Yonasson Gershom

Reincarnation The Boy:

Reincarnation Vicki Mackenzie,1996 Reincarnation tells the remarkable story of a child destined to become one of the most important and unusual spiritual leaders of our time Osel Hita Torres became the focus of world attention when he was recognized by the Dalai Lama as the reincarnation of Lama Yeshe beloved teacher and author of Introduction to Tantra and others who died in California in March 1984 This story tells of Lama Yeshe s life death and rebirth as the little Lama Osel while explaining the controversial phenomenon of reincarnation in a clear engaging and practical way Rebirth: A Boy's Cultivation Legend Dian CangShanDaShu,2020-10-30 At the age of forty three Liu Di still had no success He had worked as an employee of a power plant for more than twenty years living a life of nine to five years At the age of thirty he had managed to get himself a production quality inspector He looked good but in reality he was only a supervising worker in a small workshop Over the next decade or so a cup of tea and a newspaper in a small office came to pass **Reincarnation ,**

The Boy Who Knew Too Much Cathy Byrd,2019-03-19 Mommy I used to be a tall baseball player Yes you will be a tall baseball player someday With a look of exasperation he stomped his foot and hollered No I was a tall baseball player tall like Daddy What was my son trying to say to me Did he mean he couldn t mean was he trying to tell me that he was a grown up in a previous lifetime At the tender age of two baseball prodigy Christian Haupt began sharing vivid memories of being a baseball player in the 1920s and 30s From riding cross country on trains to his fierce rivalry with Babe Ruth Christian described historical facts about the life of American hero and baseball legend Lou Gehrig that he could not have possibly known at the time Distraught by her son s uncanny revelations Christian s mother Cathy embarked on a sacred journey of discovery that would shake her beliefs to the core and forever change her views on life and death In this compelling and heartwarming memoir Cathy Byrd shares her remarkable experiences the lessons she learned as she searched to find answers to this great mystery and a story of healing in the lives of these intertwined souls The Boy Who Knew Too Much will inspire even the greatest skeptics to consider the possibility that love never dies **Jewish Tales of Reincarnation**

Yonasson Gershom,2000-01-31 Scattered throughout many kabbalistic and hasidic texts are numerous teaching stories with reincarnation as their central theme Now for the first time you can read 70 of these fascinating tales in a single volume collected and retold by master storyteller Yonassan Gershom The author begins with an over view of basic themes about the afterlife such as the judgement of souls before the Heavenly Court the mystical significance of the Covenant at Sinai the process of tikkun olam repairing the universe and some reasons why human beings return to earth in new bodies He then takes you on an exciting journey through many centuries of Jewish tales where you will meet dozens of saints and sinners animals and humans angels and mortals all attempting to work out their past life karma through applying the teachings of the Torah in earthly life In order to make the classical stories understandable to the modern reader each tale has been expanded to include clear explanations of cultural and religious details So skillfully does Gershom weave this material into the

narrative itself that the reader scarcely notices how a gentle form of education is taking place By the time you have finished the book you will not only have been entertained but will have completed an excellent introduction to Jewish spirituality as well Both classical and contemporary tales are included here from sources as widely varied as kabbalistic texts folklore anthologies and discussions on the Internet Of special interest are several new tales collected by the author himself which have never before appeared in print

Twenty Cases Suggestive of Reincarnation Ian Stevenson,1980 Cases of responsive xenoglossy thus add to the evidence concerning the survival of human personality after death

Esoteric Buddhism in China Wei Wu,2024-03-05 During the Republican period 1912 1949 and after many Chinese Buddhists sought inspiration from non Chinese Buddhist traditions showing a particular interest in esoteric teachings What made these Buddhists dissatisfied with Chinese Buddhism and what did they think other Buddhist traditions could offer Which elements did they choose to follow and which ones did they disregard And how do their experiences recast the wider story of twentieth century pan Asian Buddhist reform movements Based on a wide range of previously unexplored Chinese sources this book explores how esoteric Buddhist traditions have shaped the Chinese religious landscape Wei Wu examines cross cultural religious transmission of ideas from Japanese and Tibetan traditions considering the various esoteric currents within Chinese Buddhist communities and how Chinese individuals and groups engaged with newly translated ideas and practices She argues that Chinese Buddhists assimilation of doctrinal ritual and institutional elements of Tibetan and Japanese esoteric Buddhism was not a simple replication but an active process of creating new meanings Their visions of Buddhism in the modern world as well as early twentieth century discourses of nation building and religious reform shaped the reception of esoteric traditions By analyzing the Chinese interpretation and strategic adaptations of esoteric Buddhism this book sheds new light on the intellectual development ritual performances and institutional formations of Chinese Buddhism in the twentieth century
