Problem Solving, Reasoning and Numeracy in the Early Years Foundation Stage Anita M Hughes, 2012-11-12 The Practical Guidance in the Early Years Foundation Stage series will assist practitioners in the smooth and successful implementation of the Early Years Foundation Stage. Each book gives clear and detailed explanations of each aspect of Learning and Development and encourages readers to consider each area within its broadest context to expand and develop their own knowledge and good practice. Practical ideas and activities for all age groups are offered along with a wealth of expertise on how elements from the practice guidance can be implemented within all early years settings. The books include suggestions for the innovative use of everyday resources, popular books and stories. This book offers an in-depth understanding of children's thinking skills from a psychological perspective. The book introduces the Learning Tools model, a vital cognitive tool used by children to learn and solve problems, and gives practical ideas on how practitioners can use everyday materials to promote problem solving and early numeracy skills through play. Readers are encouraged to reflect on their own practice and understanding to help them provide learning opportunities to meet the unique needs of all children in their setting.

Development & Learning for Very Young Children Hilary Fabian, Claire Mould, 2009-03-05 This book has been well planned and provides information which is relevant for students and teachers alike in supporting teaching and learning. In particular, the practical aspects of group tasks and discussion points enable the reader to develop their reflective skills through the knowledge gained. ESCalate This informative and thought-provoking collection of essays brings together theory, policy and practice for practitioners working with children aged from birth to three years old. It would be a great resource for students. Nursery World This is a very well edited collection, easily accessible to everyone involved in the early years, with the common thread being the holistic nature of very young children's learning. Using the contents of the different chapters for reflection and analysis, those implementing the new Early Years Foundation Stage will be able to promote and enhance children's development and learning experiences and certainly their own practices. This book powerfully reminds readers of what is at the heart of their care and learning interactions with babies and young children. Professor Emeritus Janet Moyles, Play Consultant With a focus on the most critical years in a young child's development, this book brings together the essential theory, policy and practice for everyone working with young children. Concentrating on the 0 to 3 age range, the book considers all relevant legislation such as Every Child Matters and the new Early Years Foundation Stage. The content is organized into four sections: development and learning; policy to practice; leadership and management; establishing effective relationships. Examining the influence of policy on practice, issues covered include the stages of child development; observing young children; making partnerships with parents; building relationships within and between teams working in a multi-agency way; and creating a caring and stimulating environment. To illustrate practice and aid reflection, the chapters have chapter objectives, case studies, group tasks, discussion points, recommendations for further reading, useful websites. Suitable for all early years students and

practitioners it is a must have resource *Domestic Violence and Children* Abigail Sterne, Liz Poole, 2009-10-16 This book describes the impact of domestic violence on children and provides support for education and social care professionals suggesting practical ways in which Education staff can meet the needs of pupils from difficult home backgrounds

Teaching Poetry in the Primary Classroom Gervase Phinn, 2009-01-05 When asked by the school inspector what he thought of poetry an eleven year old replied that it s all la dida and daffodils isn t it In his primary school the boy had come across very little poetry apart from nursery rhymes snatches of rhyming verse and a few comic pieces and nonsense poems Poetry to him was something arcane not really related to his own life He had studied no powerful challenging contemplative arresting quirky poems and had written very few poems himself His teacher admitted that he was no English specialist had received few ideas at college on the teaching of poetry and didn t really know where to start As children progress through the primary school they need to be exposed to a rich diet of poetry and encouraged to read perform and write it themselves Providing a varied and stimulating environment is essential if it is to flourish In addition children need specific guidance and ideas to start them off writing their own poems This book written by a former teacher and school inspector and popular and widely published children s poet offers an accessible practical and structured programme for the teaching of this sometimes neglected aspect of the English curriculum **Literacy Learning in the Early Years** Caroline Barratt-Pugh, Mary

Rohl, 2020-07-16 Children s early experiences of literacy have a major influence on how they continue to learn as they grow older Children enter early childhood programs and school with a wealth of knowledge and understandings of literacy It is critical that early childhood professionals and teachers recognise and build on this learning Literacy Learning in the Early Years offers a practical introduction to literacy issues for early childhood professionals and teachers working with children aged 0 8 in childcare preschool and school contexts The authors take a socio cultural approach to literacy learning emphasising the importance of understanding the various contexts in which young children are involved in literacy practices They explore a range of literacy issues that early childhood professionals and teachers are facing in the 21st century These issues include the role of play in literacy learning how to use information communication technologies with young children and ways of introducing critical literacy Literacy is understood broadly and readers are encouraged to explore a range of print and other media with children With chapters from both Australian and UK authors Literacy Learning in the Early Years is an ideal professional reference and student text a very useful introductory text to literacy development in early childhood It is clearly written and accessible to the wide range of professionals working with young children as well as to teachers and parents It will be a valuable text in training at initial and in service levels on a wide range of courses Lesley Abbott Professor of Early Childhood Education Manchester Metropolitan University this well written comprehensive book combines many practical examples of learning to do literacy and suggestions for action and all the while engages the reader with questions and starting points for reflection Susan Hill Associate professor The Centre for Studies in Literacy University of South
