## **Royal Canadian Armoured Corps An Illustrated History:**

*The Royal Canadian Armoured Corps* John Marteinson, Michael R. McNorgan, Canadian War Museum, 2000 The Royal Canadian Armoured Corps has a proud and distinguished history While the modern history of the Corps clearly begins with its official formation in the early days of the Second World War its roots in the Canadian militia cavalry go back more than 180 years Many histories have recorded the heritage of individual units but most are no longer available and they focus on the deeds of their own members The broader history of the mobile arm of the Canadian Army and of its actions as a whole has never been told This handsome profusely illustrated book a Millennium project is published to celebrate the 60th anniversary of the formation of the Royal Canadian Armoured Corps The opening chapter deals with the service of the cavalry ancestors of the Armoured Corps in the War of 1812 the Rebellions of 1837 38 and the North West Rebellion The First World War and the interwar period saw the advent of the tank and other new forms of armour and the organization developed and expanded enormously to meet the demands of the Second World War The major part of the book deals with the service of the Corps in the Second World War as Canadian armoured units played important roles in the Allied invasion of Europe and the defeat of the Third Reich Since the war the Armoured Corps has been involved in most of Canada's military commitments in Korea in Europe with NATO and in peacekeeping operations in many parts of the world Book jacket

**Canada's Mechanized Infantry** Peter Kasurak, 2020-02-01 Canada's Mechanized Infantry explores the largely ignored development of the infantry in the Canadian Army after the First World War Although many modern studies of technology and war focus on tanks and armour soldiers from the Second World War onward have discovered that success really depends on a combination of infantry armour and artillery to form combat teams Peter Kasurak demonstrates how the army implemented successful infantry vehicles and doctrine to ultimately further its military goals during the Second World War In the postwar period however progress was slowed by a top down culture and an unwillingness to abandon conventional thinking on the primacy of foot infantry and regimental organization This insightful book is the first to examine the challenges that have confronted the Canadian Army in transforming its infantry from First World War foot soldiers into a twenty first century combat force integrating soldiers vehicles weapons and electronics *Royal Canadian Armoured Corps*, 1945 [The Price of Alliance](#) Frank Maas, 2017-10-06 For forty years during the Cold War Canada garrisoned troops and tanks near the Iron Curtain In the late 1960s Pierre Trudeau announced plans to remove these tanks and focus on home defence but allies resisted this decision After six years of overt and subtle pressures Trudeau was at last convinced that Canadian tanks in Europe were necessary to support foreign policy objectives and the Leopard tanks purchased in 1976 symbolized an increased Canadian commitment to NATO Drawing on interviews and records from Canada NATO the US and Germany *The Price of Alliance* tells the story of the purchase balancing high politics with military requirements in the first major reappraisal of Trudeau's defence policy Frank Maas illuminates the problem of defence policymaking in a multi

country alliance as well as the opportunities and difficulties of defence procurement At the same time he challenges the relevance of NATO to Canada and the influence that Canada wields within it      **Juno Beach** Mark Zuehlke,2009-07-01 On June 6 1944 the greatest armada in history stood off Normandy and the largest amphibious invasion ever began as 107 000 men aboard 6 000 ships pressed toward the coast Among this number were 18 000 Canadians who were to land on a five mile long stretch of rocky ledges fronted by a wide expanse of sand Code named Juno Beach Here sheltered inside concrete bunkers and deep trenches hundreds of German soldiers waited to strike the first assault wave with some ninety 88 millimetre guns fifty mortars and four hundred machineguns A four foot high sea wall ran across the breadth of the beach and extending from it into the surf itself were ranks of tangled barbed wire tank and vessel obstacles and a maze of mines Of the five Allied forces landing that day they were scheduled to be the last to reach the sand Juno was also the most exposed beach their day s objectives eleven miles inland were farther away than any others and the opposition awaiting them was believed greater than that facing any other force At battle s end one out of every six Canadians in the invasion force was either dead or wounded Yet their grip on Juno Beach was firm      Operation Kinetic Sean M. Maloney,2018-07-01 In the late 1990s NATO led the Kosovo Force KFOR charged with stabilizing Kosovo and the former Yugoslav Republic of Macedonia after genocide and other atrocities were carried out in the Balkan region Operation Kinetic is not only a history of the origins and operations of the Kosovo Force but also a history of the vital operations conducted by the Canadian Army units and their allies assigned to KFOR during the crucial early days and months after entry into the province in 1999 and through 2000 Operating alongside American British French Norwegian Finnish and Swedish forces these surveillance and response units were instrumental in preventing violence in numerous areas before it could escalate and draw in the Serbian Army which could have led to further genocide or war in the region Sean M Maloney a Canadian military historian with extensive field experience in the Balkans draws on numerous interviews and firsthand accounts of an operation that would later serve as a model in preparing for similar efforts in Afghanistan and provide a blueprint for stabilizing operations around the world

Colombo,2011-09-20 On the last day of the Second World War Frank and Russ fought each other In the days after they became friends This is the remarkable tale of a long forgotten letter It was written from Germany in the aftermath of the Second World War to a Canadian in a peaceful Southern Ontario town Both had been soldiers and had met on a German battlefield The letter lay unseen for years and was found by the Canadian s son long after the old soldier s death This book tells how that faded letter led to the discovery of the one time German paratrooper who became his father s friend in the immediate aftermath of the war A Letter from Frank is part war story and part biography following the lives of Russ Colombo the Canadian soldier and Frank Sikora the German paratrooper One grew up during the Depression in Ontario the other was a German in Nazi

occupied Czechoslovakia This non fiction narrative also chronicles author Stephen J Colombo s struggle to come to terms with a father haunted by the war Their recollections provide insights into the events that shaped the generations that forged a modern Canada and rebuilt Germany after its near total devastation In a surprising twist this book also provides previously unknown historical details of later NHL president Clarence Campbell at war Campbell was Russ Colombo s commanding officer

**The Gothic Line** Mark Zuehlke, 2009-07-01 Like an armor toothed belt across Italy's upper thigh the Gothic Line was the most fortified and fiercely defended position the German army had yet thrown in the path of the Allied forces On August 25 1944 it fell to I Canadian Corps to spearhead the famed Eighth Army's major offensive intended to rip through it The 1st Infantry and 5th Armored Divisions advanced into a killing ground covered by thousands of machine gun antitank gun positions and pillboxes expertly sited behind minefields and dense thickets of barbed wire Never had the Germans in Italy brought so much artillery to bear or deployed such a great number of tanks For 28 days the battle raged as the Allied troops slugged an ever deeper hole into the German defences The Metauro River the Foglia River Point 204 Tomba Di Pesaro Coriano Ridge San Martino and San Fortunato became place names seared into the memories of those who fought there They fought in a dust choked land under a searing sun which by battle's end was reduced to a quagmire by rain But they prevailed and on September 22 won the ground overlooking the Po River Valley opening the way for the next phase of the Allied advance

Toronto's Fighting 75th in the Great War 1915-1919 Timothy J. Stewart, 2017-09-21 Foreword by His Royal Highness Charles Prince of Wales Hospital ships filled the harbour of Le Havre as the 75th Mississauga Battalion arrived on 13 August 1916 Those soldiers who survived would spend almost three years in a tiny corner of northeastern France and northwestern Belgium Flanders where many of their comrades still lie And they would serve in many of the most horrific battles of that long bloody conflict Saint Eloi the Somme Arras Vimy Hill 70 Lens Passchendaele Amiens Drocourt Qu'ant Canal du Nord Cambrai and Valenciennes This book tells the story of the 75th Battalion later the Toronto Scottish Regiment and the five thousand men who formed it most from Toronto from all walks of life They included professionals university graduates white and blue collar workers labourers and the unemployed some illiterate They left a comfortable existence in the prosperous strongly pro British provincial capital for life in the trenches of France and Flanders Tommy Church mayor of Toronto from 1915 to 1921

sought to include his city's name in the unit's name because of the many city officials and local residents who served in it. Three years later Church accepted the 75th's now heavily emblazoned colours for safekeeping at City Hall from Lieutenant Colonel Colin Harbottle who returned with his bloodied but successful survivors. The author pulls no punches in recounting their labours, triumphs and travails. Timothy J. Stewart undertook exhaustive research for this first ever history of the 75th, drawing from archival sources focusing on critical decisions by Brigadier Victor Oldum, General Officer Commanding 11th Brigade, diaries, letters, newspaper accounts and interviews.

The Politics of Command John Nelson Rickard, 2010-01-01. In December 1943, Lieutenant General A. G. L. McNaughton resigned from command of the 1st Canadian Army amidst criticism of his poor generalship and of his abrasive personality. Despite McNaughton's importance to the Canadian Army during the first four years of the Second World War, little has been written about the man himself or the circumstances of his resignation. In The Politics of Command, the first full-length study of the subject since 1969, John Nelson Rickard analyzes McNaughton's performance during exercise SPARTAN in March 1943 and assesses his relationships with key figures such as Sir Alan F. Brooke, Bernard Paget and Harry Crerar. This detailed re-examination of McNaughton's command argues that the long-accepted reasons for his relief of duty require extensive modification. Based on a wide range of sources, The Politics of Command will redefine how military historians and all Canadians look not only at Andy McNaughton but the Canadian Army as well.

The Defeat and Attrition of the 12. SS-Panzer-Division "Hitlerjugend" Arthur W. Gullachsen, 2024-08-31. Following his two-volume work Bloody Verrieres, Arthur W. Gullachsen has again written a fantastic book this time covering the opening days of the Normandy battles involving the Allied Forces and the Hitlerjugend Division. His attention to detail regarding the units fighting between the 6 June 1944 to the 11 June 1944 is immense. Russell A. Hart, Ph.D., Professor of History, Hawai'i Pacific University and author of Clash of Arms: How the Allies Won in Normandy, following the Normandy invasion of 6 June 1944, Heersgruppe B under German Generalfeldmarschall Erwin Rommel rushed reserves to the newly created bridgehead in order to crush it and drive the Allied forces into the sea. One of these armored reserves was the newly created 12 SS Panzer Division Hitlerjugend. Extremely well equipped and at near full strength by mid-1944, standards it was seen as an extremely capable formation that could defeat any Allied invasion. During this period studied in this volume, 7-11 June 1944, the 12 SS Panzer Division attempted to capture and hold the battlefield initiative and in conjunction with other Panzer Divisionen throw what would become the Second British Army into the sea. The main thesis presented will be that despite this division's best efforts, it was defeated by a firm Allied defence that repulsed their offensive operations, eventually robbing the Germans of the initiative in a grinding series of bridgehead battles. This first volume will study combat in the period 7-11 June 1944 in the eastern sector of the Normandy Bridgehead. Chapters will analyze the Anglo-Canadian D-Day assault and the deployment of the division, then analyze in detail the fighting of the Hitlerjugend in the following areas: northern Caen, Putot-Bretteville, Orgueilleuse, Norrey-en-Bessin, Hill 103, Le Mesnil-Patry, and finally Rots. Also studied will be contrasting German and Anglo

Canadian tactical doctrine the influence of tactical airpower and the war crimes committed by the Hitlerjugend immediately after the invasion The conclusion will reinforce the thesis presented above and a detailed set of appendices will analyze German personnel equipment and armored losses during the battles and losses inflicted on the Allies This will be Volume 1 of a planned multi volume commitment      **No Holding Back** Brian A. Reid,2009-06-15 Landmark study of the Canadians first major operation in Normandy New revelations on the death of German panzer ace Michael Wittmann Handsomely illustrated with maps photos and diagrams On August 8 1944 the Canadian Army launched Operation Totalize a massive armored and mechanized infantry attack that aimed to break through enemy defenses south of Caen and trap the German Army in Normandy by linking up with Patton s Third Army      *The Juno Beach Trilogy* Mark Zuehlke,2012-11-02 Together in one convenient ebook three of Mark Zuehlke s epics of Canadian soldiers in World War II take us from the dramatic events of D Day June 6 1944 to the days following and the final push Juno Beach Holding Juno and Breakout from Juno focus on the Normandy Invasion and its aftermath Juno Beach dramatically unfolds as 18 000 Canadian soldiers storm the five mile long stretch of Juno Beach At battle s end one out of every six Canadians in the invasion force was either dead or wounded The Canadians were the only Allied troop to meet their objectives Holding Juno chronicles the crucial six days following the successful invasion The ensuing battle was to prove bloodier than D Day itself The Canadians made it possible for the slow advance toward Germany and an Allied victory Breakout from Juno takes us to the next battle a month later On July 4 1944 the 3rd Canadian Infantry Division won the village of Carpique but not the adjacent airfield The 3rd Division 2nd Infantry and 4th Armoured Divisions along with a Polish division and several British divisions came together as the First Canadian Army This is their story
