Radical Ideas And The Schools:

Radical Ideas and the Schools Jack L. Nelson, Kenneth Carlson, Thomas E. Linton, 1972-01-01 **Thinking in School and Society** Francis Schrag, 2016-10-04 In this book first published in 1988 the author integrates relevant ideas from philosophy psychology sociology economics and political science to provide a comprehensive analysis of the problem of education for thinking Professor Schrag takes account of the classroom as well as the larger society and includes practical recommendations for creating new settings designed to enhance students thoughtfulness *Thinking About Schools* Aimee Howley, Craig Howley, 2012-11-12 As its title implies this book has a deceptively simple mission to prepare would be school leaders to draw upon a variety of theoretical perspectives when thinking about schools and schooling It shows how theories can function as cognitive tools to be mastered carefully stored in one s intellectual toolbox and used to interpret and resolve real world problems Beneath this goal lies the belief that the most effective leaders are those who are able to construct their own well grounded interpretations of events and their own responses to those events Key features of this exciting new text include the following Focus on Alternative Theories The functionalist theoretical views that have dominated administrator preparation programs for the last half century are reviewed early in the book and are shown to be inadequate to the task of understanding and coping with the complex realities of modern day schooling The remainder of the book presents alternative views of schooling that taken together can be thought of as a theoretical repertoire from which to construct interpretations and solutions to everyday real world problems Focus on Diversity Diversity is examined from a variety of viewpoints Chapter 6 looks at the cultural bases of leadership Chapter 7 at comparative and international contexts and Chapter 8 at gender and sexual orientation Illustrative Cases Each chapter contains a case with an embedded dilemma similar to those that real world administrators confront While illustrating the particular theoretical view presented in the chapter these cases are sufficiently complex that they lend themselves to interpretation by any of the other theories considered in the book This book is appropriate for graduate level courses with titles such as Organizational Theory Theory of School Leadership or Introduction to Educational Administration It might also be used as one of several texts in advanced courses on leadership theory

Competing Schools of Economic Thought Lefteris Tsoulfidis, 2024-08-01 This book presents a comprehensive overview of the development of various schools of economic thought Written for students of economics and anyone interested in the history of economics it introduces the economic thinking of major economists including Adam Smith David Ricardo Karl Marx and John Maynard Keynes and explains how classical economics and modern schools of economic thought evolved also in relation to the social conditions and real economic problems they were trying to address It covers topics such as the evolution of classical economics the marginal revolution the theory of capital and the Cambridge controversies Keynes s General Theory the neoclassical synthesis and the history of macroeconomics The author also reflects on the contemporary influence of various schools of economic thought and what answers they offer to present day problems The second edition is

completely updated and offers two new chapters one on the methodology of economics and another on economic growth The final chapter presents and critically evaluates developments in macroeconomics in the years after the Great Recession

John Holt Roland Meighan,2014-10-23 John Holt the American educator was passionate about the need for alternatives to traditional institutional schooling seeing schools as often hindering children from learning rather than helping them he became an important proponent of homeschooling or unschooling was a pioneer in youth rights theory and had a profound influence on school reform in particular and educational philosophy in general Here Roland Meighan challenges the often held notion that Holt s work was romantic and impractical within the context of compulsory schooling He brings together the work and thinking of John Holt into applicable theory for education students enabling readers to appreciate the view that individuals outside the education system can influence and change what is happening within it

Architecture of Schools: The New Learning Environments Mark Dudek,2012-09-10 This is the standard design guide on schools architecture providing vital information on school architecture Mark Dudek views school building design as a particularly specialised field encompassing ever changing educational theories the subtle spatial and psychological requirements of growing children and practical issues that are unique to these types of building He explores the functional requirements of individual spaces such as classrooms and shows how their incorporation within a single institution area are a defining characteristic of the effective educational environment Acoustics impact damage the functional differentiation of spaces such as classrooms music rooms craft activities and gymnasium within a single institution are all dealt with More esoteric factors such as the effects on behaviour of colour light surface texture and imagery are considered in addition to the more practical aspects of designing for comfort and health Chapter 4 comprises 20 case studies which address those issues important in the creation of modern school settings They are state of the art examples from all parts of the world These examples include Pokstown Down Primary Bournemouth Haute Vallee School Jersey Heinz Galinski School Berlin Anne Frank School Papendract Netherlands Seabird Island School British Columbia and The Little Village Academy Chicago
