An Autobiography Rudolf Steiner, Rita Stebbing, 1977-01-01 **Autobiography** Rudolf Steiner, Rita Stebbing, 2005-08-31

Because I entered this world with defined soul predispositions and because the course of my life as expressed in my biography is determined by those predispositions as a spiritual human being I must have existed before my birth As a being of spirit I must be the repetition of someone through whose biography mine can be explained In each life the human spirit appears as a repetition of itself with the fruits of experiences during previous lives Rudolf Steiner Rudolf Steiner seldom spoke of himself in a personal way but in his Autobiography we are offered a rare glimpse into some of the most intimate aspects of his inner life his personal relationships and significant events that helped to shape the philosopher seer and teacher he became This edition restores the original format of seventy chapters just as they were written for the Goetheanum weekly newsletter This autobiography is not merely a narrative of Rudolf Steiner's successes and failures but the story of a soul possessed of a precise probing scientific mind and a natural clairvoyant ability to see into the spiritual world Although naturally clairvoyant Steiner always recognized the integrity and importance of modern scientific methods and thus he developed a modern discipline he named Anthroposophy or spiritual science During the century that followed the events recorded in this autobiography Rudolf Steiner's insights have touched and enriched numerous areas of life in ways that continue to transform people's lives in the twenty first century This illustrated revised updated and expanded edition was the first volume to be released in The Collected Works of Rudolf Steiner This series will eventually collect all of the English translations of Rudolf Steiner's works including many never before in English into an attractive and uniform set of his written and spoken words **Rudolf Steiner** Johannes Hemleben, 2013-05-01 Rudolf Steiner's legacy is remarkable Around the world thousands of initiatives have been built up around his inspiration and thought including Steiner Waldorf schools special education establishments medical clinics biodynamic farms cultural centres and much more At the core of this outer work stands the scientific and spiritual path which Steiner called anthroposophy a philosophy and method which he expounded and developed throughout his life Hemleben's concise yet informative biography throws a clear light on Steiner's life and his numerous struggles and achievements Beginning with Steiner's childhood Hemleben guides us through his youthful years as a respected Goethean scholar and philosopher in Weimar his work in the Theosophical Society and the later establishing of the Anthroposophical Society the development of anthroposophy as a spiritual science the creation of spiritual initiatives in art the social sciences education medicine agriculture religion and architecture the important Christmas Foundation Conference and his eventual death in 1925 Hemleben's biography seen by many as the finest account of Steiner's life and work includes a chronology personal tributes an extensive section for further reading as well as an index It is also profusely illustrated with 69 pictures and photographs *Rudolf Steiner, Life and Work (vol. 7)* Peter Selg, 2019-03 In this final volume of his comprehensive biography of Rudolf Steiner Peter Selg describes Steiner's final months on Earth Although his

health was beginning to decline 1924 might have been his most productive and fruitful years It saw a new beginning for the Anthroposophical Society and the beginning of the Esoteric School and the School for Spiritual Science The year began with the Christmas Conference during which the Anthroposophical Society was reborn That year also witnessed Rudolf Steiner's Karmic Relationships lectures as well as the serialized Leading Thoughts summarized Anthroposophy in a series of aphoristic guidelines for meditation supplemented by essays on the Michaelic nature of Anthroposophy Also serialized in the Goetheanum newsletter were autobiographical chapters in Rudolf Steiner's life up to 1907 He also defined his important spiritual relationships with Ita Wegman Marie Steiner and Lili Kolisko as well as their significant connection to the Society and his spiritual legacy New initiatives were also planted in the world during this time including anthroposophically extended medicine and biodynamic agriculture From his sickbed in the Goetheanum carpentry shop Steiner also formed plans and a model for the new Goetheanum in Dornach Switzerland Also included in this volume is a lecture by Rudolf Steiner on June 4 1924 The Festival of Pentecost Book jacket

Milestones T. H. Meyer, 2015-10-26 Why was the act of arson that destroyed the first Goetheanum so devastatingly successful in its malicious intent What was the nature of the poisoning that Rudolf Steiner suffered in 1923 What was the significance of Steiner's encounter with an unknown Master in 1879 and his later meeting with Friedrich Nietzsche on his sickbed Rather than presenting an accumulation of data Meyer takes a symptomatological approach to the evolution of Rudolf Steiner's thinking pinpointing specific moments in his biography whilst making numerous links to contemporary issues Seemingly unimportant details are significant such as Steiner's boyhood habit of smashing dishes or the droplet of water that adorned Steiner's forehead at his funeral The often overlooked language of such images is evaluated within the scope and grandeur of Rudolf Steiner's life's work An incisive theme running through Milestones is the dual nature of time involution and evolution and how it affects the Anthroposophical Society and movement Following Steiner's death a one-sided involution process has been evident in the overemphasis on the Christmas Foundation Meeting as well as Steiner's supposedly indissoluble connection with the Society This is coupled with distorted evolution processes as seen in the urge to enter the public domain by jettisoning anthroposophy altogether Such disharmonies can only be healed says Meyer by seeing the reality This book serves as an essential guide to understanding the task of anthroposophy in the modern world

Rudolf Steiner, Life and Work Peter Selg, Rudolf Steiner, 2019 All this must be accepted as destiny karma It would be sentimental to enlarge on how much it pains me to be separated physically from the Goetheanum and its activities I hope only that all this will not inhibit but temper and enhance our dear friends' forces Rudolf Steiner Dec 24 1924 In the final volume of his comprehensive biography of Rudolf Steiner Peter Selg describes Steiner's last months on Earth Although his health was beginning to decline 1924 might have been his most productive and fruitful year It saw a new beginning for the Anthroposophical Society and the beginning of the Esoteric School and the School for Spiritual Science The year began with the Christmas Conference during which the Anthroposophical Society was reborn That year also

witnessed Rudolf Steiner's Karmic Relationships lectures as well as the serialized Leading Thoughts summarizing Anthroposophy in a series of aphoristic guidelines for meditation supplemented by essays on the Michaelic nature of Anthroposophy. Also serialized in the Goetheanum newsletter were autobiographical chapters in Rudolf Steiner's life up to 1907. He also defined his important spiritual relationships with Ita Wegman, Marie Steiner and Lili Kolisko as well as their significant connection to the Society and his spiritual legacy. New initiatives were also planted in the world during that time including anthroposophically extended medicine and biodynamic agriculture. From his sickbed in the Goetheanum carpentry shop, Steiner also formed plans and a model for the new Goetheanum in Dornach, Switzerland. Also included in this volume is a lecture by Rudolf Steiner on June 4, 1924, 'The Festival of Pentecost'. **Rudolf Steiner Life and Work Seven Volumes** Vol 1 1861-1890 Childhood, Youth and Study Years ISBN 9781621480822 Pbk ISBN 9781621480839 Hbk Vol 2 1890-1900 Weimar and Berlin ISBN 9781621480853 Pbk ISBN 9781621480860 Hbk Vol 3 1900-1914 Spiritual Science and Spiritual Community ISBN 9781621480884 Pbk ISBN 9781621480891 Hbk Vol 4 1914-1918 The Years of World War I ISBN 9781621481577 Pbk ISBN 9781621481584 Hbk Vol 5 1919-1922 Social Threefolding and the Waldorf School ISBN 9781621481935 Pbk ISBN 9781621481942 Hbk Vol 6 1923 The Burning of the Goetheanum ISBN 9781621482192 Pbk ISBN 9781621482208 Hbk Vol 7 1924-1925 The Anthroposophical Society and the School for Spiritual Science ISBN 9781621482321 Pbk ISBN 9781621482338 Hbk

The Development of Anthroposophy since Rudolf Steiner's Death T. H. Meyer, 2015-01-15 Guenther Wachsmuth was one of Dr. Rudolf Steiner's closest associates, a devoted student and a leading advocate and defender after Dr. Steiner's death in 1925. This book is testament to that statement and stands as a noble companion to Dr. Steiner's unfinished Autobiography. Bernard J. Garber from the introduction: Guenther Wachsmuth, a gifted student of Rudolf Steiner, composed this richly detailed narrative of the culminating quarter century of Steiner's life and teaching activities. The author follows Steiner's numerous lecture tours and activities with the Anthroposophical Society, frequently offering social and personal context for events in his busy schedule. This volume offers a valuable overview of the life mission of one of the most notable personalities of the twentieth century. This book is a major opus in the life and work of Rudolf Steiner. Without it, an important segment of Steiner's life would be missing. We are all fortunate that Guenther Wachsmuth performed this heroic and necessary task for our benefit. Bernard J. Garber from the introduction: Includes 45 b/w photographs. **The Life and Work of Rudolf Steiner** is a translation from German of *Die Geburt der Geisteswissenschaft* 'The birth of spiritual science' **Esoteric Lessons for the First Class of the School of Spiritual Science at the Goetheanum** Rudolf Steiner, 2020-11-04 During the refounding of the Anthroposophical Society as the General Anthroposophical Society at Christmas 1923-24, Rudolf Steiner also reconstituted as the School of Spiritual Science, the Esoteric School he had led in three classes from 1904 to 1914 at the same time extending its scope by adding artistic and scientific Sections. However, owing to his illness and later death in March 1925, he was only able to make a beginning by establishing the First Class and the Sections. The actual step from the

Esoteric School to the School of Spiritual Science was nevertheless an exceptional one The Esoteric School from Helena Blavatsky's time had been secret Its existence was known only to those personally invited to participate In contrast the existence of the School of Spiritual Science was stated openly in the public statutes of the General Anthroposophical Society From the Christmas Conference onwards Rudolf Steiner worked within this publicly acknowledged framework The Class Lessons comprise a complete spiritual course of nineteen fundamental lessons given between February and August 1924 several lessons given at other locations and seven further lessons from September 1924 which take up the themes of the first part of the nineteen lessons in a modified form This authentic accurate and high quality bilingual edition with English and German texts printed side by side is published in conjunction with the School of Spiritual Science at the Goetheanum A compact four volume clothbound set it features plates with Rudolf Steiner's handwritten notes of the mantras and reproductions of his original colour blackboard drawings The translations of the mantric verses have been reworked by a committed group of translators linguists and editors expressing subtleties of meaning grammatical accuracy and poetic style whilst retaining the original sound and metre of the German mantric forms Three versions of the existing English translations are also included

From the Course of My Life Rudolf Steiner, 2013-09-10 Rudolf Steiner found the spiritual science of anthroposophy and the many practical disciplines that arose from it Eventually he would write his Autobiography although its composition would be interrupted by his unexpected death This volume is an essential complement to Steiner's unfinished autobiography It gathers a wealth of personal testimonies lectures r sum s notebook entries a questionnaire and biographical notes written for douard Schur much of which has not been previously published in English

On Philosophy, History, and Literature Rudolf Steiner, 2024-01-16 Author's summary and summaries of 34 lectures 1901-1905 with reports on Rudolf Steiner's activity in the Giordano Bruno Association 1902 CW 51 Steiner's approach was at first a surprise for the students who had been schooled in Marxist thought and tended to view all spiritual matters as byproducts of material economic processes For them it was questionable whether the spiritual striving of individual human beings could really be a driving force in history Steiner knew the soul disposition of his students and the inexpressibly tragic situation that the proletariat's intense desire for knowledge had so far been satisfied only through the grossest form of materialism But the materialistic ideas that had been absorbed by the workers from popular scientific

literature and from Marxist writings contained partial truths introduction Wide ranging illuminating and entirely unique in Rudolf Steiner s Collected Works this volume consists of lectures given at the Worker Education School and at the Independent College in Berlin along with a lengthy appendix on Steiner s activity in the Giordano Bruno Association Concerning his teaching activities in the Worker School Steiner later reflected in his autobiography I had to find a completely different way of expressing myself than I had become used to until then p 193 This was due largely to his students working class background Steiner s new approach involved allowing idealism to arise from materialism The result was the foundation for what he called historical symptomatology that is the study of the deeper causes behind history through their symptomatic expression in concrete historical events This volume is therefore an exceptional resource for anyone interested in Steiner s approach to history Steiner s lectures at the Independent College which form part two of the volume are concerned on the one hand with the philosophies of the medieval and early modern mystics forming a companion to his book *Mystics after Modernism* CW 7 and on the other with the remarkable figure of Friedrich Schiller Speaking on the occasion of the centenary of Schiller s death Steiner s lectures are a brilliant homage to the great thinker and dramatist brimming with insights into this extraordinary individual and the significance of his contributions for our time The appendix contains unique documents outlining Steiner s work in the Giordano Bruno Association for a Unified Worldview The lively exchange of ideas and Steiner s unique role within the Association are evident in the selected lectures and discussions This book is a must read for both long time students of Steiner s work and newcomers seeking a fresh enlivened and enlivening approach to philosophy history and literature On Philosophy History and Literature is a translation from German of *Über Philosophie Geschichte und Literatur Darstellungen an der Arbeiterbildungsschule und der Freien Hochschule in Berlin* Zusammenstellung edition Rudolf Steiner Verlag Dornach 1983 GA 51

Biography: Freedom and Destiny Rudolf Steiner, 2013-04-03 The path of an individual human life our biography is something of a mystery Despite the abundance of published biographies and autobiographies of celebrities and historical figures the scientific study of human biography remains in its infancy with little understanding of the inherent laws in the path of an individual s life Yet as Rudolf Steiner shows here every biography

regardless of the individual's fame perceived importance or outer success is ruled by archetypal influences patterns and laws. This broad ranging anthology addresses some critical and as yet unanswered questions: What effects do education and in particular contrasting education methods have on later life? How do the various periods of life relate to each other? Do the effects of events on the individual become evident immediately or is their true impact delayed perhaps by decades? To what extent can an individual shape the stages of his or her biography? How much freedom of choice do we have and how much of life is predetermined? Out of the higher knowledge Rudolf Steiner acquired from his spiritual research he described the human individuality as a being with a continuing existence before birth and beyond death. This eternal being experiences many varied conditions and situations the effects of which are observable in our biography. This book addresses these and other issues such as freedom and destiny the effects of heredity illness and the impact of education offering answers based on a profound knowledge of the human being.

The Life and Work of Rudolf Steiner Guenther Wachsmuth, 1995-06. Zanoni first published in 1842 was inspired by a dream. Sir Edward a Rosicrucian wrote this engaging well researched novel about the eternal conflict between head and heart between wisdom and love played out by the Rosicrucians before the dramatic background of the French Revolution. He described his book Zanoni as a truth for those who can comprehend it and an extravagance for those who cannot. Following his introduction the novel is divided into seven parts whose titles indicate the sevenfold path of spiritual development. The fourth section The Dweller of the Threshold is the book's centerpiece revealing significant esoteric facts and experiences. A novelist a dramatist a scholar an editor and an active member of Parliament Sir Edward was an extremely successful author whose writings were widely read throughout England and Europe. He poured into this esoteric work all of the ancient esoteric wisdom that he felt he could reveal to the public during an age buried deeply in materialism. This work remains one of the great pioneering landmarks of esoteric writing.

Library of Congress Catalogs Library of Congress, 1978. *Life in a Jewish Family: An Autobiography, 1891-1916 (The Collected Works of Edith Stein, vol. 1)* Edith Stein (Teresa Benedicta of the Cross), 2017-11-24. This initial volume of the Collected Works of Edith Stein offers for the first time in English the unabridged biography of Edith Stein Teresa Benedicta of the Cross depicting her life as a child and young adult. Her text ends abruptly because the Nazi SS arrested then deported her to the Auschwitz concentration camp in 1942. The ebook version contains a fully linked Index Map and List of Places. Edith Stein is one of the most significant German Jewish women of the 20th century. At the age of twenty five she became the first assistant to Edmund Husserl the founder of Phenomenology. She was much in demand as a writer and lecturer after her conversion from atheism to Catholicism. Later as a Discalced Carmelite nun she maintained her intellectual pursuits until she like so many others became a victim of the Nazi persecution that raged across Eastern Europe. By making this landmark work available in English the Institute of Carmelite Studies provides an eye witness account of persons and activities on the scene at the time when psychology and philosophy became separate disciplines. In addition to photographs and a map this volume is enhanced

with a preface the foreword and afterword notes and a list of places associated with Edith Stein's life. It is our aim that these together with Edith Stein's text may help bring into relief the many background details of the rich autobiographical work she has left us. Chosen Best Spirituality Book of 1986 by the Catholic Press Association. *Rudolf Steiner, Fragment of a Spiritual Biography* Sergei O. Prokofieff, 2020-11-16. Underlying Sergei O. Prokofieff's life's work was a fundamental research theme to which he returned repeatedly: the individuality of Rudolf Steiner as manifested through his past incarnations on Earth. Beginning in 1982, inspired by a visit to an exhibition on The Epic of Gilgamesh, Prokofieff planned a full-scale spiritual biography with the intention of finding an answer to the question: Who is Rudolf Steiner? In a sequence of five past incarnations as indicated by Steiner himself and culminating in the life of Rudolf Steiner, Prokofieff searched for the inner thread between the six stages of this great all-encompassing life. His intention was to find not only the outer connections in this sequence but also the deeper, more esoteric stream that offers the key to the unique significance of this individuality. In 1984, Prokofieff began to write the first chapter about Rudolf Steiner's incarnation as Enkidu in Sumer. Sadly, many obstacles in his path were to prevent him finalising the project. However, the author returned to the book in his final months, preparing a Preface that outlines its conception together with a summary chapter on Rudolf Steiner's evolutionary journey. This precious fragment of a biography features valuable additional material including a full introduction to the relationship of the anthroposophical movement to other occult streams of esoteric Christianity and their Masters; a detailed spiritual/scientific interpretation of the Epic of Gilgamesh that establishes Rudolf Steiner's connection with the being of Jesus of Nazareth; and an exploration of Steiner's relationship to the Nathan soul, the Luke Jesus child. Serious students of anthroposophy will welcome these final writings from the pen of one of Rudolf Steiner's most faithful and insightful disciples.
