Delaware in Vintage Postcards Ellen Rendle, Constance J. Cooper, 2001-08-06 If a picture is worth a thousand words then the 200 historic views in Delaware in Vintage Postcards provide eloquent commentary on the First State in the early part of the twentieth century. Capturing the era between 1905 and 1925 this charming retrospective takes readers on a journey from Selbyville and Fenwick Island to Claymont Arden and Hockessin and down the picturesque Main Streets of more than fifty Delaware towns. Illustrated postcards which became popular at the turn of the last century highlight the economic importance of land and sea the state's varied architectural beauty and the everyday lives of Delaware citizens.

America's Boardwalks Jim Lilliefors, 2006 This richly documented and illustrated tale takes readers on a journey along the edges of the country to 12 of its most famous beach towns to reveal the vitality of the American boardwalk as an idea rather than just a place.

A Delaware Album, 1900-1930 George David Miller, 2011-04-15 A Delaware Album 1900 1930 contains over 300 postcard photographs from the entire state taken during the period from 1900 to 1930. Arranged by subjects City and Town Views Delaware Beaches Amusements Industry and Agriculture Signs of the Times Trains Trolleys and Automobiles Water Transportation Schools Religion Businesses Hotels and Motels each photo has a caption ranging from a sentence or two to several paragraphs. The book's introduction details how the cards were produced analyzes the subject

matter depicted on the cards documents the history of several of the most prominent local photographers in the state whose work is found almost only on postcards and traces the evolution and popularization of postcard photography Through the photographs readers can witness the development of Delaware agriculture and fisheries the expansion of the railroad into southern Delaware the declining days of steamship service on Delaware rivers and creeks the fate of Middletown's last trolley and Delaware's unsuccessful campaign against King Alcohol They can see how Delawareans worshiped worked and shopped They can visit local amusement parks and beaches from New Castle county to Sussex county For the early decades of the twentieth century the postcard recorded every aspect of American life As local historians will tell you the photographic record of small town America during the period from 1900 to 1930 exists almost only on postcards That is why historical societies libraries and museums have begun to amass postcard collections In the last twenty years historians and scholars have increasingly turned to the postcard as a way of seeing what our past literally looked like what we enjoyed doing where we worked and played how we viewed one other what we thought was important and what prejudices we held **Moon**
