Rubaiyat of Omar Khayyam Omar Khayyam, 2016-06-06 The Rubaiyat of Omar Khayyam is the title that Edward FitzGerald gave to his translation of a selection of poems originally written in Persian and numbering about a thousand attributed to Omar Khayy m 1048 1131 a Persian poet mathematician and astronomer A ruba i is a two line stanza with two parts or hemistichs per line hence the word rubaiyat derived from the Arabic language root for four meaning quatrains The nature of a translation very much depends on what interpretation one places on Khayyam s philosophy The fact that the rubaiyat is a collection of quatrains and may be selected and rearranged subjectively to support one interpretation or another has led to widely differing versions Nicolas took the view that Khayyam himself clearly was a Sufi Others have seen signs of mysticism even atheism or conversely devout and orthodox Islam FitzGerald gave the Rubaiyat a distinct fatalistic spin although it has been claimed that he softened the impact of Khayyam s nihilism and his preoccupation with the mortality and transience of all things Even such a question as to whether Khayyam was pro or anti alcohol gives rise to more discussion than might at first glance have seemed plausible
