Chapman, 2000-06-13 Despite new historical study of her contexts Christina Rossetti continues to haunt the reader as a displaced subjectivity emptied of history Through an analysis of the posthumous in her work the construction of Christina Rossetti by her brothers and the history of reception this study asks how speaking with the dead can avoid critical ventriloquy The figure of the mother is offered as a paradigm for theorising a new reading that refuses to exorcise the ghost of Christina Rossetti **The Remarkable Lushington Family** David Taylor, 2020-07-15 Drawing on previously unpublished archival materials this study spans three generations of the Lushington family It investigates their personal histories through the themes of social artistic and cultural history The author analyzes the Lushington family s relationships with well known figures like Lady Byron Queen Caroline and members of the Bloomsbury Group Most importantly this study examines Lushington family members roles within larger trends including abolitionism the Pre Raphaelite movement and Positivism

Art in an Age of Civil Struggle, 1848-1871 Albert Boime, 2008-09-15 From the European revolutions of 1848 through the Italian independence movement the American Civil War and the French Commune the era Albert Boime explores in this fourth volume of his epic series was in a word transformative The period which gave rise to such luminaries as Karl Marx and Charles Darwin was also characterized by civic upheaval quantum leaps in science and technology and the increasing secularization of intellectual pursuits and ordinary life In a sweeping narrative that adds critical depth to a key epoch in modern art s history *Art in an Age of Civil Struggle* shows how this turbulent social environment served as an incubator for the mid nineteenth century s most important artists and writers Tracing the various movements of realism through the major metropolitan centers of Europe and America Boime strikingly evokes the milieus that shaped the lives and works of Gustave Courbet Edouard Manet mile Zola Honor Daumier Walt Whitman Abraham Lincoln and the earliest photographers among

countless others In doing so he spearheads a powerful new way of reassessing how art emerges from the welter of cultural and political events and the artist's struggle to interpret his surroundings Boime supports this multifaceted approach with a wealth of illustrations and written sources that demonstrate the intimate links between visual culture and social change Culminating at the transition to impressionism *Art in an Age of Civil Struggle* makes historical sense of a movement that paved the way for avant garde aesthetics and more broadly of how a particular style emerges at a particular moment The Routledge Handbook of Victorian Rebels Brenda Ayres, 2025-02-19 Although history records that the British nineteenth century was obsessed with order conventionality and conformity there were many Victorians from all walks of life across lines of class race and gender who resisted social mores and sometimes the laws themselves in a variety of ways and to varying degrees Some expressed dissension through music art literature and social protest Others were more subtle like manipulative wives who gained what they wanted while seemingly remaining docile and submissive Some rebellion fermented into social and political movements The revolt of still others was extremely executed by serial killers criminals and suicides Contemporary readers can learn from these rebels and discern what values and ways that were uniquely Victorian should be retained and those that should be rejected after having observed their outcomes To that end this collection of essays offers a study for both novice and expert on Victorian rebels The Achievement of Christina Rossetti David A. Kent, 2019-05-15 Bringing to bear a variety of perspectives on the poetry prose and letters of a writer whose work is just now beginning to emerge from critical neglect this collection edited by David A Kent should play an important role in the re evaluation of Christina Rossetti It consists of fifteen essays by gifted Victorian scholars who represent a wide range of methodologies and critical concerns and it offers alternatives to the autobiographical approach that has limited appreciation of Rossetti the writer Rossetti Evelyn Waugh, 1928 **T.P.'s Weekly** Thomas Power O'Connor, Holbrook Jackson, 1905
