**The Roundabout Horse** Rosemary Sutcliff, 1986      How to Approach Horses Lis Clegg, 2017-02-26 When you're in the countryside you're likely to meet horses and ponies whether you plan to or not HOW TO APPROACH HORSES offers clear and straightforward advice on making the most of your encounter however brief If you're running or cycling it can be tempting to squeeze past a horse that's in your way but unlike a bicycle the horse has a mind of its own and can be unpredictable Will it kick What's the safe way to get in front When you're driving and there's a horse on the road it can be frustrating to have to slow down and hold back But knowing the right way to get past and why it makes a difference will make the situation safer for everyone and reduce the risk of a potentially fatal accident How do you handle wild ponies or horses in a field on your footpath What if they start running around or try to steal your picnic Is it safe Can you stroke them and where's the best place to do it so the horse doesn't toss its head or tread on your foot Is it OK to give them a sweet or treat or should you just walk away What if you're walking your dog and meet a horse or pony Why do horses and dogs react to each other What makes a frightened animal so dangerous why do horses kick and how can we all help each other Horses can seem large and intimidating and their behaviour mysterious and irrational but HOW TO APPROACH HORSES will help you understand the sort of things that spook horses and how they might react plus practical advice on what to do next From the first time you meet a horse through helping in the stable yard or taking care of your own horse or pony eQn GUIDES are a source of clear equestrian information that you can trust Dip in for quick reference or take your time to get a bigger picture all for the price of a magazine      The Shining Company Rosemary Sutcliff, 2013-02-27 I saw riders with black eyesockets in glimmering mail where their faces should have been grey wolfskins catching a bloom of light from the mist and the moon a shining company indeed not quite mortal seeming Many years after King Arthur defeated the Saxons the tribes of Britain are again threatened by invaders Prosper and his loyal bondsman Conn answer the call of King Mynyddog to join a highly skilled army the Shining Company Led by the gallant Prince Gorthyrn the company embark on a perilous but glorious campaign An epic tale of battles and bravery from the acclaimed historical storyteller Rosemary Sutcliff

**From a Swedish Homestead** Selma Lagerlöf,2020-09-28 At Santa Caterina s house in Siena on a day towards the end of April in the week when her f te is being celebrated people come to the old house in the Street of the Dyers to the house with the pretty loggia and with the many small chambers which have now been converted into chapels and sanctuaries bringing bouquets of white lilies and the rooms are fragrant with incense and violets Walking through these rooms one cannot help thinking that it is just as if she were dead yesterday as if all those who go in and out of her home to day had seen and known her But on the other hand no one could really think that she had died recently for then there would be more grief and tears and not only a quiet sense of loss It is more as if a beloved daughter had been recently married and had left the parental home Look only at the nearest houses The old walls are still decorated as if for a f te And in her own home garlands of flowers are still hanging beneath the portico and loggia green leaves are strewn on the staircase and the doorstep and large bouquets of flowers fill the rooms with their scent She cannot possibly have been dead five hundred years It looks much more as if she had celebrated her marriage and had gone away to a country from which she would not return

for many years perhaps never Are not the houses decorated with nothing but red table cloths red trappings and red silken banners and are there not stuck red paper roses in the dark garlands of oak leaves and the hangings over the doors and the windows are they not red with golden fringes Can one imagine anything more cheerful And notice how the old women go about in the house and examine her small belongings It is as if they had seen her wear that very veil and that very shirt of hair They inspect the room in which she lived and point to the bedstead and the packets of letters and they tell how at first she could not at all learn to write but that it came to her all at once without her having learnt it And only look at her writing how good and distinct And then they point to the little bottle she used to carry at her belt so as always to have a little medicine at hand in case she met a sick person and they utter a blessing over the old lantern she held in her hand when she went and visited the sick in the long weary nights It is just as if they would say Dear me dear me that our little Caterina Benincasa should be gone that she will never come any more and look after us old people And they kiss her picture and take a flower from the bouquets to keep as a remembrance *The Illustrated London News* ,1922 **Gardeners' Chronicle**
