fortitude mental and physical health and creative affiliations Such alliance building Molly McGlennen tells us continues in the poetry of Indigenous women who use the genre to transcend national and colonial boundaries and to fashion global dialogues across a spectrum of experiences and ideas One of the first books to focus exclusively on Indigenous women's poetry *Creative Alliances* fills a critical gap in the study of Native American literature McGlennen herself an Indigenous poet critic traces the meanings of gender and genre as they resonate beyond nationalist paradigms to forge transnational forms of both resistance and alliance among Indigenous women in the twenty first century McGlennen considers celebrated Native poets such as Kimberly Blaeser Ester Belin Diane Glancy and Luci Tapahonso but she also takes up lesser known poets who circulate their work through social media spoken word events and other nonliterary forums Through this work McGlennen reveals how poetry becomes a tool for navigating through the dislocations of urban life disenrollment diaspora migration and queer identities McGlennen's Native American Studies approach is inherently interdisciplinary Combining creative and critical language she demonstrates the way in which women use poetry not only to preserve and transfer Indigenous knowledge but also to speak to one another across colonial and tribal divisions In the literary spaces of anthologies and collections and across social media and spoken word events Indigenous women poets are mapping cooperative alliances In doing so they are actively determining their relationship to their nations and to other Indigenous peoples in uncompromised and uncompromising ways

Moore,2020-04-01 The founding idea of America has been based largely on the expected sweeping away of Native Americans to make room for EuroAmericans and their cultures In this authoritative study David L Moore examines the works of five well known Native American writers and their efforts beginning in the colonial period to redefine an America and American identity that includes Native Americans That Dream Shall Have a Name focuses on the writing of Pequot Methodist minister William Apess in the 1830s on Northern Paiute activist Sarah Winnemucca in the 1880s on Salish M tis novelist historian and activist D Arcy McNickle in the 1930s and on Laguna poet and novelist Leslie Marmon Silko and on Spokane poet novelist humorist and filmmaker Sherman Alexie both in the latter twentieth and early twenty first centuries Moore studies these five writers stories about the conflicted topics of sovereignty community identity and authenticity always tinged with irony and often with humor He shows how Native Americans have tried from the beginning to shape an American narrative closer to its own ideals one that does not include the death and destruction of their peoples This compelling work offers keen insights into the relationships between Native and American identity and politics in a way that is both accessible to newcomers and compelling to those already familiar with these fields of study Gale's Cabinet of Knowledge; Or, Miscellaneous Recreations.
