Reimagining Women Representations Of Women In Culture:

ReImagining Women Shirley C. Neuman, Glennis Byron, 1993 The eighteen essays in this collection largely draw on extend and often bring together four quite different but nonetheless interrelated thrusts of feminist criticism and theory in which representation is an issue

Victorian Women Poets Virginia Blain, 2014-01-21 There has been a huge revival of interest in Victorian women's poetry in the last ten years and it has led to a major reconfiguration of the English poetic landscape of the nineteenth century This title offers a key selection of poems by 13 Victorian women poets from Christina Rossetti and Felicia Hemans to the witty iconoclastic May Kendall The book starts with a substantial general Introduction which places the work of the poets into a context both historical that of the poems production and modern that of their past and present reception Each poet's work is introduced by an expansive headnote which tells the story of her life and writing career The poems all have full explanatory notes to help readers unfamiliar with the period A Bibliography lists general sources as well as useful further readings Written in an engaging and accessible manner the extensive annotations throughout *Victorian Women Poets* ensure that this fascinating poetry is enjoyable for undergraduate and non specialist readers

Fictions of the Feminine in the Nineteenth-Century Spanish Press Lou Charnon-Deutsch, 2010-11-01 How was the female body perceived in the popular culture of late nineteenth century Spain Using a wide array of images from popular magazines of the day Lou Charnon Deutsch finds that women were typically presented in ways that were reassuring to the emerging bourgeois culture Charnon Deutsch organizes the 190 images reproduced in this book into six broad categories or fictions of the feminine she reads women's bodies as a romantic symbol of beauty or evil as a privileged link with the natural order as a font of male inspiration as a mouthpiece of bourgeois mores as a focalized point of male fear and desire and as an eroticized expression of Spanish exoticism and political ambitions These imaginary visions of femininity Charnon Deutsch argues were a response to and also helped to create gendered stereotypes by suggesting ideal feminine behavior and poses Further they comprised a reassuring between male cultural medium that provided graphic validation of women's docile body for a culture enthralled with femininity Integrating the fields of literature and cultural studies Charnon Deutsch's approach to this subject is unique Many of the images collected here are available for the first time and they represent only a fraction of the two thousand images Charnon Deutsch collected during her research This book will appeal to students of Spanish cultural studies and gender studies as well as to art historians

On Monique Wittig Namascar Shaktini, 2005 Monique Wittig who died in January 2003 was a leading French feminist social theorist prose poet and novelist and an activist who helped start the lesbian and women's liberation movements in France This collection of essays by Wittig and on her work is the first sustained examination in English of her broad ranging political literary and theoretical viewpoints *On Monique Wittig* contains twelve essays representing French Francophone and U S critics including three previously unpublished pieces by Wittig herself Among the essays is Diane Griffin Crowder's discussion of the U S feminist movement

Linda Zerilli's consideration of gender and will and Teresa de Lauretis's examination of the development of lesbian theory Together these essays situate Wittig's work in terms of the cultural contexts of its production and reception This volume also contains the first authenticated chronology of Wittig's life and features the first translation of *For a Movement of Women's Liberation* which Wittig published with other militantes in May 1970 As the first book to appear on Wittig following her death *On Monique Wittig* is an indispensable tool for feminist scholars

Poststructuralism and Postcoloniality

Jane Hiddleston, 2010-01-01 This book explores the relation between poststructuralist thought and postcoloniality and identifies in that interaction the expression of a particular anxiety concerning the form of theoretical writing Many so called poststructuralist thinkers such as Derrida Cixous Lyotard Barthes Kristeva and Spivak have turned their attention at some point in their career towards questions either of postcolonialism or of cultural domination and difference For all these thinkers however a reflection on such questions has generated a sense of unease concerning the assumed neutrality of theoretical discourse and the inevitable subjective or autobiographical investments of the writing self The book argues that this anxiety betrays an unprecedented lucidity concerning the particular challenges of writing about ourselves and others at a time of postcolonial upheaval

A Contrite Heart Abigail Firey, 2009 Between the middle of the eighth century and the late ninth century in western Europe the course of legal history was shaped by interaction with religious ideas especially with regard to the meaning of confession suffering and the balance of protections for an accused individual and the welfare of the community This book traces those themes through a selection of Carolingian texts such as archbishop Hincmar's legal analysis of a royal divorce the decrees of church councils the biography of a Saxon holy woman anti Judaic treatises and Hrotswitha's dramatisation of the legend of Tha's in order to make audible the lively debates over the boundaries of clerical and lay authority the nature and extent of permissible intervention in the spiritual condition of the empire's inhabitants and distinctions between the private and public domains This work thus reveals the profound relation between law and penitential ideologies promoted by the Carolingian imperial court

Felicia Hemans: Selected Poems, Prose and Letters

Felicia Hemans, 2002-01-22 Felicia Hemans was the most widely read woman poet in the nineteenth century English speaking world Broadview's edition shows why she was one of the few standard poets to be found in middle class homes on both sides of the Atlantic despite being routinely disparaged as a merely feminine poet Included here is poetry representative of her entire career from often anthologized works such as *The Homes of England* and *Casabianca* to several long poems in their entirety such as *The Forest Sanctuary* Also included are selections of her prose and letters a comprehensive introduction and selections of views and reviews showing her changing and controversial place in culture into the twentieth century All selections are edited annotated and introduced

Byron,D. Punter,1999-08-02 These essays explore some of the most significant current issues concerning the terrain of the Gothic perspective offering a variety of possible answers to the crucial question What is Gothic The collection begins by addressing general issues about the locations and structure of Gothic this is followed by various considerations of Gothic as a specific historical phenomenon linked with specific aspects of British American and European society and finally by an exploration of Gothic writing during recent decades **Silence and Rage in Miriam Toews's Mennonite Novels** Rita Dirks,2024-04-17 This book focuses on six of Miriam Toews s Mennonite novels *Swing Low A Life* 2000 *A Complicated Kindness* 2004 *Irma Voth* 2011 *All My Puny Sorrows* 2014 *Women Talking* 2018 and *Fight Night* 2021 so called because they portray fictional and autobiographical events set in Mennonite communities in Canada Mexico and Bolivia Rita Dirks argues that through the exploration of difficult subjects such as the physical and emotional abuse of teenaged girls women and children Toews gives a voice to victims and survivors who are otherwise silenced in that sequestered culture In addition Dirks shows that in the Mennonite novels Toews s rage at the injustices experienced by her protagonists becomes a transformative art that gives a voice to all stories especially those of women within authoritative patriarchal communities that openly proclaim pacifism
