Rubens Life Of Marie De Medici:

Life of Marie De'Medici Peter Paul Rubens,1970* **Heroic Deeds and Mystic Figures** Ronald Millen,Robert Erich Wolf,1989 No previous study of Rubens pictorial biography of Maria de Medici Dowager Queen of France has analyzed in such detail each of the twenty four paintings with regard to iconography the painter s source material and his pictorial treatment Not only is each episode seen here within its historical context using documents from both Italian and French sources of the time many never before adduced in connection with the paintings but for the first time an iconographical element is studied which heretofore has been glimpsed only in passing the symbolical and allegorical emblems connected with coins medals broadsheets public ceremonies and political propaganda Rubens this book argues incorporated those cryptic images into his compositions with full awareness of their political and personal implications and did so it seems at the insistence of the patroness and her advisers These and other mystic figures offer a hitherto unsuspected key to the cycle s secret meanings The theme now appears to be not reconciliation as usually stated but a vindication of the former Florentine princess s policies as queen regent and dowager With this goes an accusation of filial ingratitude and political ineptness directed against King Louis XIII and there is an implicit painted threat to reopen armed hostilities should the uneasy truce between mother and son ever be broken Reason enough then to dissemble conceal or explain away the true meaning of the cycle when the paintings were new **Rubens' Life of Marie de Medici** Jacques Thuillier,1970 A Legacy of Women Kirsten Girio Winner,2019 Lived experience is a critical ingredient in the creation of artistic production Without it art would indeed be dull and would lack the ability to connect with the viewer due to the unrealistic presentation of the scene This paper looks at the acclaimed Life Cycle of Marie de Medici by Peter Paul Rubens and applies an autobiographical approach in reading the paintings Rubens life experiences including an undeniably substantial influence from his mother and her life are predominantly present in this series In making this twenty four image cycle Rubens was intuitively aware that the reaction provoked by these paintings would influence the view of the French people about the Queen Mother Marie de Medici Based upon an in depth analysis between the paintings and biography it is astonishing how closely linked the Life Cycle of Marie de Medici is with the life of Rubens and his mother Maria This thesis concentrates on the close connection between the artist and his own mother which is translated into the inspiration behind this series of paintings While there does appear to be some correlations between certain specific events in the life of Marie de Medici and Rubens mother the focus for this thesis has been looking at Rubens mother as the inspirational spirit behind the depictions in this cycle and how this influence contributes to the overall theme of triumph over adversity **Women and Art in Early Modern Europe: Patrons, Collectors, and Connoisseurs** ,1999 This anthology reflects a larger impulse to recover women s involvement in the creation of an aesthetic culture from the late medieval through the early modern periods By asking how the perspectives and experiences of female patrons contributed to the invention of particular styles or iconographies or how they shaped taste or

how they influenced demand these twelve original essays introduce significant new information about specific women patrons while raising theoretical issues for patronage studies more generally While most of the projects discussed are consistent with the period's male sanctioned concept of female patronage as an expression of conjugal devotion or dynastic promotion at the same time the women involved devised strategies that circumvented these rules allowing them to explore the potential of art as a means of proclaiming their own identity and taste *Rubens Paintings* Source Wikipedia,2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online Pages 27 Chapters Marie de Medici cycle Peter Paul Rubens Consequences of war The Descent from the Cross Massacre of the Innocents Adoration of the Magi Samson and Delilah The Elevation of the Cross The Judgment of Paris Honeysuckle Bower The Fall of the Damned Assumption of the Virgin Mary The Hippopotamus and Crocodile Hunt Portrait of a Young Woman Perseus Freeing Andromeda The Gonzaga Family in Adoration of the Holy Trinity Saint George and the Dragon The Deposition Susanna and the Elders Romulus and Remus The Three Graces St Sebastian Excerpt The Marie de Medici Cycle is a series of twenty one paintings by Peter Paul Rubens commissioned by Marie de Medici wife of Henry IV of France for the Luxembourg Palace in Paris Rubens received the commission in the autumn of 1621 After negotiating the terms of the contract in early 1622 the project was to be completed within two years coinciding with the marriage of Marie's daughter Henrietta Maria Twenty one of the paintings depict Marie's own struggles and triumphs in life The remaining three are portraits of herself and her parents The paintings now hang in the Louvre in Paris Much speculation exists on the exact circumstances under which Marie de Medici decided to commission Rubens to paint such a grandiose project conceived in truly heroic proportions John Coolidge suggests the cycle may have even been commissioned to rival another famous series of Rubens The Constantine Tapestries which he designed in his studio at the same time as the first several paintings of the Medici Cycle It has also been suggested that Rubens prepared a number of oil sketches by the request of Louis XIII the son of Marie de Medici and successor to the throne which may have influenced the Queen's decision to commission Rubens for the cycle by the end of the **Rubens' Life of Marie De' Medici in the Luxembourg Palace** ,1972 *Henrietta Maria* Erin Griffey,2016-12-05 Compiled by art historians literary scholars musicologists and historians this essay collection is an innovative and interdisciplinary study of Queen Henrietta Maria and her multi faceted roles and responsibilities Elements of the queen's popular biography her European identity and devout Catholic faith are only a part of the backdrop against which Henrietta Maria is re considered Drawing on the expertise of an international group of scholars from different disciplines these essays explore and shed new light on the Queen's various roles a patron of performing and visual arts with taste and influence comparable to her husband's her salient political position between the French and English courts and her political sentiments at the outbreak of the English Civil War Through cutting edge archival research that includes investigations into household accounts and personal correspondence this collection ultimately presents a new assessment of female power and

influence at the early modern court What becomes strikingly evident is that Henrietta Maria had a distinct and profound influence on material and political culture that deserves the attention of art history literature theatre and musicology scholars *Politicizing Domesticity from Henrietta Maria to Milton's Eve* Laura Lunger Knoppers,2011-09-29 Knoppers examines the domestic image of the royal family as a contested propaganda tool in the English Revolution and beyond

Seventeenth-century Art & Architecture Ann Sutherland Harris,2005 Encompassing the socio political cultural background of the period this title takes a look at the careers of the Old Masters and many lesser known artists The book covers artistic developments across six countries and examines in detail many of the artworks on display The Patron's Payoff Jonathan K. Nelson,Richard J. Zeckhauser,2014-03-10 An analysis of Italian Renaissance art from the perspective of the patrons who made conspicuous commissions this text builds on three concepts from the economics of information signaling signposting and stretching to develop a systematic methodology for assessing the meaning of patronage **Art of the Western World** Bruce Cole,Adelheid M. Gealt,1991-12-15 With fresh insight into what the great works meant when they were created and why they appeal to us now here is a vivid tour of painting sculpture and architecture past and present Illuminating a notable accomplishment The New York Times Illustrated *Cavendish and Shakespeare* Katherine Romack,James Fitzmaurice,2006 Cavendish and Shakespeare Interconnections explores the relationship between the plays of Shakespeare and the writings of Margaret Cavendish 1623 1673 The essays contained in this volume fit together as studies of various sorts of influence both literary and historical setting Cavendish s appropriation of Shakespearean characters and plot structures within the context of the English Civil Wars and the Fronde The essays trace Shakespeare s influence on Cavendish and explore the political implications of Cavendish s contribution to Shakespeare s reputation Iconography, Propaganda, and Legitimation Allan Ellenius,1998 Representations of political power play an important role in Western art history from the late Middle Ages up to modern times This volume by leading experts is a wide ranging survey of significant trends in the development of political imagery It is a study in the rhetoric of images as it developed from the late Middle Ages to the early nineteenth century Symbols and metaphors were created in order to represent the power of political systems and particularly to confirm the overall importance of rulership The preferred ideas and visual images were those taken from classical mythology and the tradition of religious iconography Among the most important concepts was that of the king s two bodies one belonging to the terrestrial the other to the symbolic sphere of life A wealth of images was produced to fulfil the demands of ceremonial space which included state portraiture and allegorical imagery as well as coronations funerals royal entries and other kinds of royal pageantry The Origins of the Modern State in Europe series arises from an important international research programme sponsored by the European Science Foundation The aim of the series which comprises seven volumes is to bring together specialists from different countries who reinterpret from a comparative European perspective different aspects of the formation of the state over the long period from the beginning of the thirteenth to the

end of the eighteenth century One of the main achievements of the research programme has been to overcome the long established historiographical tendency to regard states mainly from the viewpoint of their twentieth century borders

Criticising the Ruler in Pre-Modern Societies - Possibilities, Chances and Methods Karina Kellermann, Alheydis Plassmann, Christian Schwermann, 2019-12-09 In vormodernen Monarchien beobachten wir Widerspruch und Widerstand gegen einzelne Herrscher ihre politischen Entscheidungen und ihre Verwaltung aber in der Regel keine direkten Angriffe auf die Ordnungsprinzipien und das politische System Wenn Unzufriedenheit zu Aufständen und Revolten führte blieb es normalerweise bei einem bloßen Austausch des Regenten Subtilere Methoden der Herrscherkritik konnten sich mittels fester Usancen oder spezifischer Codes und Spielregeln innerhalb des legalen Rahmens Gehör verschaffen und zielten darauf ab die Qualitäten des Regenten zu verbessern oder spezifische Modi der Amtsführung zu reformieren Diese verschiedenen Formen und Praktiken von Herrscherkritik in vormodernen monarchischen Gesellschaften sind Gegenstand dieses Bandes When looking at pre modern monarchical societies one does not expect to observe fundamental dissent directed at the social order as such or at the political system As a rule criticism was limited to individual monarchs their performance and decisions While discontent could lead to insurrection and rebellion which normally only culminated in the ruler being replaced by another monarchical figurehead the subtler methods of voicing criticism were applied within a framework of legality of a set of customs or of a code of rules of the game and intended to improve the performance of the incumbent or reform his conduct at court The various forms of verbal or staged censure of rulers in pre modern monarchical societies are the subject of this volume

Tender Geographies Joan DeJean, 1993-12-16 **Tender Geographies** **Picturing Marie Leszczinska (1703-1768)** Jennifer G. Germann, 2017-07-05 Portraits of Queen Marie Leszczinska 1703-1768 were highly visible in eighteenth century France Appearing in royal châteaux and after 1737 in the Parisian Salons the queen's image was central to the visual construction of the monarchy Her earliest portraits negotiated aspects of her ethnic difference French gender norms and royal rank to craft an image of an appropriate consort to the king Later portraits by Maurice Quentin de La Tour, Carl van Loo and Jean Marc Nattier contributed to changing notions of queenship over the course of her 43 year tenure Whether as royal wife, devout consort or devoted mother Marie Leszczinska's image mattered While she has often been seen as a weak consort this study argues that queenly images were powerful and even necessary for Louis XV's projection of authority This is the first study dedicated to analyzing the queen's portraits It engages feminist theory while setting the queen's image in the context of portraiture in France, courtly factional conflict and the history of the French monarchy While this investigation is historically specific it raises the larger problem of the power of women's images versus the empowerment of women a challenge that continues to plague the representation of political women today **Widowhood and Visual Culture in Early Modern Europe** Allison Levy, 2017-07-28 Whereas recent studies of early modern widowhood by social economic and cultural historians have called attention to the often ambiguous yet also often empowering experience

and position of widows within society *Widowhood and Visual Culture in Early Modern Europe* is the first book to consider the distinct and important relationship between ritual and representation The fifteen new interdisciplinary essays assembled here read widowhood as a catalyst for the production of a significant body of visual material representations of for and by widows whether through traditional media such as painting sculpture and architecture or through the so called minor arts including popular print culture medals religious and secular furnishings and ornament costume and gift objects in early modern Austria England France Germany Italy and Spain Arranged thematically this unique collection allows the reader to recognize and appreciate the complexity and contradiction iconicity and mutability and timelessness and timeliness of widowhood and representation *Flemish Paintings in the Metropolitan Museum of Art* Metropolitan Museum of Art (New York, N.Y.), Walter A. Liedtke, 1984 Two volumes including works by the three foremost seventeenth century Flemish artists u2014 Rubens Van Dyck and Jordaens u2014 as well as works by their contemporaries Metropolitan Museum of Art website

Aspects of Violence in Renaissance Europe Jonathan Davies, 2016-04-08 Interest in the history of violence has increased dramatically over the last ten years and recent studies have demonstrated the productive potential for further inquiry in this field The early modern period is particularly ripe for further investigation because of the pervasiveness of violence Certain countries may have witnessed a drop in the number of recorded homicides during this period yet homicide is not the only marker of a violent society This volume presents a range of contributions that look at various aspects of violence from the fourteenth to the seventeenth centuries from student violence and misbehaviour in fifteenth century Oxford and Paris to the depiction of war wounds in the English civil wars The book is divided into three sections each clustering chapters around the topics of interpersonal and ritual violence war and justice and the law Informed by the disciplines of anthropology criminology the history of art literary studies and sociology as well as history the contributors examine all forms of violence including manslaughter assault rape riots war and justice Previous studies have tended to emphasise long term trends in violent behaviour but one must always be attentive to the specificity of violence and these essays reveal what it meant in particular places and at particular times
