Wenaus,2022-08-01 This book offers an examination of Jeff Noon s iconoclastic debut novel Vurt 1993 In this first book length study of the novel which includes an extended interview with Noon Wenaus considers how Vurt complicates the process of literary canonization its constructivist relationship to genre its violent and oneiric setting of Manchester its use of the Orphic myth as an archetype for the practice of literary collage and musical remix and how the structural paradoxes of chaos and fractal geometry inform the novel s content form and theme Finally Wenaus makes the case for Vurt s ongoing relevance in the 21st century an era increasingly characterized by neuro totalitarianism psychopolitics and digital surveillance With Vurt Noon begins his project of rupturing feedback loops of control by breaking narrative habits and embracing the contingent and unpredictable An inventive energetic and heartbreaking novel Vurt is also an optimistic and heartfelt call for artists to actively create open futures
