Gender-Reveal Parties as Mediated Events Carly Gieseler, 2019-11-22 A decade ago it was difficult to imagine parents to be jumping from planes or dyeing their hair to publicly declare the sex of their unborn children Yet gender reveal parties have rapidly grown in popularity saturating the public imagination surrounding pregnancy and parenthood As a highly visible trend gender reveals correlate with our increased digital capacity for sharing competitive consumerism ritualized communitas and social media currency At the roots of this trend there may be motivations to reassert binary identities against a climate of acceptance and progression surrounding gender fluidity To analyze the divisive discourse surrounding this phenomenon this book explores issues including technologies of reproduction and media community and competition visibility and signifying the unborn consumerist imperatives and those uninvited from this trend In the process of selecting costumes of gender before birth Gieseler argues parents to be appropriate the unborn body as a contested discursive site

**Sport, Gender and Mega-Events** Katherine Dashper, 2021-11-29 This volume unpicks mega events as gendered entities and showcases how they both position athletes in relation to one of two binary sex positions and also push the boundaries of what we see and accept as a recognisably gendered male or female body The Annual Register of World Events Edmund Burke, 1926 Sex Scandal Ashley McGuire, 2017-02-13 Men and women used to cheer vive la difference But now contrary to all science and common sense we're supposed to believe that there is no difference And if you insist there is you just might be accused of a hate crime Our culture and our laws are endorsing a worldview rooted in craziness For instance we're told that Boys who think they're girls and who could change their minds tomorrow should be allowed to participate in girls sports and shower in their locker rooms Expectant mothers are now birthing individuals Coed college dorm rooms and bathrooms are great but single sex clubs are a campus danger It's horrible for stores to have separate boys and girls clothing departments let alone toy sections It would be a great idea for our military to lower physical standards and push young women and mothers into combat roles in the military If you think that's insanity you're not alone but you might be surprised at just how widespread and successful this lunatic campaign has become In her compelling new book Sex Scandal journalist Ashley McGuire takes this radical campaign to task and reveals How so called gender norming flies in the face of science which is proving that men and women are even more different than commonly acknowledged Why especially if you have kids it's almost impossible to avoid the dangerous consequences of a gender neutral world How embracing sexual differences can make policing safer government more efficient and hedge funds lose less money How gender neutrality is making women more vulnerable to violence How the word gender formerly a grammatical term has been used to dismiss the reality of definite biological sex male and female with fluid gender identities Why gender insanity is not something we can just ignore and hope will fade away but need to refute now with hard cold facts before it does any more damage which it likely will Sex Scandal The Drive to Abolish Male and Female is packed with news breaking interviews shocking examples and inconvenient

facts that everyone needs to read and act on      **Queer Carnival** Amy L. Stone, 2022-04-12 As LGBTQ people gain more legal rights it's important to think of more complex ways of being included in society From the Mardi Gras celebrations in the Deep South to the Mummers Parade in Philadelphia to the Portland Rose Festival communities across the United States gather together to celebrate participate in parades encourage tourism cultivate local traditions and craft a sense of place I am interested in large public festivals like Fiesta San Antonio that are intended to include everyone in the city because these festivals are supposed to be a time when the city comes together as one to appreciate the diverse contributions of people within the city During festivals whose culture gets included and valued which events are allowed and how different communities are represented become socially significant and fraught questions Festival participation can be a rich site for LGBTQ participants to be valued for their cultural differences and find a sense of belonging in the city      *Local Collections; Or, Records of Remarkable Events, Connected with the Borough of Gateshead*, 1849      **Television And Sexuality** Arthurs, Jane, 2004-09-01 This title written by Jane Arthurs examines the kinds of sexual information education and pleasures that television now provides across multiple channels and genres      **Mary and Me from Ruin to Royalty** Daveena McWade Schronce, 2009-04 The title Mary and Me refers to Mary Magdalene a prostitute written about in the Bible Her story is found in the four Gospels Matthew Mark Luke and John She became a dedicated follower of Jesus after He cast seven devils from her Of all the people in the Bible she is the one with whom I feel strongest kinship Not a lot is revealed about her life but I have a feeling that it was filled with a form of pain and suffering very similar to mine Similar also to the pain felt by thousands of other women who have experienced abuse and the need to feel loved Mary Magdalene found the only true love in the arms of our Savior He delivered us from the pain and loneliness of our dark existence The love Mary felt for Jesus was nothing at all like what The DaVinci Code would have you believe Her love was pure sweet and innocent a spiritual love for the One who delivered her from the evil that had enveloped her Only those who have experienced such a life transformation can understand the love she felt toward Jesus I do understand it It is my hope that this book will help lead others out of the pain and lies that hold their lives hostage and into the loving arms of Jesus Christ These arms stand ready to replace the sad darkness with a supernatural radiance Thank you Lord Jesus for saving Mary Magdalene Her story can help the rest of us see that no matter what our life has been we can still receive Your forgiveness and saving grace I was dirty inside and out yet You loved even me      *Royal Pains* Leslie Carroll, 2011-03-01 The author of Notorious Royal Marriages presents some of history's boldest baddest and bawdiest royals The bad seeds on the family trees of the most powerful royal houses of Europe often became the most rotten of apples her violent autocrats Vlad the Impaler and Ivan the Terrible literally reigned in blood Lettice Knollys strove to mimic the appearance of her cousin Elizabeth I and even stole her man And Pauline Bonaparte scandalized her brother Napoleon by having a golden goblet fashioned in the shape of her breast Chock full of shocking scenes titillating tales and wildly wicked nobles Royal Pains is a rollicking compendium of the most infamous capricious and

Baldwin,2015-02-21 This study brings together widely divergent discourses to fashion a comprehensive picture of sexual language and attitudes at a particular time and place in the medieval world John Baldwin introduces five representative voices from the turn of the twelfth century in northern France Pierre the Chanter speaks for the theological doctrine of Augustine the Prose Salernitan Questions for the medical theories of Galen Andre the Chaplain for the Ovidian literature of the schools Jean Renart for the contemporary romances and Jean Bodel for the emerging voices of

the fabliaux Baldwin juxtaposes their views on a range of essential subjects including social position the sexual body desire and act and procreation The result is a fascinating dialogue of how they agreed or disagreed with ignored imitated or responded to each other at a critical moment in the development of European ideas about sexual desire fulfillment morality and gender These spokesmen allow us into the discussion of sexuality inside the church and schools of the clergy in high and popular culture of the leity This heterogeneous discussion also offers a startling glimpse into the construction of gender specific to this moment when men and women enjoyed equal status in sexual matters if nowhere else Taken together these voices extend their reach encompass their subject and point to a center where social reality lies By articulating reality at its varied depths this study takes its place alongside groundbreaking works by James Brundage John Boswell and Leah Otis in extending our understanding of sexuality and sexual behavior in the Middle Ages Superb work These five kinds of discourse are not often treated together in scholarly writing let alone compared and contrasted so well Edward Collins Vacek

Theological Studies Baldwin has made the five voices speak to us in a language that is at one and the same time familiar and alien in its resonance and accents This is a truly exceptional book interdisciplinary in the real sense of the word which is surely destined to become a landmark in medieval studies Keith Busby Bryn Mawr Reviews Baldwin s attempt to listen to these distant voices and translate their language of sex into our own raises challenging methodological questions that will be of great interest to historians and literary scholars alike John P Dalton Comitatus *Representing Royalty* Julia Kinzler, 2018-07-27 Since the early days of cinema filmmakers have been intrigued by the lives and loves of British monarchs The most recent productions by ITV and Netflix show that the fascination with British royalty continues unabated both in Britain and around the world This book examines strategies of representing power and the staging of myths of power in seven popular films about British monarchs that were made after the mid 1990s revival of the royal biopic genre By combining approaches from cultural studies with concepts and theories from the humanities such as film studies and art history it offers a comprehensive understanding of the cinematic portraits of royalty In addition the volume opens up new perspectives on how meaning is generated in films about the monarchy and on the connections between the biographical narratives The introductory chapter to the case studies reviews the different academic positions on representations of royalty provides a toolkit for studying the subject and demonstrates ways to approach the films The book addresses questions of historical context and goes beyond a mere exploration of historical accuracy to reveal the films underlying ideological aims As such it makes a distinctive new contribution to the growing body of interdisciplinary work on the British monarchy in general and its cinematic representations in particular It is the first monograph about representational mechanisms of royal identities and British past s in royal films such as *Elizabeth The Queen* and *The King s Speech* **Great Events from History: 1972-1998** Carl Leon Bankston, 2009 The latest edition in the overwhelmingly popular Great Events from History series Modern Scandals examines over 400 of the most important and most publicized scandals throughout the world since

the beginning of the twentieth century The essays in this set are 3 5 pages long and follow the same reader friendly format that users have come to expect from the Great Events from History series      **After Elizabeth** Ed Owens,2023-09-14 The British monarchy has been through turbulent times of late Rocked by scandal and strife and without it seems a clear plan for the future following the death of Queen Elizabeth II we have been left wondering what happens next Nothing seems certain Will the monarchy survive with its continuing echoes of an Imperial past Will young people disenchanted with the political status quo find the ritual and practice of the monarchy quite so mesmerising as previous generations have done What might a republican Britain look like Ed Owens argues that the monarchy must embrace reform and transform itself radically No more private jets while preaching about the importance of the environment no more secrecy obscuring royal influence in high places and no more hangers on enjoying grace and favour homes A major slimming down is essential And it s time the family archives were opened All these issues will have a direct effect on the common good of the nation as it tries to reinvent itself as a modern working democracy and endeavours to equip itself for the coming decades Ed Owens situates this critical moment of royal transition in its historical context in order to set out a vision for monarchy that is future proof but which would also see the crown play an integral role in the evolution of 21st century Britain      The Chronological Historian, Or, A Record of Public Events William Toone,1826      **1G - 6T Part -2** James Phillips,2010-08-04 This is the second book in the 3 book trilogy of an air force pilot being transfered into the Police and coming to terms with all the corruption and poor performance with his attempts to make the Police as good as the air force In this book he goes from University and Inspector to become a Regional Police Chief His love for his wife continues and they raise a family and a golden labrador He loves his job but it has a dark side to it and he is shot on patrol which nearly breaks his darling wife s heart His millionaire friend goes crackers because he is relying on Greg taking over his business empire gradually      Queer in Europe Robert Gillett,2016-04-15 Queer in Europe takes stock of the intellectual and social status and treatment of queer in the New Europe of the twenty first century addressing the ways in which the Anglo American term and concept queer is adapted in different national contexts where it takes on subtly different overtones determined by local political specificities and intellectual traditions Bringing together contributions by carefully chosen experts this book explores key aspects of queer in a range of European national contexts namely Belgium Cyprus England France Germany Hungary Ireland Italy The Nordic Region The Netherlands Poland Russia and Spain Rather than prescribing a universalizing definition the book engages with a wide spectrum of what is meant by queer as each chapter negotiates the contested border between direct queer activist action based on identity categories and more plural queer strategies that call these categories into question The first volume in English devoted to the exploration of queer in Europe this book makes an important intervention in contemporary queer studies
