Reino De La Cantidad Y Los Signos De Los:

El reino de la cantidad y los signos de los tiempos René Guénon, 1997-07-29 En una primera aproximación esta obra podría parecer una crítica radical del mundo moderno cuya concepción del conocimiento parece basarse exclusivamente en la noción de cantidad en el mecanicismo y en la abusiva creación de oposiciones y dualismos Sin embargo la crítica va mucho más allá y se extiende a las categorías epistemológicas y a las concepciones del mundo más universalmente admitidas por la modernidad Una tras otra caen así por su propia base las ciencias exactas y las sociales pierden el brillo de la evidencia cartesiana muchos de nuestros más profundos instrumentos intelectuales y nociones como las de evolución o progreso histórico y psicoanálisis quedan reducidas a un desarrollo fragmentario y excesivamente simple La obra recorre los caminos de las diferentes religiones y procesos iniciáticos da cuenta de las aportaciones de las diversas corrientes ocultistas y espiritistas y en fin dinamita serenamente los fundamentos de la civilización occidental con la intención de reivindicar un conocimiento tradicional que constituye también la base de esta última pero que en el fondo es algo mucho más complejo y misterioso

El Reino de la cantidad y los signos de los tiempos René Guénon, 1976 **El Reino de la Cantidad Y Los Signos de Los Tiempos** Rene Guenon, 2025-12-23 Since ancient times civilizations have reflected on the future of humanity but few voices have done so with the depth and clarity of Ren Gu non In The Reign of Quantity and the Signs of the Times the author presents a relentless analysis of the spiritual collapse of the modern era and the West drawing a parallel between the growing dominance of the quantitative and the decline of the qualitative values that once governed human life In this astonishingly prophetic essay Gu non exposes how the unbridled advance of technology and profane science have reduced the world to a material realm where quantity prevails over quality and the sense of the sacred vanishes Drawing on traditional sources ranging from Hindu metaphysics to Christian theology the author reveals the signs of a final crisis in the cycle of humanity which is inexorably advancing toward its culmination For those seeking to understand the spiritual background of contemporary chaos this work is essential reading revealing a vision imbued with ancient wisdom The relevance of its ideas originally written in 1945 resonates even more strongly today making it an indispensable text for apocalyptic times

Obras completas: volumen IV. El reino de la cantidad y los signos de los tiempos (336 páginas) René Guénon, 2023 **Delibros**, 1997 *Cultura y fe latinoamericanas* Diego Irarrázaval, 1994 **Changes, Conflicts and**

Ideologies in Contemporary Hispanic Culture Teresa Fernandez Ulloa, 2014-06-02 This book is formed by various chapters studying the manner in which conflicts changes and ideologies appear in contemporary Hispanic discourses The contributions analyze a wide variety of topics related to the manner in which ideological and epistemological changes of the 19th 20th and 21st centuries are reflected in and shape Spanish language literature and other cultural expressions in both Spain and Latin America The 19th century was conducive to various movements of independence while in Europe radical changes of different types and in all contexts of life and knowledge occurred Language was certainly affected by these

changes resulting in new terminology and discourse strategies Likewise new schools of thought such as idealism dialectic materialism nihilism and nationalism among others were established in addition to new literary movements such as romanticism evocative of revolution individualism and realism inspired by the social effects of capitalism Scientific and technological advances continued throughout the 20th century when the women's liberation movement consolidated The notion of globalization also appears simultaneously to various crises despotism wars genocide social exclusion and unemployment Together these trends give rise to a vindicating discourse that reaches large audiences via television The classic rhetoric undergoes some changes given the explicit suasion and the absence of delusion provided by other means of communication The 21st century is defined by the flood of information and the overpowering presence of mass communication so much so that the technological impact is clear in all realms of life From the linguistic viewpoint the appearance of anglicisms and technicalities mirrors the impact of post modernity There is now a need to give coherence to a national discourse that both grasps the past and adapts itself to the new available resources with the purpose of conveying an effective and attractive message to a very large audience Discourse is swift since society does not seem to have time to think but instead seeks to maintain interest in a world filled with stimuli that in turn change constantly Emphasis has been switched to a search for historical images and moments that presumably explain present and future events It is also significant that all this restlessness is discussed and explained via new means such as the world wide web The change in communication habits e mail chats forums SMS and tools computers mobile phones that was initiated in the 20th century has had a net effect on the directness and swiftness of language

La imposición de manos en la sanación Adrián Santarelli, 2020-05-01 Este libro es un aporte y un disparador para abordar temas como la espiritualidad de la imposición de manos la bioenergía y la medicina el ocultismo y el mal las tentaciones el esoterismo la adivinación la quiromancia y la nigromancia entre otros El autor el padre Adrián Santaralli comparte en este libro su experiencia de sanación a través de la imposición de manos y nos instruye sobre los caminos para concretizar la vida buena y sana Tenemos en este libro un gran aporte con orientaciones bíblicas teológicas y científicas sobre la imposición de manos y sus resultados concretos en la vida de muchas personas
