The Rough Guide to Opera Matthew Boyden, Nick Kimberley, 2002 Sketches of opera composers opera synopses and CD reviews
Opera Matthew Boyden, Nick Kimberley, 1999 Sketches of opera composers opera synopses and CD reviews

Balthazar, 2013-07-05 Opera has been around ever since the late 16th century and it is still going strong in the sense that operas are performed around the world at present and known by infinitely more persons than just those who attend performances On the other hand it has enjoyed periods in the past when more operas were produced to greater acclaim Those periods inevitably have pride of place in this Historical Dictionary of Opera as do exceptional singers and others who combine to fashion the opera whether or not they appear on stage But this volume looks even further afield considering the cities which were and still are opera centers literary works which were turned into librettos and types of pieces and genres While some of the former can be found on the web or in other sources most of the latter cannot and it is impossible to have the whole picture without them Indeed this book has an amazingly broad scope The dictionary section with about 340 entries covers the topics mentioned above but obviously focuses most on composers not just the likes of Mozart Verdi and Wagner but others who are scarcely remembered but made notable contributions Of course there are the divas but others singers as well and some of the most familiar operas Don Giovanni Tosca and more Technical terms also abound and reference to different genres from antimasque to zarzuela Since opera has been around so long the chronology is

rather lengthy since it has a lot of ground to cover and the introduction sets the scene for the rest This book should not be an end but rather a beginning so it has a substantial bibliography for readers seeking more specific or specialized works It is an excellent access point for readers interested in opera Pocket Rough Guide Lisbon (Travel Guide eBook) Rough Guides,2023-11-01 This compact practical and entertaining travel guide to Lisbon will help you discover the best of the destination Our slim trim treasure trove of trustworthy travel information is ideal for travellers on short trips It covers all the key sights such as Castelo de S o Jorge and Mosteiro dos Jer nimos restaurants shops cafes and bars plus inspired ideas for day trips with honest independent recommendations from expert authors This Lisbon guide book has been fully updated post COVID 19 The Pocket Rough Guide LISBON covers the Baixa and Rossio the S Castelo and Alfama Chiado and Cais do Sodr Bairro Alto and S o Bento Estrela Lapa and Santos Alc ntara and the docks Bel m and Ajuda Avenida Parque Eduardo VII and the Gulbenkian Parque das Na es Sintra and the Lisbon Coast Inside this guide book to Lisbon you will find
