Raising the Bar Kathryn Graham, Ross Homel, 2012-12-06 This book provides a definitive review of knowledge about bar room environments and their regulation and provides directions for the prevention of aggression, violence and injury in and around public drinking establishments. It shows why drinking establishments are high risk for aggression, why some establishments are riskier than others, the effectiveness of existing interventions and policies and the importance of better regulatory models for achieving safer drinking establishments. The authors emphasise the need to understand the problem and to tackle it through evidence-based preventive strategies, providing a detailed review of the nature of problem behaviours within the specific context of public drinking establishments while recognising that these establishments are businesses that operate in diverse communities and cultures. Special attention is paid to the difficulties in implementing and sustaining effective interventions within the kinds of regulatory structures and political and economic climates that currently prevail in western countries. The book draws upon the authors' extensive experience with observational, interview and intervention research related to reducing aggression and injury in drinking establishments as well as their knowledge of the alcohol field and of prevention, policing and regulation more generally.

Serving up Hope and Freedom Mae A. Kendall, 2007-06-22 More than sixty-five years after the end of the American Civil War African Americans still dealt with the debilitating poverty of sharecropping and the Depression and the violence of the Ku Klux Klan during the 1930s. Two African American brothers, James and Robert Paschal, persevered despite these limitations and realized their dreams through years of hard work and determination. *Serving Up Hope and Freedom* is the moving true story of the Paschal brothers from Georgia. Fighting against the odds of a sharecropping life, James and Robert went on to become millionaires, philanthropists, world renowned restaurant/hotel owners and leaders in the struggle for civil rights. As told by James Paschal, this memoir showcases the brothers' extraordinary devotion to making a difference in the world, inspiring others to tap into the unlimited power of their dreams. Their legacy will continue to provide hope, inspiration and encouragement for future generations.
