Rebecca Gransden, 2015-02-24 A young girl emerges from the woods Meanwhile David is in the middle of wrestling with an unsatisfactory existence When a chance encounter brings them together he decides to look out for the girl but he soon discovers she may not be all she seems Together they decide to seek out a place of safety away from a world that could misunderstand their relationship As their troubles come to the surface events take a turn that will have life changing consequences for both of them **The Pennine Way - the Path, the People, the Journey** Andrew McCloy, 2016-07-31 This book presents a portrait of the Pennine Way Britain's oldest and best known long distance footpath tracing its remarkable history through the experiences of walkers past and present As Andrew McCloy walks the 268 mile route from the Derbyshire Peak District to the Scottish borders he discovers how the Pennine Way set a benchmark for personal challenge and adventure and how reconnecting with wild places and the unhurried rhythm of the long walk continue to provide a much needed antidote to our busy modern age The resilience of the long distance walker is mirrored in the path's fascinating history the initial struggle for access battles to tame the bogs later challenges of path erosion and the fluctuating circumstances of the rural hostel Above all else however this is a book about Pennine Way people from crusading ramblers to resourceful B & B landladies hard working rangers to fanatical trail walkers Their conversations and memories are woven into the narrative to give an account of the changing fortunes of the path and its special significance Personal thoughtful and often humorous The Pennine Way the Path the People the Journey is an exploration of our desire for challenge and adventure the stimulation of wild places and how a long journey on foot through our own country still resonates today It will appeal to people who have walked or are preparing to walk the Pennine Way as well as to those with an interest in the history and legacy of this iconic path **Claim on the Countryside** Harvey Taylor, 2019-08-08 Charts the history of the outdoor movement from its late Victorian origins to its present status **Ethical Chic** Fran Hawthorne, 2012-06-19 How popular companies like Apple and Trader Joe's project a hip progressive image and whether we should believe them Consumers are told that when they put on an American Apparel t shirt leggings jeans gold bra or other item they look hot Not only do they look good but they can also feel good because they

are helping US workers earn a decent wage never mind that some of those female workers have accused their boss of sexual harassment And when shoppers put on a pair of Timberlands they feel fashionable and as green as the pine forest they might trek through that is until they re reminded that this green company is in the business of killing cows But surely even the pickiest most organic most politically correct buyers can feel virtuous about purchasing a tube of Tom s toothpaste right After all with its natural ingredients that have never been tested on animals this company has a forty year history of being run by a nice couple from Maine well ahem until it was recently bought out by Colgate It s difficult to define what makes a company hip and also ethical but some companies seem to have hit that magic bull s eye In this age of consumer activism pinpoint marketing and immediate information consumers demand everything from the coffee computer or toothpaste they buy They want an affordable reliable product manufactured by a company that doesn t pollute saves energy treats its workers well and doesn t hurt animals oh and that makes them feel cool when they use it Companies would love to have that kind of reputation and a handful seem to have achieved it But do they deserve their haloes Can a company make a profit doing so And how can consumers avoid being tricked by phony marketing In *Ethical Chic* award winning author Fran Hawthorne uses her business investigative skills to analyze six favorites Apple Starbucks Trader Joe s American Apparel Timberland and Tom s of Maine She attends a Macworld conference and walks on the factory floors of American Apparel She visits the wooded headquarters of Timberland speaks to consumers who drive thirty miles to get their pretzels and plantains from Trader Joe s and confronts the founders of Tom s of Maine More than a how to guide for daily dilemmas and ethical business practices *Ethical Chic* is a blinders off and nuanced look at the mixed bag of values on sale at companies that project a seemingly progressive image
