A dictionary of economics Donald Rutherford,

A Reconsideration of the Theory of Non-Linear Scale Effects Richard G. Lipsey, 2018-03-22 The main thrust of this Element is a critical assessment of the theory and evidence concerning the sources of scale effects It is argued that the analysis of static scale effects is important because scale effects are embedding in our world and new technologies associated with an evolving economy often allow their exploitation when they cannot be exploited in less technically advanced and smaller economies So although static equilibrium theory is not a good vehicle for studying economic growth showing how scale effects operate when output varies with given technology helps us to understand the scale effects that occur when output rises as a result of economic growth

even though that is typically driven by technological change

Information Sources of Political Science Stephen W. Green, Douglas J. Ernest, 2005-07-15 A thoroughly revised and updated new edition of the world's leading comprehensive bibliography of American and international politics The eagerly anticipated new edition of the widely acclaimed Information Sources of Political Science is the most comprehensive English language political bibliography available offering the surest way for students and researchers to get straight to the information they need Like no other volume it provides a fully rounded view of the field both in the United States and internationally including relevant works in history economics sociology and education Its 2 500 entries cover a wide variety of source types indexing and abstracting services major bibliographical tools encyclopedias dictionaries handbooks directories statistical compilations and more In addition this edition is the first to feature substantial coverage of electronic resources both databases and Internet sites Each source receives its own annotation with entries grouped in categories to bring together like works for easy comparison This work is a cornerstone reference for academic and public libraries

Handbook of Research on Environmental Taxation Janet E. Milne, Mikael Skou Andersen, 2012-01-01 Ingeniously organized in a life cycle format the Handbook covers environmental taxation concepts design acceptance implementation and impact The universal themes discussed in each area will appeal to a broad range of readers Larry Kreiser Cleveland State University US This book is a smart and useful reader's guide providing analytical tools for a full comprehension of environmental taxes with an interdisciplinary approach that looks at all the different phases of environmental taxation from the design to the implementation the political acceptance and the impact on the economy The authors' effort is very successful in endowing academicians policy makers and the general public with an excellent proof of the effectiveness of environmental taxes and green tax reforms Alberto Majocchi University of Pavia Italy Putting the words environment next to taxation might not always be the flavour of the month but no modern society can ignore the value of the natural environment and the need to maintain its good quality and no competitive economy can prosper without the necessary tax revenues to function Environmental taxation offers the prospect of moving towards a more resource efficient economy where preference is given to tax more what we burn less what we earn I welcome this contribution to the literature Commissioner Connie Hedegaard European Commission The Milne and Andersen volume provides a splendid treatment of environmental taxation that encompasses the basic conceptual issues problems of tax design and implementation and several insightful case studies that show how environmental taxes actually work in practice It is the best overall treatment of environmental taxation available comprehensive rigorous and readable Wallace Oates University of Maryland US The Handbook of Research on Environmental Taxation captures the state of the art of research on environmental taxation Written by 36 specialists in environmental taxation from 16 countries it takes an interdisciplinary and international approach focusing on issues that are universal to using taxation to achieve environmental goals The Handbook explores the conceptual foundations of environmental taxation essential elements for designing environmental tax measures

factors that influence the acceptance of environmental taxation the variety of ways to implement environmental taxes their environmental and economic impact and finally the larger question of the role of taxation among other policy approaches to environmental protection Intermixing theory with case studies the Handbook offers readers lessons that can be applied around the world It identifies key bodies of research for people who are already working in the field or entering the field and highlights issues that call for more research in the future With systematic analysis of key issues in environmental taxation this book will appeal to researchers governments think tanks NGOs and academics in law economics political science and public finance as well as students specializing in environmental taxation and other market based instruments **Fiscal**

Federalism and Diversity Accommodation in Multilevel States: A Comparative Outlook Francisco Javier Romero Caro,Alice Valdesalici,2024-09-12 This open access edited book connects two strands of federal studies fiscal federalism and diversity accommodation to answer two closely interrelated questions The first of these is to what extent has the need to accommodate diversities determined financial relations and their evolution The authors answer this question by conducting a thorough investigation of the types of diversity that drive such evolution The second question is does fiscal federalism have a broadly positive or negative impact on the accommodation of diversities by producing institutional solutions that either integrate a federal system or pull it apart Through contributions from experts in law economics and political science the book uses a series of case studies to establish a theoretical framework for exploring the relationship between fiscal federalism and diversity accommodation The authors lay the groundwork for a comparative study of this relationship in multilevel states

The Trouble with Money or Why Does the U.S. Dollar Rise and Fall and Then Rise Again , What is an Exchange? Ruben Lee,1998 Important reference point on the recent development of exchanges Dr Rolf E Breuer Chairman of Deutsche Bank and Chairman of Deutsche Borse Ruben Lee has long been a thoughtful student of securities trading markets **Lex Petrolea and International Investment Law** Nima Mersadi Tabari,2016-09-01 Lex Petrolea and

International Investment Law Law and Practice in the Persian Gulf offers readers a detailed analysis of jurisprudence on the settlement of upstream petroleum disputes between host states in the Persian Gulf and foreign investors Dr Nima Mersadi Tabari considers the historical political and socio economic roots of the existing frameworks and levels of protection offered to foreign investors With particular focus on petroleum related disputes he initially delivers a comprehensive survey of the jurisprudence of international investment law and investment treaty arbitration Following on from this in three dedicated chapters the author provides in depth analysis of the legal regimes governing the matter in the major producers of the region Saudi Arabia Iraq and Iran A key resource for all professionals working on legal issues arising from foreign direct investments in natural resources this book draws a detailed picture of the legal regime governing the upstream sector in the most important geographical region for the international oil and gas sector *Sustainable and Responsible*

Commercial Banking in Kenya Christian Velasco,2024-08-05 This book investigates the impact of commercial banks in Kenya right through from their origins to their role during the colonial period the process of adaptation following independence and up to their responses to new challenges and economic policies in the twenty first century The British colonisation of East Africa required the development of diverse political social and economic institutions to advance and exercise control over the territories and their populations Multinational commercial banks were among the first institutions with the National Bank of India Standard Bank of South Africa and Barclays Bank DCO all setting up business in Kenya whilst continuing to maintain close relationships with the UK and other colonial actors This book assesses the impact of commercial banks during the last years of colonial domination and the tools they used to adapt in the first decades of independence The book concludes by considering how the colonial banking system has influenced the development of modern financial institutions in Kenya in the twenty first century This book argues that commercial banks are fundamental to understanding African colonies and the foundations over which the financial system of contemporary Africa was constructed It will be of interest to researchers of banking economic history the colonial period and African studies

China in the Global South Theodor Tudoroiu,Anna Kuteleva,2022-04-23 This book scrutinizes the frequently ignored agency of Global South sub national actors in their interactions with China using a multidisciplinary approach and eleven case studies Contributors examine China s presence in the Global South on a country by country basis analyzing how various non state and sub state actors are responding to the rise of China and whether they are attracted by the cooperation models that China proposes or deterred by its new assertiveness Contributions cover diverse and heterogeneous geographies of the Global South ranging from Papua New Guinea to Argentina and from Madagascar to the Russian Far East Examining such diverse cases contributors focus on two interrelated questions What is the actual economic political and social impact of China s growing presence in the Global South And critically how do the citizens of the Global South understand and interpret China s rise Taken together the case studies develop a comprehensive picture of a

complex and sometimes problematic process of China's inclusion into the economic social and political realities of the Global South This book identifies and fills the gaps in the existing literature on China's rise by offering a nuanced perspective on China's relations with the countries of the Global South that captures such variables as social context intersubjective meanings and identities By focusing China's relations with the Global South it also provides an important addition to the literature on international politics of development and China's role in the transformation of the South South cooperation

Intellectual Property and Development Rami M. Olwan, 2013-03-15 The book examines the correlation between Intellectual Property Law notably copyright on the one hand and social and economic development on the other The main focus of the initial overview is on historical legal economic and cultural aspects Building on that the work subsequently investigates how intellectual property systems have to be designed in order to foster social and economic growth in developing countries and puts forward theoretical and practical solutions that should be considered and implemented by policy makers legal experts and the World Intellectual Property Organization WIPO

Evolution of United States Budgeting Annette Meyer, 2002-05-30 As a fiscal document recording the spending taxing and borrowing policies for the coming year the U S budget continues to be a model for other nations This book focuses on the various phases of budget making its historical background in fiscal and monetary terms and special budgetary issues including the budget balance credit activities of Government Sponsored Enterprises the future health of Social Security and the budget's relationship to the financial and public goods aspects of the international environment Covering major changes in the structure and process of budgeting since 1989 when the book was first published this volume covers new ground in many aspects of fiscal and financial policy domestically and internationally Each section of the book is devoted to a different aspect of U S budgeting ranging from the foundations of the present policies to the annual budget cycle to the actual methods of accomplishment and the containment of those policies in the global framework One section focuses on high visibility issues Social Security surpluses federal debt and entitlement programs The book provides a valuable overview for those wishing to understand the budget process and its foundations while aspiring to help improve that process

New Perspectives on the Public-Private Divide Law Commission of Canada, 2003 The separation between public and private spheres has structured much of our thinking about human organizations This collection of essays explores how the public private divide influences challenges and interacts with law and law reform

Key Success Factors for Foreign Direct Investment (FDI) Dusko Lukac, 2008-05 To define key success factors means to understand the business In every business certain issues or activities are key and critical to performance and to creation of competitive advantage To develop corporate level strategy an analysis of key success factors is not usually necessary because business level plans define the success factors But to summarize success factors is important in order to confirm their importance with the business level managers and to prove if circumstances in the business have changed This book explains step by step which issues one non for profit organisation

need to take into consideration in order to gain competitive advantage on foreign market Specific focus will be given to determination of organizational structure If there is a fit between parent and its business the parent is likely to create the value This book assess the fit between one non for profit organisation corporate parent and its business Western Balkan This can help to identify opportunities of parenting particularly if e g business unit managers in subsidiary abroad lack the time and skills to become expert in engineering and technical issues parent company an expert can create values by helping the business unit raise technical standards Analysed is furthermore all aspects they have impact on choice of business location because determination of business location and choice of new location supports not only the company s survival but also its ability to continue to grow
