The Preface: The root of human spirituality is grounded in four elements: earth, water, fire, and air. They are common to all people, and almost every spiritual path. They are the keys to our understanding of Spirit, and they can help you achieve personal fulfillment and reconnection with others. This inspiring guidebook explains the role of the elements in different faith traditions and how they've been incorporated into religious practices and ceremonies. You will be encouraged to explore your own spiritual connection to the elements through engaging activities, enlightening meditations, and evocative poems and prayers.
