## A Life in Print

F. RICHARD CICCONE

Mike Royko pulled no punches. A hard-nosed reporter with a keen sense of social justice and a murderous pen, he became the most popular columnist of his time. Royko was Chicago. For over thirty years, he captured the city on his newspaper page. He wrote about its grit and grandeur, its romance and its roughness. Syndicated in more than 600 newspapers, his column was devoured by readers across the country. And his writing was magic. No one wrote with his honesty, his toughness, his passion, and his humor.

Bales, 2024-11-07 This book addresses critical gaps in existing biographies of Nelson Algren providing new perspectives on his writing style literary contributions professional colleagues and personal life especially his relationship with Simone de Beauvoir Although Beauvoir maintained a simultaneous relationship with philosopher Jean Paul Sartre the correspondence exchanged between Beauvoir Algren and Sartre as this book discusses sheds new light on her transatlantic love affair with Algren Moreover this work challenges the assertion that Algren's writing aligns seamlessly with the New Journalism style popularized by Tom Wolfe It investigates how Algren's literary legacy might have diverged had he embraced more of the principles associated with New Journalism      **No Right Turn** David T. Courtwright, 2011-02-01 Few question the right turn America took after 1966 when liberal political power began to wane But if they did No Right Turn suggests they might discover that all was not really right with the conservative golden age A provocative overview of a half century of American politics the book takes a hard look at the counterrevolutionary dreams of liberalism's enemies to overturn people's reliance on expanding government reverse the moral and sexual revolutions and win the Culture War and finds them largely unfulfilled David Courtwright deftly profiles celebrated and controversial figures from Clare Boothe Luce Barry Goldwater and the Kennedy brothers to Jerry Falwell David Stockman and Lee Atwater He shows us Richard Nixon's keen talent for turning popular anxieties about morality and federal meddling to Republican advantage and his inability to translate this advantage into reactionary policies Corporate interests boomer lifestyles and the media weighed heavily against Nixon and his successors who placated their base with high profile attacks on crime drugs and welfare dependency Meanwhile religious conservatives floundered on abortion and school prayer obscenity gay rights and legalized vices like gambling and fiscal conservatives watched in dismay as the bills mounted We see how President Reagan's mélange of big government strong defense lower taxes higher deficits mass imprisonment and patriotic symbolism proved an illusory form of conservatism Ultimately conservatives themselves rebelled against George W Bush's profligate brand of Reaganism Courtwright's account is both surprising and compelling a bracing argument against some of our most cherished clichés about recent American history      *Make 'em Laugh!* Zeke Jarvis, 2015-04-07 This lighthearted and eye opening book explores the role of comedy in cultural and political critiques of American society from the past century This unprecedented look at the history of satire in America showcases the means by which our society is informed by humor from the way we examine the news to how we communicate with each other to what we seek out for entertainment From biographical information to critical reception of material and personalities the book features humorists from both literary and popular culture settings spanning the past 100 years Through its 180 entries this comprehensive volume covers a range of artists individuals such as Joan Rivers Hunter S Thompson and Chris Rock and topics including vaudeville cartoons and live performances The content is organized by media and genre to showcase
