**Contemporary Architects** Muriel Emanuel, 2016-01-23 *Lapland* James Proctor, 2007 This first English language guidebook to the Lapland region of Scandinavia covers places and activities in the remote outposts of Norway Sweden and Finland together with background information to help travellers understand the Lap cultures *Brand Culture and Identity: Concepts, Methodologies, Tools, and Applications* Management Association, Information Resources, 2018-10-05 The world of brands is undergoing a sea change in the domain of consumer culture and it has become a challenge to cater to the taste and needs of audiences The process of creating iconic brands varies from product to product and market to market Effective branding strategies are imperative for success in a competitive marketplace *Brand Culture and Identity Concepts Methodologies Tools and Applications* is a vital reference source for the latest research findings on the use of theoretical and applied frameworks of brand awareness and culture Highlighting a range of topics such as consumer behavior advertising and emotional branding this multi volume book is ideally designed for business executives marketing professionals business managers academicians and researchers actively involved in the marketing industry Community Adaptation and Vulnerability in Arctic Regions Grete K. Hovelsrud, Barry Smit, 2010-09-08 *The Year That Changed How We View the North* This book is about a new theoretical approach that transformed the field of Arctic social studies and about a program called International Polar Year 2007 2008 IPY that altered the position of social research within the broader polar science The concept for IPY was developed in 2003 2005 its vision was for researchers from many nations to work together to gain cross disciplinary insight into planetary processes to explore and increase our understanding of the polar regions the Arctic and Antarctica and of their roles in the global system IPY 2007 2008 the fourth program of its kind followed in the footsteps of its predecessors the first IPY in 1882 1883 the second IPY in 1932 1933 and the third IPY later renamed to International Geophysical Year or IGY in 1957 1958 All earlier IPY IGY have been primarily geophysical initiatives with their focus on meteorology atmospheric and geomagnetic observations and with additional emphasis on glaciology and sea ice circulation As such they excluded socio economic disciplines and polar indigenous people often deliberately except for limited ethnographic and natural history collection work conducted by some expeditions of the first IPY That once dominant vision biased heavily towards geophysics oceanography and ice sheets left little if any place for people that is the social sciences and the humanities in what has been commonly viewed as the hard core polar research **Arctic Environmental Cooperation** Monica Tennberg, 2017-11-01 This title was first published in 2000 The book analyses the development of arctic environmental cooperation since the late 1980s until the establishment of the Arctic Council in 1996 The study is based on the discourse analysis of statement documents and interviews by the different actors in the cooperation In this book the problem of the environment is seen as a problem of order it is a problem of ordering relations among related actors of ordering priorities of action and of ordering relations between different institutional arrangements locally regionally and

internally Three discourses were found in the cooperation discourses of sovereignty knowledge and development In the discourse of sovereignty the development of relations between state and indigenous peoples in terms of international environmental cooperation is central In the discourse of knowledge the different forms of knowledge and the role of different producers of knowledge in cooperation has been discussed The discourse of development focuses on the idea of sustainable development and its applications in defining the future of the Circumpolar North and the activities of the Arctic Council The arctic cooperation can be understood as a regional effort to make an order of sustainability into practice **The Nordic**

**Environments** Marko Joas,Ann-Sofie Hermanson,2019-01-04 First published in 1999 this volume features 13 contributors with expertise in social science and environmental research who have brought together comparative 12 articles which study the connection between humanity and nature focusing on comparisons between the Nordic countries Denmark Finland Norway and Sweden They are among the most homogeneous and hence most comparable societies in Europe The articles reflect the need for environmental and political change recognised by social scientists and political scientists across the Nordic countries with an emphasis on ecological modernisation They first consider conceptions of the environment before comparing both between and within these countries The traditions and institutions presented in the volume reflect the comprehensiveness of the approaches used within the field in the Nordic countries **Worldwide Government Directory**

**Finland's War of Choice** Henrik O. Lunde, 2020-01-10 A selection of the Military Book Club A solid operational analysis from an established scholar of the Scandinavian theater Publishers Weekly This book describes the odd coalition between Germany and Finland in World War II and their joint military operations from 1941 to 1945 In stark contrast to the numerous books on the shorter and less bloody Winter War which represented a gallant fight of a democratic David against a totalitarian Goliath and caught the imagination of the world the story of Finland fighting alongside a Goliath of its own has not brought pride to that nation and was a period many Finns would rather forget A prologue brings the reader up to speed by briefly examining the difficult history of Finland from its separation from the Soviet Union in 1917 to its isolation after being bludgeoned in 1939 40 It then examines both Finnish and German motives for forming a coalition against the USSR and how as logical as a common enemy would seem the lack of true planning and preparation would doom the alliance In this book Henrik Lunde a former US Special Operations colonel and author of Hitler s Pre emptive War The Battle for Norway 1940 once again fills a profound gap in our

understanding of World War II      **Intelligent Agents in the Evolution of Web and Applications** Ngoc Thanh Nguyen, Lakhmi C Jain, 2009-01-17 Intelligent agents have revolutionised the way we do business we teach we learn design systems and so on Agent applications are increasingly being developed in mains as diverse as meteorology manufacturing war gaming UAV mission management and the evolution of Web 1 The Web has also has the same effect on our daily life as the intelligent agents We use Web for information search shopping news communication and so on We wonder how we lived without Web in the past 2 The book presents a sample of some of the most innovative research on the use of intelligent agents in the evolution of Web There are thirteen chapters in the book Chapters are on theoretical foundations as well as practical applications We are grateful to the contributors and reviewers for their contribution We believe that the research reported in the book will encourage researchers to develop the robust human like intelligent machines for the service of humans We sincerely thank Springer Verlag for their editorial support during the preparation of the manuscript The editors appreciate the resources provided by Wroclaw University of Technology and the University of South Australia to edit this volume      **Arctic Research of the United States** ,1992      The NEBI Yearbook 2000 Lars Hedegaard, Bjarne Lindström, 2012-12-06 The NEBI Yearbook 2000 aims to provide a balanced picture of both the integrationist opportunities and disintegrationist pressures in the North European and Baltic Sea area a region with over 50 million inhabitants and great economic and trading potentials It brings together a wide range of scientific methods and perspectives in addition to a comprehensive statistical section with information found nowhere else The result is a unique source of up to date knowledge of this increasingly important European region      **World Directory of Forest Pathologists and Entomologists** Harold O. Batzer, 1985      *Role Theory, Environmental Politics, and Learning in International Relations* Sandra Engstrand, 2021-05-07 In this book Sandra Engstrand uses role theory to study learning processes in environmental policy negotiations in the Arctic Council Owing to rapid ice melting in the Arctic region and more accessible commercial opportunities there is a greater need for environmental protection However large sections of the Arctic fall under state jurisdiction often causing tensions to arise that prevent any cooperation from achieving fully efficient environmental protection To enhance our understanding on how states learn about environmental norms Engstrand examines negotiation processes on environmental protection for the prevention of Arctic marine oil spills and the reduction of short lived climate pollutants Through interviews with state representatives and through text analyses of nearly twenty years of meetings between Senior Arctic Officials from each of the eight Arctic states Engstrand suggests that learning on environmental norms runs firstly through a learning of roles in international relations She demonstrates how member states develop through self reflection and by considering the expectation of others concluding that states wish to preserve their social role in a group and to be perceived as Arctic cooperators are drivers for a social education on environmental norms A timely and unmatched volume *Role Theory Environmental Politics and Learning in International Relations* will engage students and academic researchers in

international relations environmental governance and Arctic politics
