Royals at War Dylan Howard, Andy Tillett, 2020-06-30 Reveals Shocking Revelations about Prince Harry Meghan Markle and the British Royal Family and the Divisive Rifts Between Them This explosive exposé Royals at War takes readers inside a riven Buckingham Palace to provide the definitive account of the unfolding abdication crisis of 2020 dubbed Megxit during which the Duke and Duchess of Sussex Prince Harry and Meghan Markle became royal outcasts Through revealing interviews with royal family insiders friends aides historians royal watchers and others with intimate knowledge of The House of Windsor this tell all book looks back at the events motives and crises which led to Harry sixth in line to the throne dramatically abandoning his birthright in a move not seen for nearly a century when King Edward VIII also gave up the crown for the woman he loved as Europe teetered on the brink of fascism and war Like Edward and Wallis Simpson the catalyst for the scandal here is also an ambitious controversial American woman Dylan Howard bestselling author of *Diana Case Solved* and *Epstein Dead Men Tell No Tales* charts how Meghan's relationship with Harry was viewed as controversial from the start and how her brief honeymoon with the British public began to sour shortly after she and Harry announced in November 2018 that they would be leaving Kensington Palace to move to Frogmore Cottage an hour outside London As senior royals expressed disapproval the public at first seemed to enjoy the royal spat with many still supporting Team Meghan until it emerged that the bill to renovate Frogmore Cottage to Meghan's lavish expectations would be 3 million and be picked up by British taxpayers Finally in a move nobody saw coming Harry announced he was turning his back on the role he had been groomed for since birth giving up his HRH title repaying the renovation costs of Frogmore Cottage abandoning his royal duties and leaving Britain for good Buckingham Palace reeled Howard's unique access and insight into this constitutional crisis will not only address the tensions and tantrums behind closed palace doors but seek to answer the questions many are still asking Has Prince Harry ever really recovered from the death of his mother Diana and the resentment he feels against the institution that tried to destroy her Why did Meghan once hailed as a breath of fresh air rile up the monarchy Why did she refuse to conform to royal conventions in the way that Catherine did before her Did the public and media criticism of Meghan go too far And just how valid are the accusations of racism How did these modern royals treat the tabloids differently to tradition And did it backfire What next for Harry and Meghan And how will they and the institution they've turned their back on react to their new lives outside the confines of the Palace and free from the strict codes and conventions that bind all members of the Royal Family Caught in a trap by virtue of a life entombed in a gilded cage Royals at War answers these questions and more and reveals how Harry's infatuation with Meghan and desire to modernize the monarchy could yet end in disaster for the House of Windsor Played out against the cataclysm of the British tabloid's laser focus on the duchess every movement for good or ill this is the true story of Harry and Meghan's split from the Establishment and perhaps just the beginning of a whole new Monarchy redefined for the modern age *Harry's War - The True Story of*

Meghan and Harry Lady Colin Campbell,2024-04-16 Only in ebook An updated edition of this blockbuster narrative provides the first behind the scenes authoritative account of the Duke and Duchess of Sussex s marriage by the New York Times bestselling author of *Diana in Private* A Wall Street Journal bestseller *Meghan and Harry The Real Story* Persecutors or Victims presents the reader with a strikingly forthright analysis of what happens when a vulnerable male raised in the traditions of the Old World and protected by a lifetime of privilege falls head over heels in love with a steely and ambitious doyenne of the New who is careless of tradition ignorant of its purpose contemptuous of its consequences and convinced that her own way is the best way even as the evidence to the contrary mounts Sunday Times best selling author Lady Colin

Campbell scrutinizes with insight clarity and precision the evidence of the circumstances actions and motives of Meghan and Harry with an impeccable and aristocratically experienced vision honed by five decades in the public eye She catalogues in depth how this apparently brilliantly favoured couple came to lose their way how they exhibited profound contemptuousness for practices built up by a treasured institution over a millennium and how they were unable to understand the potential benefits of their destiny to such an extent that they managed to turn their fate on its head Contrary to their statements Meghan and Harry prove through their own actions that they are ill judged characters unable to bring the dynamism of the New to the Old or represent the dignity of the Old to the New Falling between these two stools they conspire time and again against themselves and others inviting nothing but unnecessary controversy and unintended failure despite the fact that the vast majority of onlookers originally wished them well and hoped they would successfully forge a unique way forward in their ground breaking union Lady Colin s pen allows the couple no escape from the consequences of their actions With her unrivalled access to a variety of worlds closed to most writers Lady Colin Campbell provides the reader with the opinions of diplomatic and political figures from all over the Commonwealth as well as representatives of royalty aristocracy functionaries in the political spectrum and members of the general public to whom she has access through her professional activities as a writer and broadcaster In the process she demonstrates how the couple s desire for freedom from accepted restraints allied to ambitions of a very mixed nature have led to the inevitable clashes which have characterized their activities and brought about their descent from being the most popular royal couple at the time of their marriage to the most unpopular now Meghan may well have brought her Prince in shining armour to a home in Montecito California but the author provides the reader with genuine insight into the consequences of the couple s choices through her recognition of what it has taken them to get there including infuriating the late Queen and jettisoning close family as well as friends and colleagues and she concludes that Harry and Meghan are truly their own worst enemies persecutors who present themselves as victims when a more constructive and positive approach to life would have assured them of an entirely different and more positive outcome

The nineteenth-century present Koenraad Claes, Elizabeth Ludlow, 2025-07-29 The Nineteenth Century Present explores the multiple ways in which history was understood structured and reassessed in literary theological and political contexts across the nineteenth century While the scope of the book is wide ranging from the representations of geological time and ancient history to the writing of the recent past and covering the work of writers from Walter Scott to G K Chesterton each chapter reveals how present concerns intrude on and shape every view of history Ultimately the collection emphasises that issues raised regarding historicity in recent methodological debates were already concerns in the nineteenth century *New York* George Lippard, 1853

Running the Family Firm Laura Clancy, 2021-09-28 In recent decades the global wealth of the rich has soared to leave huge chasms of wealth inequality This book argues that we cannot talk about inequalities in Britain today without talking about the monarchy Running the Family Firm explores the postwar British monarchy in order to understand its economic political social and cultural functions Although the monarchy is usually positioned as a backward looking archaic institution and an irrelevant anachronism to corporate forms of wealth and power the relationship between monarchy and capitalism is as old as capitalism itself This book frames the monarchy as the gold standard corporation The Firm Using a set of case studies the Queen Prince Charles Prince Harry Kate Middleton and Meghan Markle it contends that The Firm s power is disguised

through careful stage management of media representations of the royal family In so doing it extends conventional understandings of what monarchy is and why it matters **Paper Diver** Gary L. Pinkerton, 2024-06-25 Harry E Rieseberg s autobiographical writings include stories like being attacked by a giant octopus while recovering sunken treasure defending himself from an attack by a 15 foot shark with only a diving knife and surviving a hurricane and a severely broken leg while at sea all captivating tales for audiences in the 1940s and 1950s and all invented by a very successful charlatan This is a biography of Harry E Rieseberg a shameless self promoter who passed himself off as the world s greatest treasure salvor but who never got wet His entire public persona was based on stories he retold in dozens of books and thousands of articles in which he made claims of feats that were fantasy but sold as fact Despite the often obvious facts of his fabrication his books influenced a generation of legitimate divers and underwater archaeologists like Sir Robert Marx and Robert Stenuit Thoroughly researched this book uses sources including his personal records and letters to his agents to provide deep insight into the nature of his life and the way he created a false persona for popular consumption *The Zoologist* ,1852
