extraordinary country with Lonely Planet's Jordan The Perfect Choice Lonely Planet's Jordan our most comprehensive guide to Jordan is perfect for both exploring top sights and taking roads less travelled Modern Dublin Erika Hanna, 2013-08-01 During the 1960s the physical landscape of Dublin changed more than at any time since the eighteenth century In this period the government began to invest in town planning new opportunities arose for the country's architects and the old buildings of the core began to be replaced by modern structures The early manifestations of this process were well received understood as the first visible signs of prosperity and broader social and economic modernization However this attitude was short lived By the end of the 1960s popular support for urban change had evaporated a disparate movement of preservationists housing activists students and architects emerged to oppose urban change and campaign for the retention of the city's heritage The new buildings and urban forms had not brought the promised national rejuvenation Instead the rapid destruction of the extant city had come to be seen as symbolic of the corruption and failed promise of modernization Modern Dublin examines this story Using approaches from urban studies and cultural geography the author reveals Dublin as a place of complex exchange between a variety of interest groups with different visions for the built environment and thus for society and the independent nation In so doing Erika Hanna adds to growing literatures on civil society heritage and cultural politics since independence and provides a fresh approach to social and cultural change in 1960s Ireland **Rotterdam - 91 Day Far East Cruise** Kalman Dubov, 2022-01-02 Volume 2 continues the saga of this incredible 91 day voyage across European Middle Eastern and Far Eastern ports High points of this book reviews ports in Singapore Malaysia Sri Lanka and India all in the Far East We then journeyed to Oman and Jordan visiting al Aqabah and Petra We then journeyed through the Suez Canal to Italy Corsica then to ports in Spain to Southampton England and finally to the city of Rotterdam where we had first begun the journey As in Volume 1 I review the history of each stopping point reflecting on its unique culture and people while visiting local sights of wonder This journey was for me as a kind of vast exploration of the world a way to share this time with others I hope I've done justice to the experience It changed my outlook in life as I ponder the vastness of humanity across the span of a vast territory **The Hidden World: A Journey Through Mysterious Places On The Earth** KALPESH SHETHIA, The world we inhabit is a tapestry of diverse landscapes cultural riches and technological marvels Amidst these wonders there exist certain places that defy logical explanation These are the mysteries that have captured the curiosity of travelers scientists and dreamers for centuries The Hidden World A Journey Through Mysterious Places On The Earth aims to take you on a captivating journey through some of the most enigmatic sites on Earth where history science and folklore intertwine to create stories that intrigue and inspire Why are these places mysterious Is it their history their connection to the cosmos or something supernatural that science cannot yet explain From the bottomless depths of the Bermuda Triangle to the towering Moai statues of Easter Island these locations challenge our understanding of reality and invite us to delve deeper into their secrets This book is more than a collection of tales it is an exploration of humanity's enduring quest to

understand the unknown Each chapter delves into the history theories and current research surrounding these fascinating sites Through the lens of science archaeology and local folklore you ll discover the intricate layers of mystery that make these places legendary As you turn these pages prepare to encounter questions that may not have definitive answers Embrace the journey for in every mystery lies a spark of discovery that can lead to new insights about our world and ourselves
