Kelly, 2004-07-01 Degrees of reiki is guide to the use and practice of Reiki It offers a variety of ways of using Reiki that will encourage the reader to use their own intuition when applying reiki to their particular needs It is not a complete work as Reiki is beyond being confined to one way or practice and is far greater than what can be understood and encompassed by one person However it is hoped that this book will extend the reader s knowledge and use of reiki and open their minds to the vast possibilities that Reiki offers *Divine Intervention IV: A Guide To Healing Within And Living Without*, 2012 From Sandye M Roberts and Arthur L Jones III the Authors of the Divine Intervention series of Nonfiction books comes the latest installment DI4 is a book intended to inspire those who feel lost within this imperfect world to rediscover their own sense of inner peace passion purpose and positivity This book examines and discusses many methods of achieving balance by holding onto what is needed for our greatest good and releasing those things which we no longer need or want Reiki Light Karl Hernesson, 2011-10 A primer for spiritual seekers and an introduction for those interested in Reiki Buddhism the Medicine Buddha and energy healing techniques this text is filled with new creative and interesting ways to work with healing energy Regaining Body Wisdom - a Multidimensional View Reiki Master Silvia Casabianca, 2008-02 For Silvia Casabianca most of our remedies for discomfort and disease are at odds with the body s natural responses to various types of invasion or imbalance In her view much of what is labeled conventional medicine overlooks and often hampers the necessary and natural communication between organs and the flow of vital energy that maintains health The first section of the book The New Perspectives surveys holistic approaches to well being The second section The Body Wisdom explores the various bodily systems and illustrates their functions and interrelationships She elaborates the concept of an inner healer which is the key to physical and psychic well being Finally in the third section Casabianca a Reiki Master introduces readers to Reiki and the Art of Healing sharing with the reader her fascination for the multidimensional human body and current knowledge about health and illness gained through being a physician a psychotherapist and a Reiki teacher *Reiki Practice and Surrender* Dori-Michelle Beeler, Jojan Jonker, 2021-11-20 The authors discuss the religious spiritual healing practice Reiki revealing components of it that help transform the message held by the alleged life force called reiki energy into meaning expressed in efficacy for the recipient s body mind and spirit Components that are analyzed include but are not limited to touch symbols initiation and precepts The practitioner s surrender to a combination of internal and external authority with reiki energy being part of that is a crux in Reiki practice

and one means with which practitioners speak of beneficial effect This work contributes to academic knowledge about how practicing a religious or spiritual practice may contribute to one's well being and flourishing life Moreover it explores the question of the nature of Reiki in academic definitions of religion *Essential Reiki* Diane Stein,2011-02-02 Reiki is an ancient and profoundly simple system of laying on of hands healing derived from Tibetan Buddhism In the West Reiki has been kept highly secret for many years ESSENTIAL REIKI presents full information on all three degrees of this healing system most of it in print for the first time Teaching from the perspective that Reiki healing belongs to all people Diane Stein breaks new ground in her classic guide to this ancient practice While no book can replace the directly received Reiki attunements ESSENTIAL REIKI provides everything else that the healer practitioner and teacher of this system needs
