Trilogy, Book Two Wayne Kyle Spitzer, 2022-09-24 First came the time storm which erased half the population Then came the dinosaur apocalypse How did it all begin That depends on where you were and who you ask In some places it started with the weather which quickly became unstable and began behaving in impossible ways In still others it started with the lights in the sky which shifted and pulsed and could not be explained Elsewhere it started with the disappearances one here a few there but increasing in occurrence until fully three quarters of the population had vanished Either way there is one thing on which everyone agrees it didn't take long for the prehistoric flora and fauna to start showing up often appearing right where someone was standing in which case the two were fused spliced amalgamated It didn't take long for the great Time displacement called the Flashback which was brief but had aftershocks like an earthquake to change the face of the earth Nor for the stories some long and others short some from before the maelstrom and resulting societal collapse and others after to be recorded Welcome to the world of the Flashback a world in which man's cities have become overgrown jungles and extinct animals wander the ruins You can survive here if you're lucky and if you're not in the wrong place at the wrong time which is everywhere all the time But what you'll never do is remain the same for this is a world whose very purpose is to challenge you for better or for worse It is a world where frightened commuters will do battle with murderous bikers even as primordial monsters close in and others will take refuge in an underground theme park only to find their worst enemy is themselves Where ordinary people never do wells on a cross country motorcycle trip a woman on a redeye flight to Hell a sensitive boy stricken with visions of what's to come will find themselves in extraordinary situations and a gunslinger and his telekinetic ankylosaurus will embark on a dangerous quest A world where travelers will be trapped with an unravelling President of the United States and a band of survivors will face roving packs of monsters and men in post apocalyptic Seattle where rioting teenagers will face deadly predators as well as their own demons while ransacking the nation's capital where a Native American warrior will seek to bury his past and offer an elegy for all the Earth in what remains of Las Vegas In short it is a world where anything can and will happen So take a deep dive into these loosely connected tales of the Dinosaur Apocalypse each of which can be read individually or as a part of the greater saga tales of wonder and terror death and survival blood and beauty Do it today before the apocalypse comes

A Devil's Dictionary Wayne Kyle Spitzer,2019-07-30 An omnibus of science fiction fantasy and horror stories from Wayne Kyle Spitzer author of the Witch Doctor and Dinosaur Apocalypse series It is raining That s the first thing I notice the first thing that tells me I am no longer in the cockpit The second is that I m bleeding bleeding from the leg which is making it difficult to press the attack The third is that I m dying as is my opponent dying beneath a blood red sky It is finished he says stumbling forward and back his blood flowing freely his hair matted in sweat Look at you Your broadsword is shattered Your armor is compromised Why is it you continue But I do not know why I continue only that I was a Crash Diver once and will be so again and so must face the vision endure its consequences Endure them so that future generations may bridge the gulf of galaxies At last I say Are you better off We die together Sir Aglovere Surely you But I am baffled by my own voice so familiar and yet strange and by my own words which have materialized from nowhere And then he is charging hacking at me wildly and I am

forced back along the hedgerow until I lose my footing over a protruding root and topple headlong into the mud and bramble whereupon my opponent falls on what's left of my sword and is promptly run through his entrails unspooling like loops of linked sausage and his eyes turning to empty glass At length he says We kill ourselves and laughs even as I push him off me And then we just lay there staring at the sky neither of us saying anything as our blood pools together and spirals down the slope As the clouds continue to rumble pouring rain into our dying eyes **The Midnight Country** Wayne Kyle

Spitzer, 2022-02-04 In retrospect I wish I'd continued recording for what I saw in that instant is difficult to describe even now Suffice it to say that it had a body like that of a manta ray upon whose tail the balloonist had been impaled or a manta ray combined with a bat albeit huge and that it was covered with a kind of camouflage which reminded me of pictures I'd seen of Jupiter just a roil of purples and pinks and browns I suppose that was when it first hit me the possibility that there might be a connection between this thing and the Jupiter 6 probe That the probe might have brought something back even if it had just been a sprinkling of microbes on its surface And then there was an explosion somewhere above us the concussion of which rocked our balloon and we all looked up to see Gas Monkey my God it was like the sun on fire and yet that wasn't all we saw for as it dropped it became evident that there were more of the bat manta ray things attached suckling it as it fell crawling upon it like flies Then it passed us like some kind of great meteor its occupants shrieking and calling out and was gone below the heat of it still painting our faces its awful smell which was the smell of rotten eggs filling our nostrils And then we were just drifting all of us crouched low in the basket and the only sounds were those of Karen sobbing and my own pounding heart
