Radical Left And American Foreign Policy:

The Radical Left and American Foreign Policy Robert W. Tucker, Washington Center of Foreign Policy Research, 1971
American Foreign Policy Glenn P. Hastedt, 2017-02-01 Glenn Hastedt's clear and succinct introduction to the field prepares students to think about America's changing role in the world and to develop the critical thinking skills needed to participate in the debate about the conduct and content of American foreign policy. He begins by asking: What do we mean by foreign policy and what is the national interest? Next, Hastedt looks to the past and examines the defining experiences that have helped to shape American foreign policy today. Third, he looks at how American foreign policy is made in the current hyperpartisan political climate. Here, Hastedt examines the various institutions and how they come together to make policy as well as the policy instruments available to decision makers. And finally, he encourages students to wonder: What's next? The eleventh edition reflects the latest headlines, including more extensive discussions of hybrid warfare, cyber wars, drones, and an assessment of Obama's foreign policy. There are new case studies on ISIS, authorization of force, resolutions, women in combat, the climate agreement, the Iran nuclear agreement, Obama's opening to Cuba, and the future of COIN. And new Historical Lessons boxes feature the War Powers Act, the integration of the military, the Kyoto Agreement, NAFTA, and Afghanistan. This book is accompanied by a learning package designed to enhance the experience of both instructors and students. **Test Bank** The Test Bank includes a variety of test questions and is available in either Word, PDF, or Respondus formats. For every chapter in the text, the Test Bank includes a complete test with a variety of question types, including multiple choice, true/false, and essay formats. Our Test Bank is most flexibly used in Respondus test authoring software, which is available in two forms. Check with your university to see if you have a site license to the full program, Respondus 4.0, which offers the option to upload your tests to any of the most popular course management systems, such as Blackboard. If you don't have a Respondus license or do not care about having your tests in a course management system, you can use our test bank file in Respondus LE. The LE program is free and can be used to automate the process of creating tests in print format. Visit the Respondus Test Bank Network to download the test bank for either Respondus 4.0 or Respondus LE. If you prefer to use our Test Bank in Word or PDF, please Sign In if you are a registered user or Register, then email us at textbooks@rowman.com. **Companion Website** Accompanying the text is an open access Companion Website designed to reinforce the main topics. For each chapter, flash cards and self-study quizzes help students master the information they learn in the classroom. Students can access the Companion Website from their computer or mobile device at textbooks.rowman.com/hastedt11e.

Encyclopedia of American Foreign Policy Glenn P. Hastedt, 2014-05-14 Presents an A to Z reference guide that examines United States foreign policy. **Vietnam Trauma in American Foreign Policy** Alan R. Beals, 2019-06-18 This study of ten fateful decisions made on Indochina between 1961-75 highlights the ascent of the civilian militarists and of strategy over diplomacy in United States policymaking and reveals the inexorably interlinked and escalating character of the decisions and

the central purpose of American presidents not to have to face the expected domestic political consequences of defeat in Indochina. As a result we were led into a prolonged stalemate in which acting and the management of programs became a more important preoccupation than thinking about our purposes and values in which analysis became wholly subjective and therefore defective and in which decision making occurred in a closed system which did not allow for divergent inputs.

George Kennan and the Dilemmas of US Foreign Policy David Mayers, 1990-04-12 One of a select group of American foreign service officers to receive specialized training on the Soviet Union in the late 1920s and early 1930s George Frost Kennan eventually became the American government's chief expert on Soviet affairs during the height of the Cold War. Drawing upon a wealth of original research David Mayers' fascinating life of George Kennan examines his high level participation in foreign policy making and interprets his political and philosophical development within a historical framework. Mayers presents an engaging and lucid account of Kennan's training his rise to prominence during the late 1940s and his policy failures and his later roles as critic of America's external policy advocate of détente with the Soviet Union and proponent of nuclear arms limitation. Mayers also explores Kennan's complicated relationships with such important political figures and analysts as Dean Acheson John Foster Dulles and Walter Lippmann. [American Foreign Policy Current Documents](#), 1988

Imperialism Intervention and Development Andrew Mack, David Plant, Ursula Doyle, 2018-11-09 Originally published in 1979 Imperialism Intervention and Development provides an introduction to key issues in international politics in the post World War II era. The emphasis is on conflict particularly the confrontation between East and West and the contention between rich industrialised nations and the poor developing nations. The book debates the causes of Western intervention expansion and counter revolution in the Third World and the consequences of that intervention for economic development. The spectrum and depth of the articles is both comprehensive and varied including examples of mainstream academic perspectives on the issues examined incorporating many of the radical critiques of these mainstream approaches. Other more basic material presupposing little prior knowledge in the field is also included.

[Remembering the Road to World War Two](#) Patrick Finney, 2010-09-13 This is comparative history on a grand scale skilfully analysing complex national debates and drawing major conclusions without ever losing the necessary nuances of interpretation. Stefan Berger University of Manchester UK Remembering the Road to World War Two is a broad and comparative international survey of the historiography of the origins of the Second World War. It explores how in the case of each of the major combatant countries historical writing on the origins of the Second World War has been inextricably entwined with debates over national identity and collective memory. Spanning seven case studies the Soviet Union Germany Italy France Great Britain the United States and Japan Patrick Finney proposes a fresh approach to the politics of historiography. This provocative volume discusses the political cultural disciplinary and archival factors which have contributed to the evolving construction of historical interpretations. It analyses the complex and multi faceted relationships

between texts about the origins of the war the negotiation of conceptions of national identity and unfolding processes of war remembrance Offering an innovative perspective on international history and enriching the literature on collective memory this book will prove fascinating reading for all students of the Second World War Decisions at Yalta Russell D. Buhite,2004-12-09 This ebook is now available from Bloomsbury Academic Bloomsbury Academic publish acclaimed resources for undergraduate and postgraduate courses as well as the general reader across a broad range of subjects including Archaeology Art Visual Culture Biblical Studies Business Management Drama Performance Studies Economics Education Film Media History Linguistics Literary Studies Music Sound Studies Philosophy Politics International Relations Psychology Religious Studies Social Work Social Welfare Sociology Study Skills Theology and Wellbeing Health Lifestyle Visit bloomsbury com for more information A Companion to Harry S. Truman Daniel S. Margolies,2012-07-30 With contributions from the most accomplished scholars in the field this fascinating companion to one of America s pivotal presidents assesses Harry S Truman as a historical figure politician president and strategist Assembles many of the top historians in their fields who assess critical aspects of the Truman presidency Provides new approaches to the historiography of Truman and his policies Features a variety of historiographic methodologies Perception and Misperception in International Politics Robert Jervis,2017-05-02 Since its original publication in 1976 Perception and Misperception in International Politics has become a landmark book in its field hailed by the New York Times as the seminal statement of principles underlying political psychology This new edition includes an extensive preface by the author reflecting on the book s lasting impact and legacy particularly in the application of cognitive psychology to political decision making and brings that analysis up to date by discussing the relevant psychological research over the past forty years Jervis describes the process of perception for example how decision makers learn from history and then explores common forms of misperception such as overestimating one s influence He then tests his ideas through a number of important events in international relations from nineteenth and twentieth century European history Perception and Misperception in International Politics is essential for understanding international relations today American Foreign Policy ,1983 US Foreign Policy in the Twenty-First Century J. Martin Rochester,2018-05-04 The issues raised by the Iraq War are symptomatic of larger phenomena that will continue to preoccupy American foreign policy makers well into the twenty first century The war on terror the proliferation of weapons of mass destruction humanitarian intervention and a litany of other concerns on the foreign policy agenda pose complex dilemmas for which there are no simple answers Through lucid lively analysis as well as multiple illustrations and case studies US Foreign Policy in the Twenty First Century explores the difficult choices that confront the United States today in a complicated and often dangerous post Cold War environment Author J Martin Rochester engages students in an intelligent examination of American foreign policy past present and future involving them in critical thinking about how foreign policy is made what factors affect foreign policy decisions and behavior and how one might go about not only

describing and explaining foreign policy but also evaluating it and prescribing solutions When Presidents Lie Eric Alterman, 2005-10 Assesses the impact of governmental and presidential lies on American culture revealing how such lies become ever more complex and how such deception creates problems far more serious than those lied about in the beginning

Cold War US Foreign Policy Steven Hurst, 2019-07-31 This book provides the first comprehensive description and critique of the six most important historical interpretations of US Cold War foreign policy Traditionalism Revisionism Post Revisionism Corporatism World Systems Theory and Post Structuralism The author uses the levels of analysis approach to demonstrate how each of these perspectives can be understood as an explanatory framework combining different types of factors located at different levels of the international system This original way of explaining the work of the historians discussed helps the reader to see past the narrative and empirical elements of their writings and to grasp more clearly the underlying theoretical assumptions In each chapter a description of the perspective s underlying theoretical framework and how it explains US foreign policy is followed by a critique of that theory and explanation A central theme developed throughout the book is the difficulty of managing the constant tension between the explanatory power of theory and the historian s desire to encompass the complex totality of historical events This critical companion can be read alongside the works of the historians themselves showing how they have sought to explain US Cold War foreign policy and the key differences between their perspectives Key Features 1st complete discussion of the 6 schools of thought in one volume Discusses current issues such as corporatism world systems theory and post structuralism in an accessible manner original use of the levels of analysis framework in studying this subject demonstrates in practical terms how each theory explains US Cold War foreign policy The Uncomfortable Pew Bruce Douville, 2021-05-20 In The Uncomfortable Pew Bruce Douville explores the relationship between Christianity and the New Left in English Canada from 1959 to 1975 Focusing primarily on Toronto he examines the impact that left wing student radicalism had on Canada s largest Christian denominations and the role that Christianity played in shaping Canada s New Left Based on extensive archival research and oral interviews this study reconstructs the social and intellectual worlds of young radicals who saw themselves as part of both the church and the revolution Douville looks at major communities of faith and action including the Student Christian Movement Kairos and the Latin American Working Group and explains what made these and other groups effective incubators for left wing student activism He also sheds light on Canada s Roman Catholic Anglican and United churches and the ways that progressive older Christians engaged with radical youth and the issues that concerned them including the Vietnam War anti imperialism around the globe women s liberation and gay liberation Challenging the idea that the New Left was atheistic and secular The Uncomfortable Pew reveals that many young activists began their careers in student Christian organizations and these religious and social movements deeply influenced each other While the era was one of crisis and decline for leading Canadian churches Douville shows how Christianity retained an important measure of influence during a period of radical social

change **In the National Interest** Benjamin Frankel,1990 This reader contains a sample of the best essays published in the foreign policy quarterly The National Interest during its first four years The period covered by this volume was a critical one for American foreign policy It represented a recovery of confidence after the uncertainty and self laceration of the 1960s and 1970s But it was also a period when dramatic events in the communist world raised fundamental questions about the ending of the Cold War and about prevailing American foreign policy The essays in this volume examine the basic and enduring questions of international politics and the national security of the United States These and related issues are discussed in the reader by leading American policymakers academics and commentators Co published with The National Interest International Order And Foreign Policy Friedrich V. Kratochwil,2019-03-04 The author develops a new perspective for the study of problems of international order by drawing on and integrating insights from game theory social psychology hermeneutics and language philosophy His case study is the rise and demise of the Cold War This newly developed approach not only allows a critical evaluation of the contending argumen **The Atlantic Alliance Under Stress** David M. Andrews,2005-07-21 Can the political institutions of the transatlantic alliance endure the demise of the Soviet enemy Did the Iraq crisis of 2002 3 signal the final demise of the Atlantic partnership If so what are the likely consequences In this book a distinguished group of political scientists and historians from Europe and the United States tackle these questions The book examines the causes and consequences of the crisis in Atlantic relations that accompanied the invasion of Iraq in March 2003 The authors collective focus is not on the war itself or how it was conducted or even the situation in Iraq either before or after the conflict Instead the crisis over Iraq is the starting point for an examination of transatlantic relations and specifically the Atlantic alliance an examination that is cross national in scope and multi disciplinary in approach American Foreign Relations Walter L. Hixson,2015-10-08 American Foreign Relations A New Diplomatic History is a compelling narrative history of American foreign policy from the early settlement of North America to the present In addition to economic and strategic motives Walter L Hixson integrates key cultural factors including race gender and religion into the story of American foreign policy He demonstrates how these factors played a vital role in shaping the actions of the United States in world affairs Beginning with the history of warfare and diplomacy between indigenous peoples and Europeans before the establishment of the United States this book shows the formative influence of settler colonialism on the country s later foreign policy and the growth of American empire Clearly written and comprehensive the book features Extensive illustrations with over 100 images and maps Primary documents in each chapter showcasing the perspectives of historical actors Interpreting the Past features that explore how historians understanding of events has changed over time Selected bibliographies of key resources for further research in each chapter In one concise volume American Foreign Relations covers the full sweep of American foreign policy from the colonial period to the present day It is an essential introduction for anyone seeking to understand the history of America s role in the world
