Collins, Gavin Jones, 2023-05-25 This Companion offers students and scholars a comprehensive introduction to the development and the diversity of the American short story as a literary form from its origins in the eighteenth century to the present day Rather than define what the short story is as a genre or defend its importance in comparison with the novel this Companion seeks to understand what the short story does how it moves through national space how it is always related to other genres and media and how its inherent mobility responds to the literary marketplace and resonates with key critical themes in contemporary literary studies The chapters offer authoritative introductions and reinterpretations of a literary form that has re emerged as a major force in the twenty first century public sphere dominated by the Internet

When We Were Wolves Jon Billman, 2009-07-01 If you could have been around a hundred and fifty years ago and passed through the landscape as a beaver trapping tough with Jim Bridger or Jedediah Smith before coal barons before soda ash and oil before Mormons before you could stand outside and watch satellites pass through the night sky or silhouettes kissing in warm apartment windows when this history was wild and new you could have just pointed and named something of permanence a mountain a river at least a creek after yourself Or they would have named it for you a permanent mark just for being here From a new talent that Annie Proulx has called an important emerging writer comes a surprising and expansive collection of stories steeped in the lore of the frontier but unmistakably fresh and of our time When We Were Wolves roams over a West we never knew existed colonized by rogues and tricksters Custer impersonators firefighters with a weakness for arson and the other rootless folk who come to rest under the vast and forgiving desert sky Jon Billman writes about accidental lives people who are trapped in unsuitable marriages impossible situations but who handle them with the odd

grace of those who are determined to live by their own strange code He mingles the skewed humor of David Sedaris with the loping rough edged appeal of Tom McGuane This is a beguiling new entry on the map of American fiction *New Serial Titles* ,1997 A union list of serials commencing publication after Dec 31 1949 *Library Journal* Melvil Dewey,Richard Rogers Bowker,L.
