Regional Integration In Africa Unfinished Agenda:

Regional Integration in Africa Peter Anyang' Nyong'o, 1990 **Sovereignty as Responsibility** Francis M.

Deng, Sadikiel Kimaro, Terrence Lyons, 2010-12-01 The authors assert that sovereignty can no longer be seen as a protection against interference but as a charge of responsibility where the state is accountable to both domestic and external constituencies In internal conflicts in Africa sovereign states have often failed to take responsibility for their own citizens welfare and for the humanitarian consequences of conflict leaving the victims with no assistance This book shows how that responsibility can be exercised by states over their own population and by other states in assistance to their fellow sovereigns Sovereignty as Responsibility presents a framework that should guide both national governments and the international community in discharging their respective responsibilities Broad principles are developed by examining identity as a potential source of conflict governance as a matter of managing conflict and economics as a policy field for deterring conflict Considering conflict management political stability economic development and social welfare as functions of governance the authors develop strategies guidelines and roles for its responsible exercise Some African governments such as South Africa in the 1990s and Ghana since 1980 have demonstrated impressive gains against these standards while others such as Rwanda Somalia Liberia Nigeria and Sudan have failed Opportunities for making sovereignty more responsible and improving the management of conflicts are examined at the regional and international levels The lessons from the mixed successes of regional conflict management actions such as the West African intervention in Liberia the East African mediation in Sudan and international efforts to urge talks to end the conflict in Angola indicate friends and neighbors outside the state in conflict have important roles to play in increasing sovereign responsibility Approaching conflict management from the perspective of the responsibilities of sovereignt *Africa in World Politics* Guy Martin, 2002 This book examines the key aspects of Africa s external relations and reviews the various political security and economic strategies through which independent African states have tried to enhance their power and status in the world The author analyses the ideology of Eurafrica as well as Europe s evolving relationship with Africa while also assessing the prospects for African regional integration in the context of Pan Africanism **Pan Africanism, Regional Integration and Development in Africa**

Samuel Ojo Oloruntoba, 2020-03-10 This edited volume addresses the accomplishments prospects and challenges of regional integration processes on the African continent Since regional integration is a process that ebbs and flows according to a wide range of variables such as changing political and economic conditions implications and factors derived from the vagaries of migration and climate change it is crucial to be cognizant with how these variables impact regional integration initiatives The contributors discuss the debates on Pan Africanism and linking it with ongoing discourses and policies on regional integration in Africa Other aspects of the book contain some of the most important topic issues such as migration border management and the sustainable development goals This content offers readers fresh and innovative perspectives on various

Globalized Africa: Political, Social and Economic Impact A. Ninsin, 2012-12-27 Is globalization beneficial to Africa Does it open infinite opportunities for economic growth

Kenya but are also home to Africa s most conflict prone and volatile states the Democratic Republic of the Congo DRC

Burundi South Sudan Somalia and Lesotho Providing a detailed overview of the current relationship between these power blocs this book provides insight into the current state of diplomatic and economic relations within Africa and shows how far

there is to go for a future of Pan Africanism

Regional Integration, Identity & Citizenship in the Greater Horn of

Africa Kidane Mengisteab, Redie Bereketeab, 2012 Examines how regional integration can resolve the crises of the Greater Horn of Africa exploring how it can be used as a mechanism for conflict resolution promoting the economy and tackling

issues of identity and citizenship The Greater Horn of Africa GHA is engulfed by three interrelated crises various inter state wars civil wars and inter communal conflicts an economic crisis manifested in widespread debilitating poverty chronic food

insecurity and famines and environmental degradation that is ravaging the region While it is apparent that the countries of the region are unlikely to be able to deal with the crises individually there is consensus that their chances of doing so

improve markedly with collective regional action The contributors to this volume address the need for regional integration in the GHA They identify those factors that can foster integration such as the proper management of equitable citizenship rights

as well as examining those that impede it including the region s largely ineffective integration scheme IGAD and explore how the former can be strengthened and the latter transformed explain how regional integration can mitigate the conflicts and

examine how integration can help to energise the region s economy Kidane Mengisteab is Professor of African Studies and

Political Science at Penn State University Redie Bereketeab is a researcher at the Nordic Africa Institute Sweden

Flexible Regional Economic Integration in Africa Timothy Masiko, 2022-04-21 This book examines the relationship between flexible regional economic integration in the East African Community EAC through its application of variable geometry and the establishment of the African Continental Free Trade Area AfCFTA as a continent wide form of integration It uses a historical political legal and economic analysis of the processes that led to the adoption of flexible regional integration in Africa with particular regard to the EAC This takes place in the inescapable context of pan Africanism showing how regional integration efforts in Africa are based on pan Africanist ideals and how an evolution of these ideals has led to an evolution in the goals of integration With growing awareness of the weaknesses and impracticality of consensus based decision making on a global level it makes the case for the pursuit of flexibility in multilateral trade drawing lessons from the experience of the AfCFTA and blocs in other regions This book is a historical evaluation of regional economic integration efforts in Africa and it follows the path of attempts to integrate the economies on the continent from colonial times to the birth of the AfCFTA While it is a study in law it relies heavily on politics economics and history to weave together a more complete theory of economic integration based on the African experience Flexible Regional Economic Integration in Africa was awarded the 2020 SIEL Hart Prize in International Economic Law *Prospects for Regional Integration in Africa* Andreas Freytag, Abena D. Oduro, African integration has had a long history dating back to the end of colonization in the 1960s It has generated enormous interest in recent years not least because the continent has recently taken some bold steps to integrate further such as the Tripartite Free Trade Area or the creation of the African Continental Free Trade Area AfCFTA With this book we offer an innovative perspective on African integration By inviting mostly young African scholars from different disciplines in the social sciences and humanities we make African voices audible and start a discussion of the African integration efforts from an African perspective using novel criteria to judge different African integration attempts In addition to the younger generation s representatives we also invited scholars from Europe and Latin America to bring other continents perspectives to the fore
