radio tubes which now that the power was cut off no longer glowed with light beneath the quicksilver coatings on the thin glass Do you want me to go back there and do it over asked Ned I m willing if you say so and he started for the room he had just left a room wherein under the focused rays of a battery of powerful lights and close to a box containing a strange assortment of tubes and transmitters Ned had done his stunt which consisted of singing and dancing about on a small stage He performed alone there was no audience but the distant one of Tom Swift in his laboratory several hundred feet away
