Scripture and the Old Testament in particular that speaks both from and to the manifold global context of Pentecostal faith and practice Here the authors are deft guides affirming the integration of academic scholarship and charismatic spirituality They present thoughtful readers with an overview of the Old Testament that is explicitly engaged with the faith and practice of the Pentecostal movement and the recent scholarship that has been generated by this contemporary global Christian movement especially as it bears upon biblical interpretation They invite readers to approach scripture reading with the expectation of being encountered and addressed by a Living Voice flipping the primary goal of biblical study from us interpreting Scripture to Scripture reading and interpreting us In addition to treating each Old Testament book individually this textbook offers a brief chapter length introduction to each of the four major book collections as standardized in the Protestant Bible s arrangement of Old Testament Scriptures 1 Pentateuch 2 Historical Books 3 Poetical Books and 4 Prophets      *Confirmation Lessons* ,1998      *Tell Me Your Name* Arthur E. Psychologists in different tributaries of the discipline have long been preoccupied with aspects of Justice but none previously has addressed the essential question raised in this book namely of justice being as vital to the essentials of life and to the flowering of the human spirit as other basic needs The same can be said for academics and practitioners in other disciplines in social science as well as those in mental health and psychiatry Although lawyers might come close to accepting the proposition it seems to me that in the main their professional expertise is directed to the superficial maintenance of systems of justice rather than to the underlying reasons for doing so This book arising from academic clinical empirical and theoretical studies goes the further mile by giving justice its proper place in the hierarchy of basic human needs It is designed in accord with a general systems theory in which contributions are welcomed from international scholars and researchers in different domains of knowledge Above all it is written in the hope of inducing others to share a commitment to justice and do their utmost to prevent injustice     New People ,2000     **The Ultimate Guide to Scripture Connections** Barrett Williams,ChatGPT,2025-08-27

John Merlin Powis Smith, William Hayes Ward, Julius August Bewer, 1911 **Prophets beyond Activism** Julia M. O'Brien, 2024-08-27 Prophets beyond Activism insightfully challenges the common progressive narrative that the prophets of ancient Israel were primarily concerned with social justice Instead it daringly offers more life giving ways of engaging the prophetic books for the causes of justice The assumption that the prophets of ancient Israel were primarily concerned with social justice so permeates the thinking and the discourse of progressive Christianity that it might be considered an interpretive orthodoxy For example progressives characterize prophets as those who speak truth to power and prophetic preaching as social critique Yet they often do so without explanation or consideration of alternative views In this volume Julia O'Brien challenges the notion that the prophets were solely concerned with the same issues as contemporary social justice movements Reading prophetic texts with an eye to their historical dimensions when they were written how they were edited complicates any definitive statement about the role of prophets in the past Reading alongside readers from diverse racial gender and other social locations in the present raises hard questions about whose justice these books actually promote Despite its self presentation as a scholarly and scientific viewpoint the prophets as social activists orthodoxy was constructed in a particular time and place and in its usage today perpetuates many of the problematic ideologies of its origins In response to these concerns O'Brien offers alternative readings of the prophets for the sake of justice Chapters explore the value of Amos and Micah for contemporary economic ethics the dynamics of inclusivity and exclusivity in Isaiah opportunities for reading Jeremiah as the voice of a community rather than a solitary figure and the limits of Second Isaiah's creation theology for addressing the climate crisis This is a wide ranging volume interweaving careful readings of biblical texts within their literary and historical contexts the history of prophetic interpretation and attentiveness to feminist womanist and postcolonial voices including engagement with contemporary thought such as trauma theory and intersectional analysis of the climate crisis Prophets beyond Activism calls readers to a more honest and humbler activism speaking in their own voices about the demands and possibilities of justice **A Critical and Exegetical Commentary on Micah, Zephaniah, Nahum, Habakkuk, Obadiah and Joel** John Merlin Powis Smith, 1912 **The Lutheran Church Quarterly**, 1928 **A Commentary on the Books of Amos, Hosea, and Micah** John Merlin Powis Smith, 1914 Social Justice in the Ancient

Defiant Prophets Hillel I. Millgram, 2022-04-27 This book examines the tales of three remarkable figures of the biblical world the tragic prophet Jeremiah and the two atypical prophets Jonah and Balaam Jeremiah was cursed from birth and condemned to a lifelong losing battle against national disaster Jonah was notorious for his connection with a whale whereas Balaam was best known as the owner of a talking donkey Yet these prophets servants of their deity are portrayed as rebels against their god This book contends that these tales beyond their intrinsic appeal as stories were written to serve as metaphors Although set in ancient times and in the exotic Near East the issues that underlie these gripping tales are not unfamiliar to modern times and Western lives These prophets represent everyman and these unusual dramas explore the phenomenon of revolt against restrictive conditions and against authority
