Reincarnation True Stories Of Past Lives:

Reincarnation Roy Stemman,1997 *Reincarnation* Ray Stemman,1997 Children's Past Lives Carol

Bowman,2012-02-01 Has your child lived before In this fascinating controversial and groundbreaking book Carol Bowman reveals overwhelming evidence of past life memories in children Not only are such experiences real they are far more common than most people realize Bowman s extraordinary investigation was sparked when her young son Chase described his own past life death on a Civil War battlefield an account so accurate it was authenticated by an expert historian Even more astonishing Chase s chronic eczema and phobia of loud noises completely disappeared after he had the memory Inspired by Chase s dramatic healing Bowman compiled dozens of cases and wrote this comprehensive study to explain how very young children remember their past lives spontaneously and naturally In Children s Past Lives she tells how to distinguish between a true past life memory and a fantasy offers practical advice to parents on how to respond to a past life memory and shows how to foster the spiritual and healing benefits of these experiences Perhaps the most moving convincing and best documented evidence yet for life after death Children s Past Lives will stand alongside the classics of Betty J Eadie Raymond Moody and Brian Weiss in its power to comfort uplift and transform our thinking about life after death **My**

Journey Down the Reincarnation Highway Frank Mares,2012-11 In this personal account one man details how he discovered the fact of reincarnation and explores what he did in his prior lives More people than you would believe have prior life memories In his new spiritual memoir My Journey down the Reincarnation Highway The True Story of a Man who found nine of His Past Lives author and businessman Frank Mares tells how he acquired psychic ability in his middle age With this new gift he recovered facts about nine of his prior lives most of which involved violent bloody deaths The most recent life was that of a young German Wehrmacht sergeant who was ambushed and killed by Russians during the night of May 1 1944 in a dark Estonian farmhouse Not being satisfied with just discovering his past lives Mares goes on a spiritual mission to find out why he kept dying violently The answers do not come easily but by using a team of three world class psychics he eventually tracks down the shocking reason for all his brutal deaths The psychic team finds that within the soul of this normal small businessman resides a brutal stone cold killer from the 1600 s who surprisingly was the revered founder of a gentile noble family As part of his soul s continuing quest for redemption Mares hopes to salvage the dark time in his soul s past into something that could help others today His experiences show that death is only a transition phase and that it should not be feared His book also reveals that reincarnation is actually a well designed organized system that allows souls to learn personalized life lessons over a surprising number of lives If you read this book you will never look at life and death in the same way again Past Lives Sue Carpenter,1995 This text examines the theory of reincarnation which has played a part in the religions myths and folklore of many races and cultures From Tibetan Buddhists to Hollywood film stars from Haitian witch doctors to Tory wives belief in reincarnation exists even if the evidence is far from concrete *Reincarnation* Paul

Roland,2021-06-01 In this fascinating book Paul Roland delves into the fascinating mysteries of reincarnation The idea of rebirth is at the heart of many religions and philosophies and discovering the truths about our past lives can help us understand who we are today Here you will find an array of captivating stories of people who have remembered their previous lives ranging from children able to identify long dead relatives to sisters who could remember how they died to a man who vividly remembers his time as a Confederate colonel in the American Civil War Reincarnation also includes Exercises to help you uncover your past lives Instructions to identify symptoms of past life traumas Exclusive interviews with Carol Bowman and Lee Everett two of America s foremost regression therapists

True Real Life Stories of Reincarnation Richard Bullivant,2015-10-01 Have you lived before Suddenly the idea of reincarnation has produced a wave of resonance in modern society and struck a chord This book documents the growing public acceptance of the possibility that all of us will live again after we finish our present go around on the planet Earth The ancient concept of reincarnation and past lives has not only re emerged into our modern consciousness but seems to have become a more natural and accepted part of our world view Some studies show that twenty five percent of people in modern western countries now agree that reincarnation is not only possible but a reality The implications of this are enormous Imagine a population that has been released from the fear of death Suddenly we have all the time in the world eternity in fact Life now takes on a new dimension of meaning We realize that this is not all there is and we also understand that we are more than our physical bodies and because we are more than our physical bodies we can access that which is beyond the physical Our potential is virtually unlimited Freedom from the fear of death is a kind of universal freedom that can flow across all aspects of life and living Knowing that we are not mere physical lumps of biological matter but indestructible souls constructed of pure consciousness is a magnificent vision for humanity Knowing that we are souls means that we can live out our lives from that basic understanding It is the ultimate empowerment No doubt many will remain sceptical about the possibility of reincarnation But it seems this is a concept and a phenomenon that is not going away Those amazing headlines in the media just keep coming Every day more people average ordinary everyday people are discovering that they have an undeniable connection to something larger something infinite and something absolutely amazing Table of Contents Bentreshyt A Priestess of Isis The Reawakening of Marty Martyn Past Lives on Other Planets The Interesting Case of Sherrie Lea Laird and Marilyn Life on Mars Group Reincarnation The Druze The Genius Connection The Science of Reincarnation
