Regional Fictions Culture And Identity In Nineteenth Century American Literature:

Regional Fictions Stephanie Foote, 2001-03-29 Out of many one e pluribus unum is the motto of the American nation and it sums up neatly the paradox that Stephanie Foote so deftly identifies in *Regional Fictions* Regionalism the genre that ostensibly challenges or offers an alternative to nationalism in fact characterizes and perhaps even defines the American sense of nationhood In particular Foote argues that the colorful local characters dialects and accents that marked regionalist novels and short stories of the late nineteenth century were key to the genre's conversion of seemingly dangerous political differences such as those posed by disaffected Midwestern farmers or recalcitrant foreign nationals into appealing cultural differences She asserts that many of the most treasured beliefs about the value of local identities still held in the United States today are traceable to the discourses of this regional fiction and she illustrates her contentions with insightful examinations of the work of Sarah Orne Jewett Hamlin Garland Gertrude Atherton George Washington Cable Jacob Riis and others Broadening the definitions of regional writing and its imaginative territory *Regional Fictions* moves beyond literary criticism to comment on the ideology of national local ethnic and racial identity

American Women's Regionalist Fiction Monika Elbert, Rita Bode, 2021-01-04 American Women s Regionalist Fiction Mapping the Gothic seeks to redress the monolithic vision of American Gothic by analyzing the various sectional or regional attempts to Gothicize what is most claustrophobic or peculiar about local history Since women writers were often relegated to inferior status it is especially compelling to look at women from the Gothic perspective The regionalist Gothic develops along the line of difference and not unity thus emphasizing regional peculiarities or a sense of superiority in terms of regional history natural landscapes immigrant customs folk tales or idiosyncratic ways The essays study the uncanny or the haunting quality of the commonplace as Hawthorne would have it in his introduction to The House of the Seven Gables in regionalist Gothic fiction by a wide range of women writers between ca 1850 and 1930 This collection seeks to examine how if the regionalist perspective is small limited and stultifying and leads to Gothic moments or whether the intersection between local and national leads to a clash that is jarring and Gothic in nature

Letter and the Spirit of Nineteenth-Century American Literature Thomas Loebel, 2005 Moving back to the trial of Anne Hutchinson in Puritan Massachusetts and the captivity narrative of Mary Rowlandson in order to analyse the political signification Loebel provides a new context for examining the politically performative function of language in such texts as The Scarlet Letter Uncle Tom s Cabin and Waiting for the Verdict He also argues however that a specific theologic logic manifests itself in the political rhetoric of the nation such that the afterlife of the New Jerusalem resonates not just in the Blessings of Liberty enshrined in the Constitution but also in the shift from a religious understanding of union with Jesus to that of the Union of States as a nation theorising representation as a political theological legal and literary issue that has continued currency both in twentieth century literature and in the political discourse of America s global vision such as the axis of evil and the new world order Anyone interested in American literature and culture will view the relationship between ethics and justice differently after reading this book

Handbook of the American Novel of the Nineteenth Century Christine Gerhardt, 2018-06-11. This handbook offers students and researchers a compact introduction to the nineteenth century American novel in the light of current debates, theoretical concepts, and critical methodologies. The volume turns to the nineteenth century as a formative era in American literary history, a time that saw both the rise of the novel as a genre and the emergence of an independent confident American culture. A broad range of concise essays by European and American scholars demonstrates how some of America's most well-known and influential novels responded to and participated in the radical transformations that characterized American culture between the early republic and the age of imperial expansion. Part I consists of 7 systematic essays on key historical and critical frameworks including debates about race and citizenship, transnationalism, environmentalism, and print culture, as well as sentimentalism, romance, and the gothic, realism, and naturalism. Part II provides 22 essays on individual novels, each combining an introduction to relevant cultural contexts with a fresh close reading and the discussion of critical perspectives shaped by literary and cultural theory.

Community Boundaries and Border Crossings Kristen Lillvis, Robert Miltner, Molly Fuller, 2016-12-21. Globalization and transnationalism have reshaped our communities and their borderlines. Communities exceed fixed boundaries existing instead in the liminal spaces where narratives intersect, clash, or cooperate. These liminal spaces, physical and virtual, local and global, provide opportunities for diversifying discussions on diaspora, cultural hybridity, and ethnic identity. Ethnic women writers make significant contributions to this dialogue regarding the reconfiguration of people and their perimeters. A multigenre and multicultural text, *Community Boundaries and Border Crossings* explores the novels, short stories, essays, autobiographies, testimonios, plays, poems, and hybrid poetics of established and emerging ethnic women writers. This collection of critical essays highlights the new zones of cultural contact and exchange that are defining the twenty-first century. Each chapter reflects an awareness of cultural changes and challenges, engaging readers in a richly productive conversation concerning the interconnectedness of border crossings and community boundaries.
