Faith and Fiction Barbara Pell, 2006-01-01 Is it possible to write an artistically respectable and theoretically convincing religious novel in a non religious age Up to now there has been no substantial application of theological criticism to the works of Hugh MacLennan and Morley Callaghan the two most important Canadian novelists before 1960 Yet both were religious writers during the period when Canada entered the modern non religious era and both greatly influenced the development of our literature MacLennan s journey from Calvinism to Christian existentialism is documented in his essays and seven novels most fully in *The Watch that Ends the Night* Callaghan s fourteen novels are marked by tensions in his theology of Catholic humanism with his later novels defining his theological themes in increasingly secular terms This tension between narrative and metanarrative has produced both the artistic strengths and the moral ambiguities that characterize his work *Faith and Fiction* A Theological Critique of the Narrative Strategies of Hugh MacLennan and Morley Callaghan is a significant contribution to the relatively new field studying the relation between religion and literature in Canada **The J.**

**Hillis Miller Reader** Joseph Hillis Miller, Julian Wolfreys, 2005 This anthology exhibits the diversity inventiveness and intellectual energy of the writings of J Hillis Miller the most significant North American literary critic of the twentieth century From the 1950s onward Miller has made invaluable contributions to our understanding of the practice and theory of literary criticism the ethics and responsibilities of teaching and reading and the role of literature in the modern world He has also shown successive generations of scholars and students the necessity of comprehending the relationship between philosophy and literature Divided into six sections the volume provides more than twenty significant extracts from Miller s works In addition there is a new interview with Miller as well as a series of specially commissioned critical responses to

Miller's work by a number of the leading figures in literary and cultural studies today. Following a comprehensive critical introduction by the editor, each section has a brief introduction directing the reader toward pertinent themes. There is also a comprehensive bibliography and a chronology of Miller's professional life and activities. This reader, the first of Miller's work in English, provides an indispensable overview and introduction to one of the most original critical voices to have emerged since the inception of the teaching of English and American literature in universities in the English-speaking world.

**Secular Steeples 2nd edition** Conrad Ostwalt, 2012-09-27. An exploration of secularization in America, this book provides students with an innovative way of understanding the relationship between religion and secular culture. In *Secular Steeples*, Conrad Ostwalt challenges long-held assumptions about the relationship between religion and culture and about the impact of secularization. Moving away from the idea that religion will diminish as secularization continues, Ostwalt identifies areas of popular culture where secular and sacred views and objectives interact and enrich each other. The book demonstrates how religious institutions use the secular and popular media of television, movies, and music to make sacred teachings relevant. From megachurches to sports arenas, the Bible to Harry Potter, biker churches to virtual worship communities, Ostwalt demonstrates how religion persists across cultural forms, secular and sacred, with secular culture expressing religious messages and sometimes containing more authentic religious content than official religious teachings. An ideal text for anyone studying religion and popular culture, each chapter provides questions for discussion, a list of important terms, and guided readings.

Reading for Redemption Christian R. Davis, 2011-02-07. The goal of this book is to define and explain the archetypal pattern of redemption that underlies our whole notion of resolution in literature and to demonstrate through multiple examples that successful literature, poems, and stories that have shown endurance or popularity use this pattern in specific ways. This theory should help readers to interpret both particular works of literature and the general notion of literature. The pattern of redemption employed here in its ideal form involves the sacrifice of an innocent redeemer to save something that has been lost. Because this pattern of redemption is typically associated with Christianity, this book can be taken as proposing a Christian theory of criticism. Current textbooks on literary criticism and theory cover a range of perspectives such as Marxism, feminism, multiculturalism, reader response, and queer theory, but they invariably ignore the field of Christian criticism. Therefore, this book may be most useful as a supplementary text for courses in literary criticism that might include a Christian perspective. At the same time, however, the terms and methodology proposed here are not exclusive to or dependant on Christian beliefs, so readers of all types may find this approach useful. The greatest strength of this book is its application of the theory to numerous examples from a wide range of genres and periods of literature, testing the theory on classical and Shakespearean works such as the *Iliad* and *Odyssey*, *Hamlet* and *Coriolanus*, best sellers such as *The Lord of the Rings*, *Le Petit Prince*, *Valley of the Dolls*, and *Harry Potter*, and the *Deathly Hallows*, horror stories such as *Frankenstein*, postcolonial novels such as *Things Fall Apart* and *The Kite Runner*, and lyric poems. Consequently, even readers

who are skeptical of the assumptions used here should find the many concrete examples thought provoking
