Over The Hump Airlift To China:

Over the Hump William J. Koenig, 1972 Beretter om luftbroen over the Hump hvor amerikanerne fl j forsyninger til Kina under 2 verdenskrig **Airlift** ,1985 *Flying the Hump* Otha Cleo Spencer, 1992 Forfatteren der i perioden 1941 1946 var amerikansk pilot beretter om de livsvigtige transportflyvninger der under 2 verdenskrig fandt sted med milit re forsyninger og personel fra Indien og Burma over Himalaya bjergene til Kina **Air Supply Operations In The China-Burma-India Theater Between 1942 And 1945** Major Adrian Rainier Byers, 2014-08-15 The USAAF responded to the requirement to keep China engaged against Japan by conducting two distinct air supply operations a tactical air supply mission to Burma and a strategic air supply effort over the Himalayas to China The tactical air supply effort to Burma supported offensive combat operations and the construction of the Ledo Road while the Hump airlift directly contributed to the American strategic objective Despite Stilwell s stubborn commitment to the Ledo Road as the main effort to supply the Chinese and to the necessary use of tactical air supply to support this and other ground operations in Burma the key contribution to the success of keeping China in the war against Japan was ultimately the strategic air supply missions over the Hump This thesis reviews how the operational airlift efforts within the CBI supported both efforts and examines the challenges processes and development of air supply The fundamental question associated with this effort concerns how the USAAF responded to seemingly competing air supply requirements in the CBI Theater in order to keep China in the war against Japan **Air Force Journal of Logistics** ,1990 **The Logistics of Waging War** Air Force Logistics Management Center, 1996 The High Road to Tokyo Bay Daniel Haulman, 1996-07 Focuses on the U S Army Air Forces tactical operations in Asia and the Pacific areas during World War II Examines the context of Allied strategy American air and naval operations and ground campaigns Subjects include the flying tigers and airlift save China Burma and China conflicts Iwo Jima and Okinawa the Philippines Rabaul land based air power vs Japanese shipping the invasion of Borneo and more Maps of battles and attacks Photos of ships and planes Suggested readings *Air Force Magazine* ,1991 *C-47/R4D Skytrain Units of the Pacific and CBI* David Isby, 2012-11-20 From Pearl Harbor to VJ Day the humble Douglas C 47 R4D carried out missions every bit as strategically important and as dramatic for the aircrew involved as those of the fighters and bombers in the vast Pacific CBI theatres The C 47 s wartime operations paved the way for post war military and civil air transport proving that aircraft could safely conduct routine flights from the USA Australia and India throughout the Pacific and South east Asia The flights also demonstrated how the USAAF was able to invest in and carry out a mission that it had barely prepared for in terms of doctrine pre war In addition to linking theatres the C 47 found itself in the vanguard of combat operations on virtually a daily basis in New Guinea Burma the Philippines the SWPA and China The importance of these missions and the dangers faced by crews tasked with carrying them out is chronicled in numerous first hand accounts from the aircrew involved in this unique volume on the Allies favourite transport aircraft of World War 2 **The Logistics of War..** , Skies of Thunder Caroline

as Zach Fredman uncovers in *The Tormented Alliance* a military alliance with the United States means a military occupation by the United States. The first book to draw on archives from all of the areas in China where U S forces deployed during the 1940s, it examines the formation, evolution, and undoing of the alliance between the United States and the Republic of China during World War II and the Chinese Civil War. Fredman reveals how each side brought to the alliance expectations that the other side was simply unable to meet, resulting in a tormented relationship across all levels of Sino American engagement. Entangled in larger struggles over race, gender, and nation, the U S military in China transformed itself into a widely loathed occupation force, an aggressive, resentful, emasculating source of physical danger and compromised sovereignty. After Japan's surrender and the spring 1946 withdrawal of Soviet forces from Manchuria, the U S occupation became the chief obstacle to consigning foreign imperialism in China irrevocably to the past. Chinese leader Chiang Kai shek lost his country in 1949, and the U S military presence contributed to his defeat. The occupation of China also cast a long shadow, establishing patterns that have followed the U S military elsewhere in Asia up to the present.
