Brass, 2005 This book is recognized as a classic study both of the politics of language and religion in India and of ethnic and nationalist movements in general. It received overwhelmingly favorable reviews across disciplinary and international boundaries at first publication, characterized as a masterly conceptual analysis of language, religion, ethnic groups, and nationhood, a monumental work of interest to all political scientists, one that should be required reading for any politically concerned person in the United Kingdom. From a TLS review, a work whose value and importance can scarcely be overstated with no competitor in the same class. *International Bibliography of Sikh Studies* Rajwant Singh Chhilana, 2006-01-16 The International Bibliography of Sikh Studies brings together all books, composite works, journal articles, conference proceedings, theses, dissertations, project reports, and electronic resources produced in the field of Sikh Studies until June 2004, making it the most complete and up-to-date reference work in the field today. One of the youngest religions of the world, Sikhism has progressively attracted attention on a global scale in recent decades. An increasing number of scholars is exploring the culture, history, politics, and religion of the Sikhs. The growing interest in Sikh Studies has resulted in an avalanche of literature which is now for the first time brought together in the International Bibliography of Sikh Studies. This monumental work lists over 10,000 English language publications under almost 30 subheadings, each representing a subfield in Sikh Studies. The Bibliography contains sections on a wide variety of subjects such as Sikh gurus, Sikh philosophy, Sikh politics, and Sikh religion. Furthermore, the encyclopedia presents an annotated survey of all major scholarly work on Sikhism and a selective listing of electronic and web-based resources in the field. Author and subject indices are appended for the reader's convenience. Changing Homelands Neeti Nair, 2011-04-01 Neeti Nair's account of the partition in the Punjab rejects the idea that essential differences between the Hindu and Muslim communities made political settlement impossible. Far from being an inevitable solution, partition, though advocated by some powerful Hindus, was a stunning surprise to the majority of Hindus in the region. **Historical Dictionary of Sikhism** Louis E.
