Rousseau The Routledge Philosophers

John Charpentier

Rousseau The Routledge Philosophers:

Routledge Philosophy GuideBook to Rousseau and the Social Contract Christopher Bertram, 2004-08-02 Rousseau's Social Contract is a benchmark in political philosophy and has influenced moral and political thought since its publication. Rousseau and the Social Contract introduces and assesses Rousseau's life and the background of the Social Contract. The ideas and arguments of the Social Contract, Rousseau's continuing importance to politics and philosophy, and Rousseau and the Social Contract will be essential reading for all students of philosophy and politics and anyone coming to Rousseau for the first time.

Rousseau N. J. H. Dent, 2005 Beginning with an overview of Rousseau's life works, Dent assesses the central ideas and arguments of Rousseau's philosophy, including the corruption of modern civilization, the state of nature, his theories of amour de soi, amour propre, his theories of education.

An Analysis of Jean-Jacques Rousseau's The Social Contract James Hill, 2017-07-05 Few people can claim to have had minds as fertile and creative as the French philosopher Jean Jacques Rousseau. One of the most influential political theorists of the modern age, he was also a composer and writer of opera, a novelist, and a memoirist whose Confessions ranks as one of the most striking works of autobiography ever written. Like many creative thinkers, Rousseau was someone whose restless mind could not help questioning accepted orthodoxies and looking at matters from novel and innovative angles. His 1762 treatise The Social Contract does exactly that: Examining the nature and sources of legitimate political power, it crafted a closely reasoned and passionately persuasive argument for democracy at a time when the most widely accepted form of government was absolute monarchy, legitimised by religious beliefs about the divine right of kings and queens to rule. In France, the book was banned by worried Catholic censors; in Rousseau's native Geneva, it was both banned and burned. But history soon pushed Rousseau's ideas into the mainstream of political theory with the French and American revolutions, paving the way for democratic government to gain ground across the Western world. Though it was precisely what got Rousseau's book banned at the time, the novel idea that all legitimate government rests on the will of the people is now recognised as the core principle of democratic freedom and represents for many people the highest of ideals.

Jean-Jacques Rousseau: Paradoxes and interpretations John T. Scott, 2006 Bringing together critical assessments of the broad range of Rousseau's thought with a particular emphasis on his political theory, this systematic collection is an essential resource for both student and scholar.

Rousseau John Charpentier, 2019-04-25 This book, first published in 1931, provides a valuable account of Rousseau's early years, giving an insight into his later philosophies as well as showing the development of his thought.

The Rousseauian Mind Eve Grace, Christopher Kelly, 2019-01-17 Jean Jacques Rousseau (1712-1778) is a major figure in Western Philosophy and is one of the most widely read and studied political philosophers of all time. His writings range from abstract works such as On the Social Contract to literary masterpieces such as The Reveries of the Solitary Walker, as well as immensely popular novels and operas. The Rousseauian Mind provides a comprehensive survey of his work, not only placing it in its historical context but also exploring

its contemporary significance Comprising over forty chapters by a team of international contributors the Handbook covers The predecessors and contemporaries to Rousseau s work The major texts of the system Autobiographical texts including Confessions Reveries of the Solitary Walker and Dialogues Rousseau s political science The successors to Rousseau s work Rousseau applied today Essential reading for students and researchers in philosophy Rousseau s work is central to the study of political philosophy the Enlightenment French studies the history of philosophy and political theory *Western Philosophy* John G. Cottingham,2021-07-02 The new edition of this celebrated anthology surveys the Western philosophical tradition from its origins in ancient Greece to the work of today s leading philosophers Western Philosophy An Anthology provides an authoritative guided tour through the great tradition of Western philosophical thought The seminal writings of the great philosophers along with more recent readings of contemporary interest are explored in 144 substantial and carefully chosen extracts each preceded by a lucid introduction guiding readers through the history of a diverse range of key arguments and explaining how important theories fit into the unfolding story of Western philosophical inquiry Broad in scope the anthology covers all the main branches of philosophy theory of knowledge and metaphysics logic and language philosophy of mind the self and freedom religion and science moral philosophy political theory aesthetics and the meaning of life all in self contained parts which can be worked on by students and instructors independently The third edition of the Anthology contains newly incorporated classic texts from thinkers such as Aquinas Machiavelli Descartes William James and Wittgenstein Each of the 144 individual extracts is now followed by sample questions focusing on the key philosophical problems raised by the excerpt and accompanied by detailed further reading suggestions that include up to date links to online resources Also new to this edition is an introductory essay written by John Cottingham which offers advice to students on how to read and write about a philosophical text Part of the Blackwell Philosophy Anthologies series Western Philosophy An Anthology Third Edition remains an indispensable collection of classic source materials and expert insights for both beginning and advanced university students in a wide range of philosophy courses **Rousseau** Timothy O'Hagan,1999 Timothy O Hagan investigates Jean Jacques Rousseau s writings concerning the formation of humanity of the individual and of the citizen in his three master works the Discourse on the Origin of Inequality among Men Emile and the Social Contract He explores Rousseau s reflections on the sexes language and religion O Hagan gives Rousseau s arguments a close and sympathetic reading He writes as a philosopher not a historian yet he never loses sight of the cultural context of Rousseau s work Rousseau's Theory of Freedom Matthew Simpson,2006-03-08 Jean Jacques Rousseau has a claim to be ranked above even Karl Marx as the political philosopher who has most influenced everyday life His much read philosophy of education alone would qualify him for a high place but his political theory is even more important decisions affecting millions of people were made based on the reading of certain lines of the Social Contract Yet while politicians and scholars have studied this book for 250 years almost no agreement exists on how to interpret its central concept freedom Rousseau s theory

of freedom has led him to be called everything from the greatest prophet of individual liberty to the designer of the first totalitarian state This book offers a new unifying interpretation of the theory of freedom in the Social Contract Simpson gives a careful analysis of Rousseau s theory of the social pact and then examines the kinds of freedom that it brings about showing how Rousseau s individualist and collectivist aspects fit into a larger and logically coherent theory of human liberty Simpson s book not only helps us to understand one of the pre eminent political minds of the 18th century but also brings us into closer conversation with those he influenced who have done so much to shape our world And in light of the interest in contemporary contractualist philosophers like Rawls Scanlon and Gauthier readers will find it worthwhile to return to the thinker who offers one of the most radical profound and insightful theories of the social contract ever devised Rousseau's God John T. Scott,2023-04-18 A landmark study of Rousseau s theological and religious thought John T Scott offers a comprehensive interpretation of Rousseau s theological and religious thought both in its own right and in relation to Rousseau s broader oeuvre In chapters focused on different key writings Scott reveals recurrent themes in Rousseau s views on the subject and traces their evolution over time He shows that two concepts truth and utility are integral to Rousseau s writings on religion Doing so helps to explain some of Rousseau s disagreements with his contemporaries their different views on religion and theology stem from different understandings of human nature and the proper role of science in human life Rousseau emphasizes not just what is true but also what is useful psychologically morally and politically for human beings Comprehensive and nuanced Rousseau s God is vital to understanding key categories of Rousseau s thought

Rousseau's Platonic Enlightenment David Lay Williams,2010-11-01 In this sterling deeply researched study Williams explores how thinkers ranging from Hobbes to d Holbach highlight various sets of ideas that Rousseau combated in developing his philosophical teaching The account of Rousseau s predecessors who might be called Platonists is especially interesting as is the account of those who qualify as materialists Moreover Williams provides a good overview of Rousseau s teaching demonstrates a commendable grasp of the relevant secondary literature and argues ably for the superiority of his own interpretations Clearly written and superbly organized this book contributes much to Rousseau studies An indispensable book for Rousseau scholars this volume also will appeal to general readers and students at all levels C E Butterworth

CHOICE **Rousseau and the Modern State** Alfred Cobban,2019-05-08 First published in 1934 and revised and expanded in 1964 this book is the standard work on the political thought of Rousseau It was acclaimed by English reviewers as an excellently arranged lucidly written unbiased account of Rousseau s political theory a scholarly book distinguished for lucidity both in thought and style and a first rate book in defence of the essential sanity of Rousseau s thought **A New Modern Philosophy** Eugene Marshall,Susanne Sreedhar,2019-03-07 The seventeenth and eighteenth centuries are arguably the most important period in philosophy s history given that they set a new and broad foundation for subsequent philosophical thought Over the last decade however discontent among instructors has grown with coursebooks unwavering

focus on the era's seven most well known philosophers all of them white and male and on their exclusively metaphysical and epistemological concerns While few dispute the centrality of these figures and the questions they raised the modern era also included essential contributions from women like Margaret Cavendish Elisabeth of Bohemia Mary Wollstonecraft and milie Du Ch telet as well as important non white thinkers such as Anton Wilhelm Amo Julien Raimond and Ottobah Cugoana At the same time there has been increasing recognition that moral and political philosophy philosophy of the natural world and philosophy of race also vibrant areas of the seventeenth and eighteenth centuries need to be better integrated with the standard coverage of metaphysics and epistemology

A New Modern Philosophy The Inclusive Anthology of Primary Sources addresses in one volume these valid criticisms Weaving together multiple voices and all of the era's vibrant areas of debate this volume sets a new agenda for studying modern philosophy It includes a wide range of readings from 34 thinkers integrating essential works from all of the canonical writers along with the previously neglected philosophers Arranged chronologically editors Eugene Marshall and Susanne Sreedhar provide an introduction for each author that sets the thinker in his or her time period as well as in the longer debates to which the thinker contributed Study questions and suggestions for further reading conclude each chapter At the end of the volume in addition to a comprehensive subject index the book includes 13 Syllabus Modules which will help instructors use the book to easily set up different topically structured courses such as The Citizen and the State Mind and Matter Education Theories of Perception or Metaphysics of Causation And an eresource offers a wide range of supplemental online resources including essay assignments exams quizzes student handouts reading questions and scholarly articles on teaching the history of philosophy

The European Philosophers from Descartes to Nietzsche Monroe Beardsley, 2002-11-12 Between the earliest and the latest of the works included here we have two hundred and fifty years of vigorous and adventurous philosophizing Monroe Beardsley writes in his Introduction to this collection If the modern period can be only vaguely or arbitrarily bounded it can at least be studied and we can ask whether any dominant themes overall patterns of movement or notable achievements can be found within it This question is one that is best asked by the reader after he has read or read around in these works This Modern Library Paperback Classic also includes a newly updated Bibliography

The Enlightenment Paul Hyland, Olga Gomez, Francesca Greensides, 2003 The Enlightenment brings together the work of major Enlightenment thinkers such as Hobbes Rousseau Diderot and Kant to illustrate the full importance and achievements of this period in history Extracts are gathered thematically into sections on such aspects of the Enlightenment as political theory religion and belief art and nature All essays are introduced and a final section on critical reflections provides a selection of modern critical opinions on the period by writers including Foucault Habermas and Lyotard Containing illustrations from the work of artists such as Hogarth and Gainsborough a chronology of the Enlightenment and a detailed bibliography The Enlightenment is a rich source of information and inspiration for all those studying this great period of change

Quotations from Osama Bin Laden Brad K. Berner, 2007 Although for much of the

world Osama Bin Laden is the public face of contemporary Islamist fundamentalist terrorism he is a hero for a significant Islamist fundamentalist minority for his violent resistance to Western encroachment on Islamic societies and a **Practical Necessity, Freedom, and History** David James, 2021 By means of careful analysis of relevant writings by Hobbes Rousseau Kant Hegel and Marx David James argues that the concept of practical necessity is key to understanding the nature and extent of human freedom Practical necessity means being or believing oneself to be constrained to perform certain actions in the absence whether real or imagined of other more attractive options or by the high costs involved in pursuing other options Agents become subject to practical necessity as a result of economic social and historical forces over which they have or appear to have no effective control and the extent to which they are subject to it varies according to the amount of economic and social power that one agent possesses relative to other agents The concept of practical necessity is also shown to take into account how the beliefs and attitudes of social agents are in large part determined by social and historical processes in which they are caught up and that the type of motivation that we attribute to agents must recognize this Practical Necessity Freedom and History From Hobbes to Marx shows how Rousseau Kant Hegel and Marx in contrast to Hobbes explain the emergence of the conditions of a free society in terms of a historical process that is initially governed by practical necessity The role that this form of necessity plays in explaining history necessity invites the following question to what extent are historical agents genuinely subject to both practical and historical necessity *Difference at the Origin* Paul Mani, 2008 Heidegger's Way Of Thinking Has Left A Rich Legacy For Post Modern Philosophers Particularly For Jacques Derrida Who Has Greatly Influenced Philosophy And Literature In The Modern Times Derrida Like His Mentor Heidegger Understands That In The Western Philosophy The Meaning Of Being Has Been Determined By Metaphysics Of Presence However Unlike Heidegger Derrida Does Not Begin His Philosophical Career With A Question On Being Nor Does He Take Up Philosophical Positions Traditional Or Otherwise The Purpose Of The Present Study Is The Critical Evaluation Of Derrida's Claim That He Deconstructed One Of Heidegger's Most Important Essays The Origin Of The Work Of Art By Which He Tries To Overcome The Metaphysics Of Presence The Book Presents An In Depth Analysis Of Heidegger's Question Of The Meaning Of Being And Derrida's Critique Of Western Logocentrism And His Philosophy Of Deconstruction It Delves Into The Origin Of The Truth Of The Work Of Art Studying The Essence Of Thing Equipment And Work Of Art As Philosophised By Heidegger It Discusses Truth As The Strife Taking Originary Strife As The Essence Of The Meaning Of Being It Also Includes Derrida's Criticism Of The Restitution Of The Truth Of The Work Of Art And An Evaluation Of The Differential Structure Of The Truth Of The Painting As A Work Of Art A Comparative Study Of The Philosophies Of Heidegger And Derrida Has Been Given Under Non Originary Origin Of Truth And Difference As The Origin References Have Been Given At The End Of Each Chapter To Facilitate Easy Understanding Of The Concepts Discussed In The Text Besides There Is A Comprehensive Bibliography Giving Primary As Well As Secondary Sources From Which The Book Has Drawn The Book Shall Be Highly

Useful To The Students And Teachers Of Philosophy Theology Metaphysics And The Researchers In These Fields

Philosophic Classics, Volume III Forrest Baird, 2023-05-31 Esteemed for providing the best available translations Philosophic Classics Modern Philosophy features complete works or complete sections of the most important works by the major thinkers as well as shorter samples from transitional thinkers First published in 1961 Forrest E Baird's revision of Philosophic Classics continues the tradition of providing generations of students with high quality course material Using the complete works or where appropriate complete sections of works this anthology allows philosophers to speak directly to students *Rousseau's Social Contract* David Lay Williams, 2014-01-13 Rousseau's Social Contract An Introduction offers a thorough and systematic tour of this notoriously paradoxical and challenging text
