Vanishing British Columbia Michael Kluckner, 2011-11-01 The old buildings and historic places of British Columbia form a kind of roadside memory a tangible link with stories of settlement change and abandonment that reflect the great themes of our history With small towns declining and old rural properties changing so little of the history of these places has been recorded in museums or archives and so much of it may disappear as families disperse and memories dim More than a decade ago Michael Kluckner began painting these dots on his personal map of the province in a watercolour sketchbook In 1999 after he put a few of the sketches on his website a network of correspondents emerged that eventually led him to the family letters photo albums and memories all from a disappearing era of the province *Vanishing British Columbia* is a record of these places and the stories they tell It combines engaging and insightful historical commentary with over 160 of the author s original paintings It has an exceptional assortment of historic imagery including old postcards architectural plans and photographs The study of roadside memory demonstrates the visceral connection that people especially those who are part of the rural to urban diaspora of modern times have for the sites of their family memories On a grander scale this approach leads to a broader understanding of more abstract historical themes and of the province s history and culture It also presents a compelling argument for stewardship of regional history in the face of urbanization and globalization

Vanishing Vancouver Michael Kluckner, 2012 Award winning author and artist Michael Kluckner takes another look at a city where the only thing that doesn t seem to change is the rapid pace of development The original *Vanishing Vancouver* published in 1990 explored Vancouver s changing landscape by neighbourhood from the earliest dwellings to the aftershocks of Expo 86 Its light filled watercolors and well informed prose spoke to the concerns of rapid expansion versus historical conservation and it won the accolades of the City of Vancouver book award and the Duthie prize for BC book publishing Now on the 20th anniversary of that important book Kluckner

returns to tell the story of the last two and a half decades in this ever developing city Vanishing Vancouver The Last 25 Years explores the origins of our landmark buildings and public spaces our working harbour our shops houses apartments urban farms and gardens and bears witness to the recent dramatic changes that have taken place in them Many of these changes are the result of city planning policy initiatives that aim for eco density and being the greenest city and throughout the book Kluckner discusses the tensions that have arisen as a result and asks whether the price we are paying is too high Vanishing Vancouver The Last 25 Years is a compelling mix of historical narrative personal anecdote and expert local knowledge Illustrated with more than 200 new images the author s own watercolors and brush and ink drawings as well as archival and private photographs hand rendered maps vintage postcards advertisements and other ephemera this beautiful volume is essential and enjoyable reading for anyone interested in Vancouver s heritage architecture and history Its focus on Vancouver s architecture and current issues make it the perfect complement to Kluckner s Vancouver Remembered a complete history of the city

Vancouver Past: Essays in Social History Robert A. J. McDonald, Jean Barman, 1986-01-01 Focusing on Vancouver s social history the essays written for this special edition of BC Studies treat hitherto neglected areas of the city s past and bring new insights into how its residents lived and worked Receiving particular attention is the socio economic and residential structure of Vancouver with one author arguing that the city s economy created an urban working class which was at once more complex and politically more conservative than that of the highly polarized communities on Vancouver Island and in the Interior
