provides a synchronistic table of the Armenian Persian and Greek kings until the annihilation of the Persian kingdom. The third part consists of 38 chapters. Along with a brief description of the deeds of the Persian kings and the destruction of the Persian kingdom, it reports the constant power struggles among the Armenians that split them into two main sections: one serving the Greeks, Byzantines, and another the Persians. There were also the Armenians who left both to serve the Turkic Khagan and later the Arab invaders. Like Movses Khorenatsi, Sebeos was very honest in relaying the historical matters and did not sugar coat the facts pertaining to the Armenian people. He noted that due to their short lived allegiances and love hate relationships with the Greek, Persian, and Turkic powers, the Armenians were deemed to be troublemakers. In his letter to the Persian king, the Greek king suggested getting rid of the Armenians by sending them away from their lands. This is a stubborn and rebellious people. They live among us and stir up trouble. Let us do this. I shall assemble mine and send them to Thrace; you too gather yours and order them to be taken to the east. For if they die, then the enemies will die, and if they kill anyone, they will kill the enemies, and we will live in peace. As long as they remain in their own country, we cannot rest until then. Part III, ch 6. Sebeos did not mince the words about the Armenians who escaped the Ismailite slavery in lieu of their slavish obedience to the Greeks. According to Sebeos, the Armenians were known as the Haiots both to the Persian and Greco-Byzantine kings. Part III, ch 2. The Armenian historian revealed a little known fact about the Turkic mother of the Persian King Ormizd. After the death of Khosrow, the son of Kavat, his son Ormizd reigned over Persia. His mother Kaen, the wife of his father Khosrow, was the daughter of the khagan, the great king of the Tatars. Part III, ch 3. The Tatars were a Turkic nation known as the Khazars who later resettled to the territory currently known as Ukraine, established the kingdom of Khazaria, and converted to Judaism. The word Khagan means the great king in Turkic. The creation of Sebeos was considered completely lost for a long time. The Armenian Archbishop Shakhmatuni was the first to find it in the dusty cellars of the Echmiadzin library. Since 1851, when the book by Sebeos was published as *History in Constantinople*, it has become available to all Armenists, some of whom had already used it in their writings. Other scholars also employed it, citing quotations from it, so that the work by Sebeos in a short time became indispensable for students of the history of the East of the 6th-7th centuries.
