## **Michel Foucault La Clarta De La Mort:**

*The Politics of Intimacy* Anna Durnova, 2018-07-23 Debates on the end of life controversy are complex because they seem to hijack national and cultural traditions Where previous books have focused on ideological grounds *The Politics of Intimacy* explores dying as the site where policies are negotiated and implemented Intimacy comprises the emotional experience of the end of life and how we acknowledge it or not through institutions This process shows that end of life controversy relies on the conflict between the individual and these institutions a relationship that is the cornerstone of Western liberal democracies Through interviews with mourners stakeholders and medical professionals examination of media debates in France and the Czech Republic Durnov shows that liberal institutions in their attempts to accommodate the emotional experience at the end of life ultimately fail She describes this deadlock as the politics of intimacy revealing that political institutions deploy power through collective acknowledgment of individual emotions but fail to maintain this recognition because of this same experience *Living and Dying in the Contemporary World* Veena Das, Clara Han, 2015-11-17 Taking a novel approach to the contradictory impulses of violence and care illness and healing this book radically shifts the way we think of the interrelations of institutions and experiences in a globalizing world *Living and Dying in the Contemporary World* is not just another reader in medical anthropology but a true tour de force a deep exploration of all that makes life unbearable and yet livable through the labor of ordinary people This book comprises forty four chapters by scholars whose ethnographic and historical work is conducted around the globe including South Asia East Asia Latin America Africa the Middle East Europe and the United States Bringing together the work of established scholars with the vibrant voices of younger scholars *Living and Dying in the Contemporary World* will appeal to anthropologists sociologists health scientists scholars of religion and all who are curious about how to relate to the rapidly changing institutions and experiences in an ever more connected world *Theory's Empire* Daphne Patai, Wilfrido Corral, 2005-04-20 Not too long ago literary theorists were writing about the death of the novel and the death of the author today many are talking about the death of Theory Theory as the many theoretical isms among them postcolonialism postmodernism and New Historicism are now known once seemed so exciting but has become ossified and insular This iconoclastic collection is an excellent companion to current anthologies of literary theory which have embraced an uncritical stance toward Theory and its practitioners Written by nearly fifty prominent scholars the essays in *Theory's Empire* question the ideas catchphrases and excesses that have let Theory congeal into a predictable orthodoxy More than just a critique however this collection provides readers with effective tools to redeem the study of literature restore reason to our intellectual life and redefine the role and place of Theory in the academy **Culture and Medicine** Rishi Goyal, Arden Hegele, 2022-10-20 Charting shared advances across the emerging fields of medical humanities and health humanities this book engages with the question of how biomedical knowledge is constructed negotiated and circulated as a cultural practice The volume is composed of a series of pathbreaking inter

disciplinary essays that bring sociocultural habits of mind and modes of thought to the study of medicine health and patients These juxtapositions create new forms of knowledge while emphasizing the vulnerability of human bodies anti essentialist approaches to biology a sensitivity to language and rhetoric and an attention to social justice These essays dissect the ways that cultural practices define the limits of health and the body from the body's place and trajectory in the world to how bodies relate to one another from questions about ageing and sex to what counts as health and illness Considering how these and other concepts are shaped by a negotiation between medico scientific knowledge and ways of knowing derived from other domains this book provides important new insights into how biomedical frameworks become settled forms for broader cultural understanding

*War Beyond the Battlefield* David Grondin, 2013-09-13 In an effort to make sense of war beyond the battlefield in studying the wars that were captured under the rubric of the War on Terror this special issue book seeks to explore the complex spatial relationships between war and the spaces that one is not used to thinking of as the battlefield It focuses on the conflicts that still animate the spaces and places where violence has been launched and that the war has not left untouched In focusing on war beyond the battlefield it is not that the battlefield as the place where war is waged has gone in smoke or has borne out of importance it is rather the case that the battlefield has been displaced redesigned reshaped and rethought through new spatializing practices of warfare These new spaces of war new in the sense that they are not traditionally thought of as spaces where war takes place or is brought to are television screens cellular phones and bandwidth George W Bush's ranch in Crawford Texas videogames popular culture sites news media blogs and so on These spaces of war beyond the battlefield are crucial to understanding what goes on the battlefield in Iraq Afghanistan or in other fronts of the War on Terror such as the homeland to understand how terror has globally been waged beyond the battlefield This book was originally published as a special issue of *Geopolitics*

*Cytomegalovirus* Hervé Guibert, 2015-10-01 By the time of his death Herve Guibert had become a singular literary voice on the impact of AIDS in France He was prolific His oeuvre contained some twenty novels including *To the Friend Who Did Not Save My Life* and *The Compassion Protocol* He was thirty six years old In *Cytomegalovirus* Guibert offers an autobiographical narrative of the everyday moments of his hospitalization because of complications of AIDS *Cytomegalovirus* is spare biting and anguished Guibert writes through the minutiae of living and of death as a quality of invention of melancholy of small victories in the face of greater threats at the moment when his sight and life is eclipsed This new edition includes an Introduction and Afterword contextualizing Guibert's work within the history of the AIDS pandemic its relevance in the contemporary moment and the importance of understanding the quotidian aspects of terminal illness

**The Ritual Use of Public Space in Renaissance Rome** Richard Joseph Ingersoll, 1985

**Frantz Fanon, Psychiatry and Politics** Nigel C. Gibson, Roberto Beneduce, 2017-09-25 The revolutionary and psychiatrist Frantz Fanon was a foundational figure in postcolonial and decolonial thought and practice yet his psychiatric

work still has only been studied peripherally That is in part because most of his psychiatric writings have remained untranslated With a focus on Fanon s key psychiatry texts Frantz Fanon Psychiatry and Politics considers Fanon s psychiatric writings as materials anticipating as well as accompanying Fanon s better known work written between 1952 and 1961 Black Skin White Masks A Dying Colonialism Toward the African Revolution The Wretched of the Earth Both clinical and political they draw on another notion of psychiatry that intersects history ethnology philosophy and psychoanalysis The authors argue that Fanon s work inaugurates a critical ethnopsychiatry based on a new concept of culture anchored to historical events particular situations and lived experience and on the relationship between the psychological and the cultural Thus Gibson and Beneduce contend that Fanon s psychiatric writings also express Fanon s wish as he puts it in The Wretched of the Earth to develop a new way of thinking not only for us but for humanity

Virginité Revisited Bonnie MacLachlan, Judith Fletcher, 2007-01-01 From Classical Antiquity to the present virginity has been closely allied with power as someone who chooses a life of celibacy retains mastery over his or her body Sexual potency withheld becomes an energy reservoir that can ensure independence and enhance self esteem but it can also be harnessed by public institutions and redirected for the common good This was the founding principle of the Vestal Virgins of Rome and later in the monastic orders of the middle ages Mythical accounts of goddesses and heroines who possessed the ability to recover their virginity after sexual experience demonstrate a belief that virginity is paradoxically connected both with social autonomy and the ability to serve the human community *Virginité Revisited* is a collection of essays that examines virginity not as a physical reality but as a cultural artefact By situating the topic of virginity within a range of historical moments and using a variety of methodologies *Virginité Revisited* illuminates how chastity provided a certain agency autonomy and power to women This is a study of the positive and negative features of sexual renunciation from ancient Greek divinities and mythical women in Rome s Vestal Virgins in the Christian martyrs and Mariology in the Medieval and early Modern period and in Grace Marks the heroine of Margaret Atwood s novel *Alias Grace*

*Identitat, literatura i llengua* Pilar Arnau i Segarra, 2006 Recull dels treballs presentats a la secció literària del Dinov Col·loqui Germano Catal de la Deutscher Katalanisten Verband que va tenir lloc a Col·lombia el juny de 2003 i que va estar dedicat al tema Normes i identitats Les diverses aportacions dels estudiosos durant el Col·loqui són una mostra de les fronteres que delimiten la identitat de la norma en la literatura catalana

*Rejoining the Common Reader* Clara Claiborne Park, 1991 *Rejoining the Common Reader* is suffused with the impulse that motivates Clara Claiborne Park s distinguished writing and teaching the desire to relate literature to the experience of its readers This humane balanced and entertaining book will appeal to anyone who longs to recapture the pleasure of reading for personal

**Hacia la pos/familia** Mariola Pietrak, 2018-11-11 Mariola Pietrak aborda un estudio exclusivamente literario orientado por la teoría sociocrítica sobre la familia como ente social y su transformación en la sociedad argentina desde la dictadura hasta nuestros días La selección de las obras analizadas de las autoras Marta Traba Matilde Sánchez Laura Alcoba Raquel Robles ngela Urondo Raboy Patricia Suárez y Florencia Abbate traza una dinámica singular de la unidad familiar argentina constantemente expuesta a la destrucción y el examen por las circunstancias políticas económicas históricas al tiempo que se resalta el valor del vínculo y la necesidad de familia Estas obras por diferentes que sean los períodos históricos del que procedan reafirman los lazos familiares aunque no necesariamente en la fórmula a la que nuestras sociedades están acostumbradas

Historia de la locura en la época clásica, I Foucault, Michel, 2021-10-01 La locura está hundida en el discurso de la experiencia histórica y en la tajante realidad de los hechos humanos Pero siempre eludida siempre inapreciable estalla y al mismo tiempo se cierra como una peligrosa transparencia bajo las líneas de fuerza de la razón dominante El sentido de la obra de Michel Foucault no descansa en el examen inocente del pasado clásico europeo en relación con la locura su efecto cultural no complace a ningún historicismo académico es una rigurosa puesta en cuestión de la simulación que suelen registrar con miedo y desenfado las vicisitudes dialécticas de la pareja razón sinrazón De El sobrino de Rameau diderotiano al perfil trágico de Antonin Artaud pasando por Nietzsche y Nerval toda una historia de la locura se erige y socava los presupuestos mismos del poder y la sabiduría occidentales Historia de la locura marca el corazón y los nervios de una civilización entera

**Michel Foucault: Biopolítica i governamentalitat** Ester Jordana Lluch, 2019-01-16 Les nocions de biopolítica i governamentalitat desenvolupades pel pensador francès Michel Foucault han estat fonamentals per obrir tot un camp d'anàlisi

dins la política contemporània Permeten copsar com les ciències humanes i jurídiques s'insereixen dins dels marcs polítics teixits des del liberalisme i el neoliberalisme constituint un conjunt d'estratgies dirigides a governar la població Són un seguit de tecnologies i racionalitats polítiques que tot i que hibriden estratgies de govern a diferents escales i actuen sobre fenòmens múltiples tenen com a marc com la gestió organitzativa i direcció de les nostres vides Sobre això tot un nou imaginari en relació a la magnitud política de la vida i de l'experiència on dimensions com la sexualitat la salut i la malaltia l'urbanisme o la higiene pública es revelen com eixos fonamentals de les formes de govern contemporànies

**O grande livro das bruxas e curandeiras** Clara Lemonnier,2024-12-14 Entre remédios e tratamentos alternativos as curandeiras sempre estiveram margem da medicina tradicional ligadas ao poder de ervas gestos e encantamentos capazes de enfrentar todo tipo de mal Tradicionalmente designadas ao cuidado do lar dedicaram suas vidas a de outros como forma de resistência As parteiras avulsas curandeiras cuidadoras e aprendizes foram expulsas e desacreditadas por autoridades eruditas políticas e religiosas desde a Antiguidade Este livro investiga a história delas lançando luz sobre práticas ancestrais e empréstimos de outras culturas que fazem parte do trabalho delas até o presente Ao mesmo tempo história da medicina e das mulheres de cura O grande livro das bruxas e curandeiras um mergulho impar em uma parte do passado que relegou e perseguiu mulheres em proveito de homens mas também uma narrativa sobre a perseverança do desejo de curar personificado pelas mais diversas mulheres

**Religion et sexualité à travers les âges** Guy Ménard,2017-12-13T00:00:00-05:00 Des siècles de civilisation occidentale nous ont habitués dissocier l'esprit et le corps le pur et l'impur l'esprit et la matière la religion et le sexe L'histoire est pourtant traversée de cultures qui ont entretenu un rapport beaucoup moins conflictuel entre ces réalités Certaines sont même allées jusqu'à faire du corps et de ses passions l'un des chemins privilégiés vers le divin Voilà ce qu'on explorera ici On le fera d'abord en observant comment les religions travers le temps et l'espace ont tenté de réguler la sexualité humaine Mais on verra aussi comment elles l'ont utilisée pour expliciter leurs croyances et leurs dogmes nourrir leurs symboles et leurs rituels d'inscrire leur expérience du sacré Un tel parcours ne nous confine pas aux ombres disparues du passé il permet de dégager des façons de penser et des types de comportements encore repérables dans le vécu de notre propre temps surtout le plus souvent notre insu Il se pourrait d'ailleurs que la quête des sens caractéristique de notre époque puisse maints regards se lire comme une véritable quête de sens et que celle-ci s'apparente plus qu'on le croit la quête religieuse d'une humanité plusieurs fois millénaire
