**Sects, Love, and Rock & Roll** Joel Heng Hartse, 2010-11-01 If this book moves I hope it moves in the way pop songs do There will be a lot of talk about songs but inasmuch as this is a book about listening to music it's also about how listening to music makes us who we are or at least about how it makes me who I am and so it is an exploration an idiosyncratic and opinionated and particular one of a self shaped by the oddly intersecting forces of the American evangelical Protestant church and the American popular music scene I don't mean for that to sound hoity toity if this were fifteen years ago I would say that this book was about Christian music and I would know exactly what I meant My purpose now is not only to talk about Christian music I am not here to explicate Christian music to explain why it exists and whether it is any good Instead think of what you're about to read as like an iPod playlist a collection of essays and thoughts on listening to music and having faith and how they have made me and a lot of people like me and maybe you Also there will be some jokes about Stryper
