Subcommittee on Criminal Justice, 1984 **The Politics of Safety** Shannon King, 2023-11-28 For much of the twentieth and twenty first centuries public officials in cities like New York Chicago and Baltimore have criminalized uprisings as portending Black thugs throwing rocks at police and plundering private property to undermine complaints of police violence Liberal mayors like Fiorello H La Guardia have often been the deftest practitioners of this strategy As the Depression and wartime conditions spurred youth crime white New Yorkers anxieties about crime the movement of Black people into white neighborhoods and headlines featuring Black hoodlums emblazoned all over the white media drove their support for the expansion of police patrols in the city especially in Harlem and Bedford Stuyvesant Though Blacks also called for police protection and for La Guardia to provide equitable municipal resources they primarily received more punishment This set the stage for the Harlem uprising of 1943 Shannon King uncovers how Black activism for safety was a struggle against police brutality and crime highlighting how the police withholding protection operated as a form of police violence and an abridgement of their civil rights By decentering familiar narratives of riots King places Black activism against harm at the center of the Black freedom struggle revealing how Black neighborhoods became occupied territories in La Guardia s New York True Heroines William Wilbanks, 2000 Describes the circumstances and events which led to the 138 women law enforcement officers who died in the line of duty the identity of their perpetrator s and the deposition of the case with a biography and photo of each officer and their descendants Author Dr William Wilbanks carefully researched each case and unveiled the mystery of unsolved deaths *FBI National Academy* Randy W. Baumgardner, 2000 **Air University Library Index to Military Periodicals**, 1992 **The Italian Squad** Andrew Paul Mele, 2020-01-17 At the turn of the twentieth century thousands of Italian immigrants left their home country for the United States and particularly New York City A small minority of the immigrants were members of a criminal syndicate that largely victimized fellow immigrants The most common crime was a type of extortion known as Black Hand The methods of extortion were particularly violent and included kidnapping arson and murder The New York Police Department unable to speak the language and unaware of the traditions of the immigrants was virtually helpless in dealing with them In 1904 Italian American Lt Detective Joseph Petrosino formed a group of Italian detectives to deal

exclusively with the extortion crimes and the criminal underworld of Italian society in New York which had become known in the American press as The Black Hand Society This book tells the story of The Italian Squad from its inception through Petrosino s death to the squad s expansion into Queens and Brooklyn      **Patterns of Policing** David H. Bayley,1990 This study represents the culmination of almost twenty years of personal research on national police institutions The most concentrated effort was devoted to India Japan and the United States the results of which are available in other publications Preface      Congressional Record United States. Congress,2017      **Coast Guard** ,2004      **The Harlem Uprising** Christopher Hayes,2021-10-26 In July 1964 after a white police officer shot and killed an African American teenage boy unrest broke out in Harlem and then Bedford Stuyvesant Protests rose up to call for an end to police brutality and the unequal treatment of Black people in a city that viewed itself as liberal A week of upheaval ensued including looting and property damage as well as widespread police violence in what would be the first of the 1960s urban uprisings Christopher Hayes examines the causes and consequences of the uprisings from the city s history of racial segregation in education housing and employment to the ways in which the police both neglected and exploited Black neighborhoods While the national civil rights movement was securing substantial victories in the 1950s and 1960s Black New Yorkers saw little or uneven progress Faced with a lack of economic opportunities pervasive discrimination and worsening quality of life they felt a growing sense of disenchantment with the promises of city leaders Turning to the aftermath of the uprising Hayes demonstrates that the city s power structure continued its refusal to address structural racism In the most direct local outcome a broad interracial coalition of activists called for civilian review of complaints against the police The NYPD s rank and file fought this demand bitterly further inflaming racial tensions The story of the uprisings and what happened next reveals the white backlash against civil rights in the north and crystallizes the limits of liberalism Drawing on a range of archives this book provides a vivid portrait of postwar New York City a new perspective on the civil rights era and a timely analysis of deeply entrenched racial inequalities
