An Esoteric Analysis and Synthesis of the Zodiacal Signs and Their Physiochemical Allocations Inez Perry, 2022-05-23 An Esoteric Analysis and Synthesis of the Zodiac Signs and their Pyshio Chemical Allocations 1932 by Inez Eudora Perry is a work of astrology homeopathy and biochemistry that offers an explanation of the secrets of the universe and human health Inez Eudora Perry b 1871 d 1961 was an American astrologer and colleague of the homeopath and physician George W Carey Dr Carey was a pioneer in the field of biochemistry He believed that the application of certain minerals called cell salts could cure disease causing mineral deficiencies Through these cell salts Dr

Carey proposed that cellular equilibrium could be returned to the human body eliminating symptoms and creating a health full vibrant human Furthermore Dr Carey believed that each person s being is the sum of the vibrations that were present in nature at the time of our birth These vibrations are categorized into the signs of the zodiac Each sign corresponds to a certain cell salt which is consumed by the body more quickly than the others Supplementation of these diminished salts then is required to maintain health and well being Ms Perry was an adherent of Dr Carey s work and his long time collaborator She edited and co authored books with Dr Carey like God Man The Word Made Flesh and The Tree of Life In 1923 Dr Carey brought Ms Perry on as a partner into his biochemical foundation renamed The Carey Perry School of The Chemistry of Life Many years before Dr Carey and Ms Perry s working relationship began Dr Carey published a booklet titled The Relation of the Mineral Salts of the Body to the Signs of the Zodiac After Dr Carey s death in 1924 Ms Perry revisited this short theoretical work and wrote a much longer book to expound on the concepts presented in the booklet The result was An Esoteric Analysis and Synthesis of the Zodiacal Signs and their Physiochemical Allocations published alongside a reprint of The Relation of the Mineral Salts in 1932 Ms Perry expounds on Dr Carey s ideas and provides thorough explanations of the changes of the seasons signs of the zodiac myths of the great civilizations and the natural world and how all of this relates to the biochemistry of the human body Digging deep into the symbolism of religion and language she thoroughly explores the nature of each zodiac sign and the practical uses of each cell salt By supplementing these deficient salts we can restore equilibrium A lack of potassium phosphate for example can lead to nervousness headaches hysteria and even paralysis Quoting Dr Carey Ms Perry suggests that we Let the overworked business man take it and go home good tempered Let the weary wife nerves unstrung from attending to sick children or entertaining company take it and note how quickly the equilibrium will be restored and calm and reason assert her throne Foundational to this teaching is the concept of body building The incorrect way to apply this biochemistry is to only take the applicable salts when one is in physical distress and then to cease when the symptoms are gone By consistently adding the supplemental cell salts to a moderate diet of natural food simply prepared we keep our bodies nourished and free from disease Today cell salts also called tissue salts are still prescribed by homeopathic medicine practitioners
