Digging Through the Bible Richard A. Freund, 2009 Many of our religious beliefs are based upon faith alone but archaeology gives us the opportunity to find evidence about what really happened in the distant past evidence that can have a dramatic impact on what we believe and how we understand the Bible today Professor and rabbi Richard A Freund takes readers through many of his own archaeological excavations in the Holy Land searching for evidence about key biblical characters and events Many of these excavations have been featured in documentaries and books Now for the first time these discoveries are presented together with startling results Digging through the Bible presents overviews of the evidence surrounding figures such as Moses ancient Israelite kings David and Solomon and Mary the mother of Jesus as well as new information that can help us more fully understand biblical life and history Freund also presents new evidence about the discovery of the grave of the Teacher of Righteousness mentioned in the Dead Sea Scrolls and gives a compelling argument about how and why the Exodus of the Israelites may have taken place in three separate exoduses rather than in a single event BOOK JACKET **The RVer's Bible (Revised and Updated)** Kim Baker, Sunny Baker, 2009-11-24 The RVer's Bible is the ultimate guide to living and traveling in a recreational vehicle From purchasing maintaining and driving the rig to navigating the emotional pitfalls of life on the road this handbook covers all the bases Now revised and updated the RVer's Bible keeps you up to date with all the new technologies and systems of the 21st century RV **Southern Sounds From The North** Richard L.
