Regional Cults And Rural Traditions:

Regional Cults and Rural Traditions Rebati Mohan Sarkar, 1986 This book is a significant contribution to a much known but less studied subject in the domain of social sciences Dr R M Sarkar a well known anthropological researcher based on his empirical findings has analysed the way of life of rural people through the study of village cults and village deities The region of study covers a large territory extending from the border regions of Birbhum and Santal Parganas districts and include some parts of Burdwan in West Bengal and is mainly inhabited by the Bagdi Mal Lohar Dom Bauri Mochi Hadi communities and other higher castes of the greater Hindu society The author has traced the origin from history and mythology of the five principal village deities viz Chandi Manasa Dharmaraj Mahadana and Kali and have systematically analysed their patterns of propitiations feasts and festivals to illustrate various aspects of life of village folk inter alia presenting a large number of rural traditions myths and popular beliefs details of numerous rites and rituals right from the starting of the puja festival up to the ceremonial immersion of the deities In nutshell the village deities emerge as mechanism for maintaining social solidarity and cultural harmony and cut across high and low segments such as Jal chal Castes from which water can be accepted Jal achal Castes from which water cannot be accepted Chhut Touchables and Achhut Untouchables This interesting work would arouse interest in scholars and researchers of Social Anthropology Indology Sociology Folklore Philosophy and Religion New Sub-Religious Sects and Hinduism H.P. Adhikary, 2003 Criminal Gods and Demon Devotees Alf Hiltebeitel, 1989-09-21 The Hindu sacred order is guarded by the very gods who violate it and the demons who oppose it This book is a who's who of such transgressive figures both familiar and unfamiliar showing their place within the Hindu order that they violate It is also a reflection of the serious scholarly debate over the nature and composition of this Hindu order The chapters range from pan Hindu deities such as Bhairava and Virabhadra to guardian gods of specific regions and lineages and of different goddess cults Chapters cover violent themes in Shaivite hagiography the position of Brahmins in relation to cultic carnivorous guardian heroes in folk epic the deified dead the royal mythology of a criminal caste and a wide ranging overview of transgressive sacrality **The Cult of Draupadi, Volume 2** Alf Hiltebeitel, 1988 This is the first volume of a projected three volume work on the little known South Indian folk cult of the goddess Draupadi and on the classical epic the Mahabharata that the cult brings to life in mythic ritual and dramatic forms Draupadi the chief heroine of the Sanskrit Mahabharata takes on many unexpected guises in her Tamil cult but her dimensions as a folk goddess remain rooted in a rich interpretive vision of the great epic By examining the ways that the cult of Draupadi commingles traditions about the goddess and the epic Alf Hiltebeitel shows the cult to be singularly representative of the inner tensions and working dynamics of popular devotional Hinduism **Historical Dictionary of the Bengalis** Kunal Chakrabarti, Shubhra Chakrabarti, 2013-08-22 The Bengali Bangla speaking people are located in the northeastern part of South Asia particularly in Bangladesh and two states of India West Bengal and Tripura There are almost

246 million Bengalis at present which makes them the fifth largest speech community in the world. Despite political and social divisions they share a common literary and musical culture and several habits of daily existence which impart to them a distinct identity. The Bengalis are known for their political consciousness and cultural accomplishments. The Historical Dictionary of the Bengalis provides an overview of the Bengalis across the world from the earliest Chalcolithic cultures to the present. This is done through a chronology, an introductory essay and an extensive bibliography. The dictionary section has over 750 cross-referenced dictionary entries on politicians, educators and entrepreneurs, leaders of religious and secular institutions, writers, painters, actors and other cultural figures and more generally on the economy, education, political parties, religions, women and minorities, literature, art and architecture, music, cinema and other major sectors. This book is an excellent access point for students, researchers and anyone wanting to know more about the Bengalis. The Study of Hinduism Arvind Sharma, 2003. In this text, leading scholars from around the world take stock of two centuries of international intellectual investment in Hinduism. Since the early 19th century when the scholarly investigation of Hinduism began to take shape as a modern academic discipline, Hindu studies has evolved from its concentration on description and analysis to an emphasis on understanding Hindu traditions in the context of the religion's own values, concepts and history. Offering an assessment of the current state of Hindu studies, the contributors to this volume identify past achievements and chart the course for what remains to be accomplished in the field. *Ibss: Anthropology: 1986* International Committee for Social Science Information and Documentation, 1990. Exploring the folk religion of India and the role of girls and women within it, author June McDaniel focuses on the brata vrata ritual in which moral lessons are taught and goddesses are revealed. Bratas are performed to gain such goals as a healthy family, a good husband and a happy life. They are also performed so that the performers develop such virtues as devotion, humility and compassion. This book presents data from fieldwork along with brata stories, songs, poems and ritual activities. It discusses Bengali folk religion, offers an example of ritual worship in folk Hinduism and surveys a variety of bratas. The author analyzes the similarities and differences among these rituals in low-caste village life and in high-caste Hindu tradition and notes that the development of these rituals involves a form of continuing divine revelation with women as the primary transmitters. Bratas act to maintain traditional Hindu values but also emphasize the power of women whose virtues can save their husbands from hell, worlds and their families from disasters. *Making Kantha, Making Home* Pika Ghosh, 2020-07-15. In Bengal, mothers swaddle their infants and cover their beds in colorful textiles that are passed down through generations. They create these kanthas from layers of soft recycled fabric strengthened with running stitches and use them as shawls, covers and seating mats. *Making Kantha, Making Home* explores the social worlds shaped by the Bengali kantha that survive from the nineteenth

and early twentieth centuries In the first study of colonial period women s embroidery that situates these objects historically and socially Pika Ghosh brings technique and aesthetic choices into discussion with iconography and regional culture Ghosh uses ethnographic and archival research inscriptions and images to locate embroiderers work within domestic networks and to show how imagery from poetry drama prints and watercolors expresses kantha artists visual literacy Affinities with older textile practices include the region s lucrative maritime trade in embroideries with Europe Africa and China This appraisal of individual objects alongside the people and stories behind the objects creation elevates kantha beyond consideration as mere handcraft to recognition as art

Offering Flowers, Feeding Skulls June McDaniel, 2004-08-05 The Indian state of West Bengal is home to one of the world s most vibrant traditions of goddess worship The year s biggest holidays are devoted to the goddesses Durga and Kali with lavish rituals decorated statues fireworks and parades In *Offering Flowers Feeding Skulls* June McDaniel provides a broad accessibly written overview of Bengali goddess worship McDaniel identifies three major forms of goddess worship and examines each through its myths folklore songs rituals sacred texts and practitioners In the folk tribal strand which is found in rural areas local tribal goddesses are worshipped alongside Hindu goddesses with an emphasis on possession healing and animism The tantric yogic strand focuses on ritual meditation and visualization as ways of experiencing the power of the goddess directly The devotional or bhakti strand which is the most popular form involves the intense love and worship of a particular form of the goddess McDaniel traces these strands through Bengali culture and explores how they are interwoven with each other as well as with other forms of Hinduism She also discusses how these practices have been reinterpreted in the West where goddess worship has gained the values of sexual freedom and psychological healing but lost its emphases on devotion and asceticism *Offering Flowers Feeding Skulls* takes the reader inside the lives of practicing Shaktas including holy women hymn singers philosophers visionaries gurus ascetics healers musicians and businessmen and offers vivid descriptions of their rituals practices and daily lives Drawing on years of fieldwork and extensive research McDaniel paints a rich expansive portrait of this fascinating religious tradition
